Tritica S&H

DOCTOR

IS IT NOT SO?

S AND H

"No class of ailments are so annoying and difficult to reach, and yet so prevalent, as thos affecting the urinary organs. This is especially true of many men of middle age, and more s among those of sedentary habits."

"There is not a physician with even a moderate practice who has not at least one or more case of Cystitis, Urethritis, or some allied trouble."

"The remedies that have been popular for many years, such as Buchu, Uvi Ursi, Juniper, Cu bebs, Acetate of Potassium, etc., do not prove curative, but only either temporarily alleviate or ren der no relief at all."

That you may relieve this large class of sufferers, we offer you *Tritica*, which you will fin gives prompt relief in *Retention of Urine*, is unequaled in *Pyelitis*, *Cystitis*, *Urethritis*, and a affections of the mucous tissues.

If you have not tried this remedy, we should be pleased to send you a sample for trial.

ESTABLISHED 1855.

DR. STRONG'S SANITARIUM,

SARATOGA SPRINGS, N. Y.

Receives persons recommended to it by their home physicians for

TREATMENT, CHANGE, REST OR RECREATION,

and places them under well-regulated hygienic conditions, so helpful in the treatment of chronic invalids, or the overtaxed.

For Treatment.—In addition to the ordinary remedial agents, it has a Sun Parlor and Promenade on the roof. Turkish, Russian, Roman, Sulphur, Electro-Thermal, the French Douche, and all Hydropathic Baths; Vacuum Treatment, Swedish Movements, Massage, Pneumatic Cabinet, Inhalations of Medicated, Compressed and Rarefied Air, Electricity in various forms, Thermo-Cautery, Calisthenics and Saratoga Waters, under the direction of a staff of educated physicians.

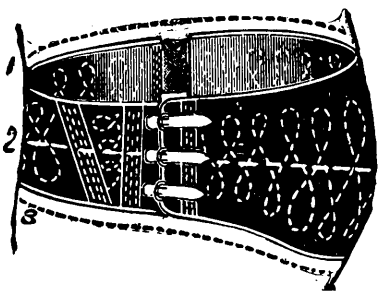
For Change.—This Institution is located in a phenomenally dry, tonic and quiet atmosphere, in the lower arc of the Adirondack zone, and within the "Snow Belt."

For Rest.—The Institution offers a well-regulated, quiet home, with elevator, electric bells, open fire-places, steam, and thorough ventilation. With cheering influences and avoiding the depressing atmosphere of invalidism.

For Recreation.—To prevent introspection, are household sports at all seasons of the year. In winter, tobogganing, elegant sleighing, etc.; in summer, croquet, lawn tennis, etc.

Private professional references furnished upon application. Physicians are invited to inspect the Institution at their convenience.

A liberal discount to physicians and their families.



An annex has been added containing as elegant and complete Turkish and Russian Baths as were ever constructed.

For Illustrated Circular, address

DR. S. E. STRONG,
THE SANITARIUM, 90 Circular Street.

THERMO-ELECTRIC RINGS AND BANDS.

THE ORIGINAL AND BEST. THEY CURE AND PREVENT

Neuralgia, Sciatica, Paralysis, Nervousness, Sleeplessness, Heart Failure, Numbness, Sore and Stiff Joints, Headache, Indigestion, that Tired Feeling.

Its power lasts for years and never weakens by use. It acts at once. No sensation. No matter what part of the body is affected, **it Cures You, that's the Idea.**

Our Dr. Edison's Electric Bands and Belts for Lame Backs and Kidney Troubles, Etc., at $2.00 and $3.00 each.

CAUTION.—After you have decided to try the great wizard's principle of using electricity, don't be switched off. Stick to the best, ten years older than any other ring.

PHYSICIANS PRESCRIBE

DR. EDISON'S OBESITY FRUIT SALT.

A FRUIT LAXATIVE.

In all cases of Obesity where there is a tendency to constipation, it should be taken in connection with the DR. EDISON OBESITY PILLS, or OBESITY BANDS, or may be taken with both. A specific in Dyspepsia, Rheumatism, Fevers, Headaches and all forms of Biliousness. Has a beneficial action in cases of Obesity when the stomach is weak and the kidneys and liver inactive. Unlike other salines, instead of lowering the system it invigorates it, and may be used in any condition as a refreshing and sparkling draught.

DOSE.—One to two teaspoonfuls in a tumbler of water as needed or desired.

The Price is $1.00 per Bottle. One bottle should last 20 to 30 days. Sold at our stores. Your druggist will supply you.

Send all mail, express or C. O. D. orders to us, and we will forward goods promptly to any locality in the country.

COMPOSITION OF OBESITY FRUIT SALT.

$NaHCO_3$,	74.52 parts.	K_2SO_4,	.64 parts.	$H_2C_4H_4O_6$.	56 00 parts.

DOCTOR

A PHYSICIANS' VISITING List Formulary of Standard MEDICATED Lozenges and other pharmaceutical specialties, manufactured by John F. Hancock, Pharmaceutical Chemist, Baltimore, Md., will be mailed to you for reference, if you will write for it, giving your full address and mentioning this Publication.

The price of AROMATIC LIQUID PEPSIN, HANCOCK, has been reduced, which removes the only objection ever offered to this efficacious preparation.

Hancock's Guaiacum Lozenges, formulated by the late Sir Morell Mackenzie, M. D., of London, Eng., are recognized by physicians as being superior to all other Guaiacum Lozenges on the market, and are a convenient and pleasant means of administration. Hancock's Lozenges are made especially for physicians and in strict conformity with the select formula employed. Physicians, in prescribing them, should specify HANCOCK.

CAMPHO-PHÉNIQUE

($C_8 H_{11} O.$)

FOR PROFESSIONAL USE ONLY.

LOCAL ANÆSTHETIC, ANTISEPTIC,

GERMICIDE AND PARASITICIDE.

ABSOLUTELY NON-IRRITANT.

A TRUE CHEMICAL COMBINATION OF

REFINED CAMPHOR AND PURE CHLOROPHENIC ACID.

IT PREVENTS SUPPURATION IN FRESH WOUNDS, whether incised or lacerated, and controls it in wounds in all stages.

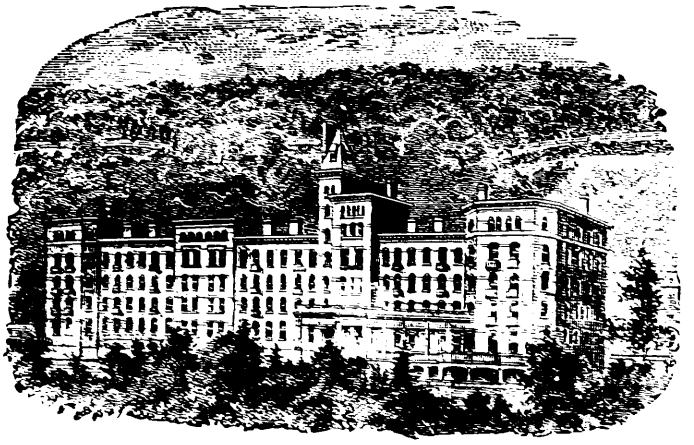
ITS LOCAL ANÆSTHETIC PROPERTY *abolishes* or obtunds PAIN almost immediately, two qualities which, combined, make it the MOST EFFECTIVE ANTISEPTIC VULNERARY and DRESSING yet offered to the Medical Profession.

CHLORO-PHÉNIQUE.

($C_6 H_4 (OH) Cl$)

A CHEMICAL COMPOUND OF CHLORIN AND PHENIC ACID. AN ANTISEPTIC AND ANTIZYMOTIC, FOR INTERNAL AND EXTERNAL USE, MISCIBLE WITH WATER IN ALL PROPORTIONS.

DIANIN discovered and investigated the antiseptic properties of compounds of chlorine and phenol, and demonstrated them to be of the very highest order. In CHLORO-PHÉNIQUE we claim that we have the most powerful and valuable antiseptic and antizymotic of the entire series, being certain in action and non-poisonous and non-irritant.



Being soluble in water in all proportions, CHLORO-PHÉNIQUE is offered to the Medical Profession as an agent available in all cases where Bichloride of Mercury and Carbolic Acid have hitherto been used, and superior to either of them, in that it is non-poisonous and non-irritant.

We solicit the most careful and searching examination of its merits. Literature sent free, and samples to any reputable physician willing to pay express charges. Address

PHÉNIQUE CHEMICAL COMPANY.

ST. LOUIS, MO.

HEALTH. REST.

THE

Jackson Sanatorium

AT DANSVILLE, NEW YORK.

(Long known as "Our Home on the Hillside.")

ESTABLISHED IN 1858.

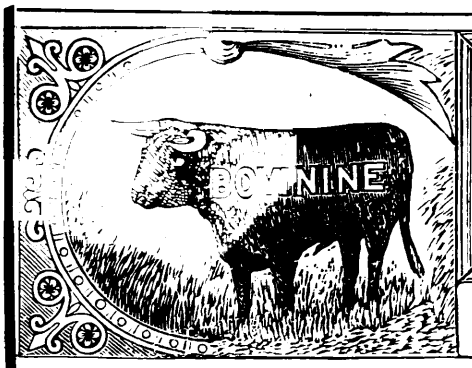
OFFERS an unequaled combination of natural advantages, therapeutic appliances and favorable conditions for the sick and exhausted. It comprises a magnificent main building and twelve cottages, situated in a woodland park on the eastern mountain slope overlooking the attractive valley, town and beautiful hills beyond. Location unsurpassed for scenery, healthful climate, pure air and water. Malaria utterly unknown.

The New Main Building, 300 Feet Long

— AND —

ABSOLUTELY FIRE-PROOF,

is designed to meet every need of the invalid, or seeker of rest and quiet, and is complete in sanitary details. It has light, airy rooms; safety elevator; electric bells throughout; perfect sewerage; extensive appartments for treatment arranged to secure individual privacy; all forms of baths, electricity, massage, etc., scientifically administered—Dr. Taylor's Swedish Movements. The Sanatorium is under personal care and management of a permanent staff of experienced physicians, all graduates of leading regular schools in America. Skilled attendants administer to every need. Here is found comfort without care, and freedom from the taxations of fashionable life, with the helpful influences of a well-ordered Christian home. Culinary Department under the supervision of Mrs. Emma P. Ewing, Superintendent of Chautauqua Cooking School, and leading teacher of scientific and hygienic cookery in the United States.



"The skill of the physicians and nurses has the successful history of years for its endorsement. The religious character of the life in the hillside home is unmistakable.
"REV. CHARLES S. ROBINSON, D. D., New York City."

"Use my name for anything which can serve the interests of the Sanatorium. Do I not owe to it all that I am?
CLARA BARTON, Washington, D. C."

OPEN ALL THE YEAR.

Dansville, Livingston Co., N. Y.

BOVININE

A CONDENSED FOOD

Is the ORIGINAL and ONLY Preparation of RAW FOOD That Does Not Spoil.

A MOST WONDERFUL NUTRIENT.

The vital principles of **Beef Concentrated.** A highly condensed Raw Food Extract. Acceptable to the most delicate taste and smell. Retained by irritable stomachs that reject all other foods. It assimilates more readily than any other food known to the medical profession. Bovinine under the microscope shows the blood corpuscles in their normal condition strongly marked, while in other foods or extracts this vitally important element is destroyed by the action of heat in cooking.

Creates New and Vitalized Blood Faster than any other Preparation. Builds up the System after Severe Surgical Operations. Soothes and Alleviates Ulcerated and Cancerous Conditions of the Digestive Organs.

Nursing Mothers, Infants and Children Thrive Surprisingly by its Use.

"During the last four months of his sickness, the principal food of my father, General Grant, was Bovinine and Milk; and it was the use of this incomparable food alone that enabled him to finish the second volume of his personal memoirs.

"October 1st, 1885. FRED D. GRANT."

☞ Put up in 6 and 12 oz. sizes, at 60 cts. and $1 per bottle. 12 ozs. contain the strength of 10 pounds of meat.

THE BOVININE CO., 65 So. Fifth Ave., New York City.

NATURE'S FOOD.

ESTABLISHED 1848.

READSHAW'S

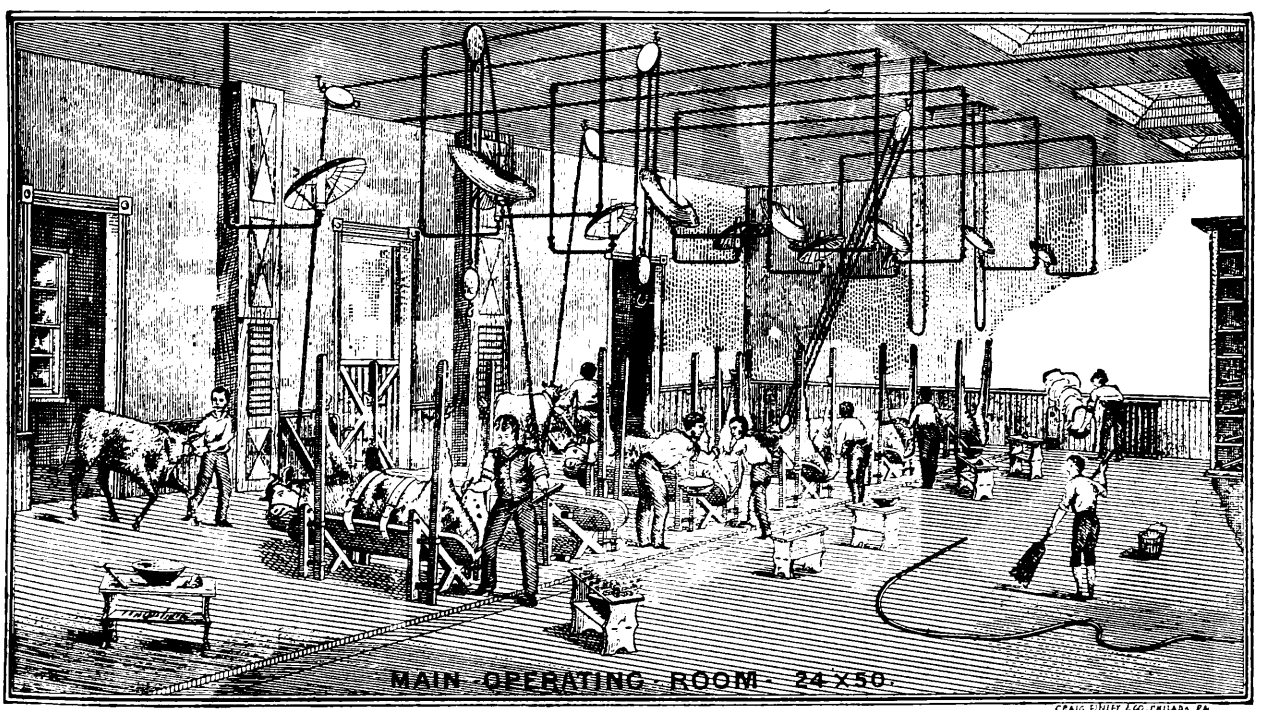
Forest Mills Graham Flour

Warranted a Perfectly Pure Wheat Meal.

PUT UP IN BARRELS AND HALF BARRELS.

Our Flour is used exclusively at The Jackson Sanatorium, Dansville, N. Y.

It is made from the Choicest Selections of Genesee White Winter Wheat, which has a wide reputation for its excellent qualities (being rich in gluten and phosphates), and, containing all the essential parts of the *entire wheat kernel*, is always uniform in quality. It is quieting to the *Nerves*, *Aids Digestion*, *Keeps the Blood Cool*, and assists nature in various ways to keep the human system in a healthy condition. What better food could be asked for by the Nervous, Constipated and Dyspeptic? It is therefore invaluable as a food for the *Brain* and *Muscle Worker*, the *Nervous*, the *Dyspeptic*, the weak and worn-out. We do not grind until after an order is received, thus assuring you of a fresh-ground flour always, which is a great desideratum.



Be careful to purchase only that which is branded "Readshaw's Forest Mills Graham," with the name E. H. READSHAW on sack or barrel, and take no other, as this is the original and *only genuine* Forest Mills Graham. Send for circulars and price-list of cereal products to the manufacturer,

E. H. READSHAW, Dansville, N, Y.

The New Scientific Method of Operating for Piles, Fissure, Ulcer, Fistula, Etc.

DR. ALCINOUS B. JAMISON, of No. 41 West Twenty-Sixth St., NEW YORK,

Takes the opportunity to announce to the profession and public that he makes a speciality of treating Hemorrhoids and other diseases of the rectum, and has had twelve years' constant practice in his specialty.

That he has a large variety of speculæ and other instruments for examining and treating the diseases of the rectum, that have hitherto been unknown to the profession, and by them he is enabled to treat the worst form of rectal diseases without the use of chloroform or ether, and without cutting and ligating hemorrhoidal tumors, as has hitherto been the practice of the profession.

That he treats Piles, Fissures, Ulcerations, Fistulæ, etc., and performs remarkable cures, causing but little pain, and allowing patients to attend to their ordinary daily duties while undergoing treatment.

Any physician having patients of this kind that they would like to have scientifically and successfully treated, will be safe in referring them to the undersigned, who will be happy to send an illustrated book explaining the treatment to any member of the profession.

STANDARD

1 TO 6000.

A SOLUBLE, NON-HYGROSCOPIC, INODOROUS, PERMANENT PEPSIN.

DOSE: 1-8 TO 2 GRAINS.

The Webber-Pepsin will completely digest 6,000 times its weight of coagulated egg-albumen in accordance with the conditions of the U. S. P. test or that of the National Formulary.

Although further investigations. based upon the Webber process, have enabled us to produce Pepsin capable of digesting from 20,000 to 30,000 times its weight of coagulated egg-albumen, we have adopted 1 to 6000 as our standard for the Webber-Pepsin, because this already far exceeds the digestive power of any other Pepsin yet introduced, and especially because the production of a Pepsin of a still higher digestive power disproportionately increases its cost.

The Webber-Pepsin is offered in Granular form and in scales, but, unless otherwise specified, we invariably furnish the GRANULAR form.

ERGOTOLE, S. & D.

is a CONCENTRATED (2½ grs. of select Spanish Ergot to each minim)

PURIFIED (all inert and irritating matter is removed)

PERMANENT (it *keeps* perfectly without deterioration)

LIQUID PREPARATION OF ERGOT that

DOES NOT PRODUCE NAUSEA

when given by the mouth, and does not produce irritation or abscess when exhibited *hypodermically*.

We will send samples and literature.

WE ALSO MANUFACTURE ALL THE OFFICIAL AND OTHER STANDARD

FLUID, SOLID AND POWDERED **EXTRACTS**

PURE CHEMICALS, ELIXIRS, SYRUPS, WINES,

Soluble Gelatin-Coated and Sugar-Coated Pills, Soluble Hypodermic Tablets, Granular Effervescent Salts, Tablet Triturates, Etc.

MALTED MILK

Is a combination of rich cow's milk and an extract of malted grain evaporated to dryness in vacuo. It is a complete food, containing all the elements of nutrition in a soluble and easily digested form. . . . . .

FOR INFANTS,

Deprived of their natural supply, MALTED MILK is offered as the nearest artificial approach to mother's milk. It is perfectly sterilized, contains no starch, requires no cooking or the addition of too often impure or diseased milk. The albumen of the cow's milk is partially digested with plant pepsin, obtained by our special process of malting the cereals.

FOR INVALIDS,

Or those suffering from Typhoid Fever, Pneumonia, Phthisis and other wasting diseases, no better diet could be found. It is the ideal milk diet, superior to raw milk or beef extracts, easily prepared and acceptable to the weakest stomach. . . . . .

Trial packages sent on application to

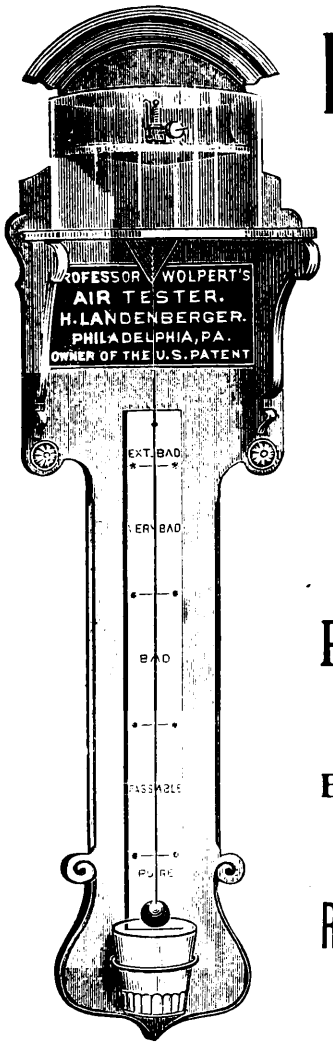
MALTED MILK CO.,

London, Eng. Racine, Wis.

INTRODUCTORY.

In presenting to the public, this, the third edition of the Medical and Surgical Register of the United States, the publishers feel confident that it will be found equally as correct and comprehensive as former issues, and they offer its contents to its patrons with a confidence, based on the knowledge, that they have endeavored to fulfill their obligations in all respects, as publishers. The high standard of excellence uniformly maintained by the publishers in the production of their works, has become a guarantee that the public may expect full satisfaction, and no pains have been spared in the present instance to maintain the promises of former years.

The general plan of the work is similar to previous issues, the main feature being the list of physicians and surgeons of the United States, arranged by States and Territories, compiled alphabetically by city, town or village, and showing, as far as obtainable, the school of medicine practiced, the college from which each physician graduated and the class year of graduation. In order to make the work a standard one and one of practical utility, accuracy is essential. To attain this result, no information in the previous volume was taken for granted, but each individual physician whose name appeared was called upon or addressed through the mails to obtain information regarding his or her college of graduation and date of same, etc. The information so obtained has been, as before, checked by the alumni list of the college claimed. Wherever any discrepancy was found, explanation was asked by mail both of the claimant and the college. It will be at once apparent that in a work of such magnitude this entailed a vast amount of correspondence as well as delay. When it was seen that to fully carry out the original plan, the publication of the book would be retarded, it was, of course, not deemed advisible in any way to impair its completeness for the sake of expediting its appearance.



The Register contains the names of over 105,000 physicians practicing medicine within the United States and the Territories. Irrespective of pathy, these are conveniently arranged alphabetically by State, and postoffice. Each name is accompanied by all the information obtainable regarding place and time of graduation. In large cities even the street and number are given, and in all cases the population of the place. To avoid the enormous bulk that would have resulted from giving the full name of the college, and school of medicine practiced, a convenient and intelligible system of symbols was adopted, which is fully explained in a foot-note on each page. At the commencement of the list for each State and Territory is a good descriptive article, embodying such matters as location, boundaries, extent in miles and acres, latitude and longitude,

statistics regarding climate, temperature, population, rate of mortality, number of deaths from consumption, the names and locations of the best known mineral springs, all medical and charitable institutions, medical societies, and the full text of all State laws relating to the profession. In addition to this complete directory, the 100,000 names are repeated without addresses, arranged alphabetically, accompanied only by figures, whereby the reader can readily find each name in its appropriate place in the directory proper. This list will prove of great convenience, as it will enable any one to find the present location and address of any physician in the United States whose name he knows. It will bring many old friends into communication who have lost track of one another since graduation, and possibly in some cases discover the whereabouts of others who would prefer to remain concealed.

Preceding the directory of names are departments prepared with great care, giving full lists of all medical colleges, either existing or extinct, in the United States and Canada, of officers of the medical departments of the United States army, navy, marine hospital service and pension department, and a complete directory of the medical journals of the United States. All errata and the names of physicians, societies, institutions, etc., received too late for publication in the body of the book, will be found in the appendix, pp. 1936–1942.

The publishers desire to thank all those who have assisted them during the compilation of the work, and would refer specially to their obligations to the officers of the different medical colleges in the Union, who have rendered invaluable service in perfecting the contents of this volume; and, in conclusion, would state that it is intended that the publication shall be regularly issued, and in accordance with that intention a fourth edition of the work will appear in due course, in which improvements and additions will be made.

NOTE.—Special attention is called to the fact that the symbol, an asterisk (*), meaning "no report received in answer to inquiry regarding graduation," was only used after the most thorough research of the alumni lists of all existing colleges had failed to yield any particulars, and does not at all imply that the physician after whose name it appears is a non-graduate. Numbers are doubtless so designated who are graduates and prominent in their profession, but the publishers found it impossible to secure any data regarding their graduation.

THE MEDICAL WORLD

is devoted chiefly to the treatment of prevalent diseases, from the experience of American practitioners. Thus, through the medium of its columns, practitioners in all parts of the country help each other, and receive help from each other. This mutual helpfulness is not only of great service to readers, but it also makes them feel that THE MEDICAL WORLD is THEIR OWN—that it belongs TO THE PROFESSION. This perhaps explains their attachment to it, and, together with its VERY LARGE circulation, explains why advertisers get such satisfactory results from the use of its pages. For sample copies (free), advertising rates, full statement of circulation, etc., address

DRS. STARKEY AND PALEN

COMPOUND OXYGEN

NOT A DRUG

1529 Arch Street, Phila'a, Pa.

HERE ARE A FEW

STEEL-EDGED FACTS.

We have been engaged in the manufacture and dispensing of Compound Oxygen more than twenty-two years. The last few years a swarm of imitators have sprung up all over the country. Some of them have the effrontery and dishonesty to use the title of our remedial agent, our literature, and even our testimonials. But for our great success, no one of these would ever have been heard of.

Trying to establish a claim to superiority for their agent, some of them sent it out in gaseous form, in cylinders. We challenge the world to show such a brilliant record of cures as we can produce, resulting from the use of our "Home Treatment" alone. We have explicit records of 60,000 cases; a very large proportion of which have been either cured or much benefited.

Among our patrons we number 1,000 M. D's.; no one of whom has given notice of disappointment in results.

COMPOUND OXYGEN TREATMENT.

Here are a few lines of indorsement from various physicians who have used the Compound Oxygen Treatment:

Drs. Starkey & Palen, 1529 Arch St., Philadelphia, Pa.

Having observed the benefits of your Compound Oxygen Treatment in asthma, I am disposed to recommend it to my patients who suffer from that distressing complaint.

E. WEST, M. D., 111 Washington Place, N. Y. City, N. Y.

Drs. Starkey & Palen, 1529 Arch St., Philadelphia, Pa.

Your Compound Oxygen is all you claim for it, and more, too. Not only in my own case, but in W. B. Hinton's case it has done wonders. We were both given up by our friends and physicians as HOPELESS CONSUMPTIVES; to-day, after two months' use of your Compound Oxygen Treatment, we are almost as well as ever in our lives. Dr. Hicks, a friend of mine, tells me he has used your Compound Oxygen Treatment with the best results. Through the blessing of God it has saved my life and restored me to health.

L. A. PEACOCK, M. D., Smithville, Ga., Jan. 11, 1889.

Drs. Starkey and Palen, 1529 Arch St., Philadelphia, Pa.

I take pleasure in stating that my daughter, who for almost all her life has suffered from bronchial asthma, has received decided benefit from your Compound Oxygen Treatment. JOHN J. MASON, M. D.,

Columbus, Ga., August 13, 1888.

BANCROFT, MO., January 13, 1889.

Drs. Starkey & Palen:

I have ordered about twenty Treatments of your Compound Oxygen for my patients (all of which I regarded as incurable by any means at my command) in the last six years, and in all cases it has given good satisfaction. I have used it in the following diseases: Paralysis, Catarrh, Nervous Prostration, Spermatorrhœa and general debility. All who have used it have been greatly benefited—and some even permanently eured. I regard your Compound Oxygen Treatment as the best remedy within my knowledge.

R. L. GREEN, M. D.

PRAIRIE CITY, OREGON, November 27, 1888.

Drs. Starkey & Palen:

Your Compound Oxygen Treatmemt has helped me very much. F. B. RINEARSON, M. D.

WARNERS, N. Y., September 26, 1888.

Drs. Starkey & Palen:

I have been using your Compound Oxygen with much satisfaction. I have also recommended it to a number of my patients, several of whom have sent for it, and are being benefited. A. G. ANTHONY, M. D.

Drs. Starkey & Palen, 1529 Arch St., Philadelphia, Pa.

Your Compound Oxygen Treatment has done wonders for the patient for whom I ordered it. I am not in the habit of indorsing advertisers, but your Treatment has been of such undoubted benefit to this patient that I gladly indorse it. I recommend it, especially to those who have consumption and kindred diseases. T. M. SHERMAN, M. D.,

Coltharp, Texas, Feb. 9, 1890.

Drs. Starkey & Palen, 1529 Arch St., Philadelphia, Pa.

I have been using your Compound Oxygen Treatment for the last four years in an extensive practice. During this period I have prescribed it in more than fifty cases, and closely watched its effects. It cured me in two weeks, of naso-pharyngeal catarrh, that had hitherto resisted for years all the remedies ordinarily used for such affections.

JOHN S. MCCRAVEN, M. D., Byhalia, Miss.

Drs. Starkey & Palen, 1529 Arch St., Philadelphia, Pa.

If I could speak to every consumptive in the land I would say: "Stop taking drugs and resort to Compound Oxygen." I am willing to answer any and all communications that may be addressed to me in reference to the Oxygen Treatment.

REV. D. MEAD, M. D.

Bakersburg, Pierson P. O., Volusia Co., Fla., Jan. 14, 1889.

KEYSTONE, GA., August 25, 1888,

Drs. Starkey & Palen:

I have used your Compound Oxygen Treatment on two of my daughters for Phthisis (hereditary). One of them derived marked benefit, and I believe her life was prolonged several years. After use the relief was always prompt.

CHAS. N. MAYSON, M. D.

JACKSONVILLE, FLA., January 10, 1889.

Drs. Starkey & Palen:

My wife has been benefited by your Compound Oxygen treatment and will continue to take it.

W. A. SPENCE, M. D.

BENNETTSVILLE, S. C., May 16, 1888.

Drs. Starkey & Palen:

I regard Compound Oxygen as one of the greatest boons to suffering humanity, and speak from some observation, as well as personal experience. Having had a terrible attack of post nasal catarrh, which not only affects body, but mind also, from the use of Compound Oxygen I am now quite another man, and though not fully restored to health, I am in a fair way of recovery. JAMES H. POWE, M. D.

If you would like to know whom the Compound Oxygen Treatment has benefited, all you have to do is to drop a postal containing your name and address, to **DRS. STARKEY & PALEN, No. 1529 Arch Street, Philadelphia, Pa.** Return mail will bring you a brochure of 200 pages, containing a record of results of the compound Oxygen Treatment in cases of Consumption, Asthma, Bronchitis, Dyspepsia, Catarrh, Hay Fever, Headache, Debility, Rheumatism, Neuralgia, and all diseases of a chronic nature.

DRS. STARKEY & PALEN,

No. 1529 Arch Street, Philadelphia, Pa.

120 Sutter St., San Francisco, Cal. 66 Church St., Toronto, Canada. 298 Washington St., Hoboken, N. J.

CAUTION.

Beware of so-called State Medical Directories, copied from our Medical and Surgical Register by irresponsible persons, and palmed off as original publications. This fraud has been perpetrated in various parts of the country, notwithstanding our efforts to prevent it by prosecution under the copyright aw.

To avoid being imposed upon, you should ascertain the standing and responsibility of the publisher before signing an order.

Our friends will confer a favor upon us, as well as the medical profession, by promptly giving notice of any such attempted fraud.

R. L. POLK & CO.

THE

HUNTING

AUTOMATIC WATER = = DISTILLER.

(Patented March 10, 1891.)

This Distiller puts within the reach of all, water of the acknowledged standard of purity, made from steam.

THE GREATEST LIFE-SAVING INVENTION OF THE AGE.

THE following minerals—chlorine, lime, iron, phosphorus, magnesium, potassium, sodium and silica—are known by analysis to compose the basis of the human body. Their existing proportion excites the chemical action which forces the circulation of the blood attract and hold a corresponding proportion of the following gases—oxygen, hydrogen, carbon and nitrogen—the composition of our bodies.

Animal and vegetable foods are made harmonious by the same laws of production which enables our varied appetites to maintain a similar basis.

The continued absorption of foreign and unnatural proportions of minerals with nearly all water which we consume must change the basis or chemical action, thereby producing the most reasonable cause for a large part of the bacterial and the constitutional diseases. We are surrounded with oxygen, but through the lack of power to consume it, death is on every hand. The most scientific means of meeting diseased conditions is to restore the lost chemical force by not absorbing disturbing elements, and by supplying the needed ones, which can be done only by the use of distilled water.

What hope can be entertained for the cure of rheumatism by supplying alkali when the disturbing element is also continued.

The Hunting Automatic Distiller fully meets the demand by placing within the reach of all aërated distilled water.

It is commended by many of high sanitary authority.

Dr. A. N. BELL, Editor of the "Brooklyn Sanitarian," says:

"The still is so simple, and yet so efficacious and easy of adaption, that we take pleasure in commending it to all who may be in danger from the use of polluted drinking water or who are in need of distilled water."

MANUFACTURER AND PATENTEE:

DR. NELSON HUNTING, ALBANY, N. Y.

GEO. F. HARVEY, President. S. A. RICKARD, Sec. and Treas.

The G. F. Harvey Co.,

MANUFACTURING CHEMISTS,

Saratoga Springs, N. Y.

The G. F. HARVEY CO. are the leading Manufacturers in this country who sell their goods direct to Physicians. Their productions include :

Pills, Granules, Hypodermic Tablets, Tablet Triturates, Compound Tablets, Fluid Extracts, Tinctures, Syrups, Elixirs and Other Goods.

They only use the best Drugs and Chemicals, and make a superior quality of goods in their line, and desire Physicians all over the world to become acquainted with their products. Upon application they will cheerfully send price-list to any physician in this country, or the world.

NATIONAL ASSOCIATIONS

AND

SOCIETIES RELATING TO MEDICINE AND SURGERY.

AMERICAN MEDICAL ASSOCIATION.

Organized in New York, May 5th, 1846, under the title of the National Convention; in May, 1847, under a re-organization, it adopted its present name. Delegates are appointed by and from permanently organized State medical societies, and such county and district medical societies as are recognized by representation in their respective State societies, and from the medical department of the army and navy of the United States and United States marine hospital service. Membership in the Association shall be obtainable by any member of a State or County Medical Society recognized by the association, upon application endorsed by the President and Secretary of said society; and shall be retained so long as he shall remain in good standing in his local society, and shall pay his annual dues to the association.

Next annual meeting will be held at Milwaukee, Wis., first Tuesday in June, 1893.

OFFICERS.

President, Hunter McGuire, M. D.....Richmond, Va
First Vice-President, H. O. Walker, M. D.....Detroit, Mich
Second Vice-President, Hawkins Brown, M. D.....Hustonville, Ky
Third Vice-President, Henry Janes, M. D.....Waterbury, Vt
Fourth Vice-President, Jesse Hawes, M. D.....Greeley, Colo
Permanent Secretary, Wm. B. Atkinson, M. D....1400 Pine st., Philadelphia, Pa
Treasurer, Richard J. Dunglison, M. D.....814 N. 16th st., Philadelphia, Pa

---

AMERICAN INSTITUTE OF HOMŒOPATHY.

Founded 1844. Delegates are appointed from permanently organized State societies, such county and district medical societies as are recognized by representation in their respective State societies, from established hospitals, asylums for the insane, dispensaries, from medical journals and from each medical college associated with the Institute. Candidates for membership shall present to the board of censors a certificate of three members of the Institute that the applicant has pursued a regular course of medical studies, according to the requirements of the existing institutions of this country, and sustains a good moral character and professional standing. Such certificate shall state when and where the applicant obtained a diploma. If found qualified, the candidate may be elected a member.

Forty-sixth annual session will be held in 1893 at Chicago, Ill., particular time not determined.

OFFICERS.

President, J. H. McClelland, M. D.....Pittsburgh, Pa
First Vice-President, C. E. Fisher, M. D.....San Antonio, Tex
Second Vice-President, Millie J. Chapman, M. D. .....Pittsburgh, Pa
Genl. Sec., Pemberton Dudley, M. D.....1405 N. 16th st., Philadelphia, Pa
Provisional Secretary, T. M. Strong, M. D.....Boston, Mass

NATIONAL ECLECTIC MEDICAL ASSOCIATION.

Organized in Cincinnati, Ohio, May 25, 1848. It held annual meetings regularly until 1857. Re-organized at Chicago, September 27, 1870. The association consists of permanent members and delegates appointed by local and State societies. Delegates are appointed as follows: Fifteen from every State society subscribing to its principles, two from every local society that is recognized by representation in their respective State societies, and two from each medical college.

Next annual meeting will be held at Chicago, Ill., May 29th, 1893.

OFFICERS.

President, Benjamin L. Yeagley, M. D.....Johnstown, Pa
First Vice-President, Albert Merrell, M. D.....St. Louis, Mo
Second Vice-President, John C. Butcher, M. D.....Urbana, O

Secretary, Hugh M. Taylor, M. D.....Richmond, Va

INTERNATIONAL HAHNEMANNIAN ASSOCIATION.

Organized June 26, 1880. The objects of the association are for upholding and disseminating the principles of Homœopathy, as taught by Hahnemann, shown by the following resolution, adopted at its organization:

Resolved, That as some self-styled Homœopathists have taken occasion to traduce Hahnemann as a "fanatic," as "dishonest," as "visionary," and his teaching as "not being the standard of Homœopathy of to day," that we regard all such as recreant to the best interests of Homœopathy.

Next annual meeting, in or near Chicago, June, 1893.

OFFICERS.

President, Edward Rushmore, M. D.....85 Park av., Plainfield, N. J
Secretary, S. A. Kimball, M D.....124 Commonwealth av., Boston, Mass
Treasurer, Franklin Powel, M. D.....623 Welsh st., Chester, Pa

INTERNATIONAL MEDICAL CONGRESS.

The eleventh International Medical Congress will be held in Rome, Italy, September 24 to October 1, 1893.

OFFICERS.

President, Prof. G. Baccelli.....Rome, Italy
Secretary-General, Prof. E. Maragliano .....Geneva, Switzerland
Treasurer, Prof. L. Pagliani.....Rome, Italy

INTERNATIONAL MEDICAL MISSIONARY SOCIETY.

Founded 1881. Incorporated 1886. Objects—To heal the sick, preach the Gospel in New York and other cities, and to train young men and women to go abroad as medical missionaries.

Next annual meeting in February, 1893.

OFFICERS.

President, Stephen Smith, M. D.....New York, N. Y
Corresponding Secretary, J. Edward Giles, M. D....127 E 16th, New York, N. Y

MEDICAL GUILD OF THE MISERICORDIA.

A society of medical practitioners and medical students interested in the work of mercy for the sorrowing and suffering. The guild desires to have representatives in every city and town, and especially in mining regions, railroad centers, etc., so that in case of sudden and appalling disaster, like in Johnstown, Pa., the work for relief may be entrusted to the care of members of the Guild, and speedy aid and comfort thereby attained.

Provost, W. Thornton Parker, M. D.....Beverly, Mass

MISSISSIPPI VALLEY MEDICAL ASSOCIATION.

Organized October 16th, 1875.

Next annual meeting at Indianapolis, Ind., October 4, 1893.

OFFICERS.

President, R. Stansbury Sutton, M. D.....Pittsburgh, Pa
Secretary, T. V. Fitzpatrick, M. D.....Cincinnati, O
Treasurer, A. M. Owen, M. D.....Evansville, Ind

NATIONAL ASSOCIATON OF HOMŒOPATHIC MEDICAL EXAMINERS.

Organized June, 1891. Objects—That of providing opportunity for mutual conference, the interchange of thought and the presentation of the results of experience, for the purpose of promoting, as far as may be practicable, the general adoption by the several States of the best and most effective methods for securing a higher and more nearly uniform standard of medical learning.

Next annual meeting at Chicago, Ill., at time of meeting of American Institute of Homœopathy.

OFFICERS.

President, Asa S. Couch, M. D.....Fredonia, N. Y
Secretary, Horace M. Paine, M D.....105 State st., Albany, N. Y

NATIONAL ASSOCIATION OF MEMBERS OF COMMITTEES ON MEDICAL LEGISLATION.

Organized June, 1891. The objects are that of providing an opportunity for mutual conference, and the diffusion of information relating to medical legislation in each of the States and Territories of this country.

Next annual meeting at Chicago, Ill, last week of May and first week of June, 1893.

OFFICERS.

President, Alexander Donald, M. D.....78 E. 7th st., St. Paul, Minn
Secretary, Horace M. Paine, M. D.....105 State st., Albany, N. Y

NATIONAL ASSOCIATION OF RAILWAY SURGEONS.

Organized June 28, 1888. The object of the association is to promote acquaintance and fraternal relations among railway surgeons, to secure interchange of ideas and the adoption of the best methods for the development and improvement of railway surgery, and to establish it as a special branch of the chirurgical art.

Next annual meeting at Omaha, Neb., May 24, 1893.

OFFICERS.

President, C. W. P. Brock, M. D.....Richmond, Va
Secretary, E. R. Lewis, M. D.....Kansas City, Mo
Treasurer, R. Harvey Reed, M. D.....Mansfield, O

NATIONAL BOARD OF HEALTH.

Organized under act of Congress, approved June 2, 1879, to obtain information upon all matters affecting the public health, to advise the several departments of the government, the executives of the several States and the commissioners of the District of Columbia on all questions submitted to them, or whenever in the opinion of the board such advice may tend to the preservation and improvement of the public health.

OFFICERS.

President.....
Vice-President, Stephen Smith, M. D.....574 Madison av., New York, N. Y
Secretary, Wm. P. Dunwoody.*.....437 Classon av., Brooklyn, N. Y

---

* During the absence of the secretary from Washington, D. C., Dr. Smart attends to the official business of the Board.

MEMBERS.

John M. Browne, M. D., Surg.-Gen. U. S. Navy, "The Portland," Washington, D. C
Stanford E. Chaillé, M. D. ..... New Orleans, La
Wm. P. Dunwoody ..... 437 Classon av., Brooklyn, N. Y
Charles Smart, M. D., Major and Surg. U. S. A., 2017 Hillyer Pl., Washington, D. C
Robert W. Mitchell, M. D. ..... Memphis, Tenn
Stephen Smith, M. D. ..... 574 Madison av., New York, N. Y
Tullio S. Verdi, M. D. ..... 815 14th st. n. w., Washington, D. C

NATIONAL CONFERENCE OF STATE BOARDS OF HEALTH

Organized 1884. Date of next meeting to be determined by officers.

OFFICERS.

President, J. N. McCormack, M. D. ..... Bowling Green, Ky
Secretary, C. O. Probst, M. D. ..... Columbus, O
Treasurer, Henry B. Baker, M. D. ..... Lansing, Mich

NEW ENGLAND PSYCHOLOGICAL SOCIETY.

The society was founded December 14, 1875, for the advancement of psychological medicine and the improvement of the institutions for the insane in New England, and includes the past and present superintendents of insane asylums in New England.

Next annual meeting December 13, 1893, at Medical Library, 19 Boylston Place, Boston, Mass.

OFFICERS.

President. ..... Deceased
Vice-President, Theo. W. Fisher, M. D. ..... Boston, Mass
Secretary and Treasurer, Edward B. Lane, M. D. ..... Dorchester, Mass

PAN-AMERICAN MEDICAL CONGRESS.

Organized May 5, 1891. Object—To bring together the medical profession of the Western Hemisphere.

The first congress will be held at Washington, D. C., September 5 to 8, 1893.

OFFICERS.

President, Wm. Pepper, M. D ..... 1811 Spruce st., Philadelphia, Pa
General Secretary, Charles A. L. Reed, M. D. ..... 311 Elm st., Cincinnati, O

ROCKY MOUNTAIN MEDICAL ASSOCIATION.

Organized 1871, at San Francisco, Cal. Object—A desire to perpetuate and keep fresh the friendship formed among physicians who actually crossed the Rocky Mountains to attend the meeting of the American Medical Association at San Francisco, Cal., in May, 1871.

Meets annually at the same time and place as the American Medical Association.

OFFICERS.

President, Wm. B. Atkinson, M. D.....Philadelphia, Pa.
Secretary, John Morris, M. D.....118 E. Franklin st., Baltimore, Md

---

SANITARY COUNCIL OF THE MISSISSIPPI VALLEY.

Organized April, 1879, to promote the sanitation of the Mississippi Valley, and to prevent the introduction and spread of yellow fever and other infectious diseases.

Next annual meeting in March, 1893, at St. Louis, Mo.

OFFICERS.

President, Pinckney Thompson, M. D.....Henderson, Ky
Secretary, John H. Rauch, M. D.....Grand Pacific Hotel, Chicago, Ill

---

SOUTHERN HOMŒOPATHIC MEDICAL ASSOCIATION.

Organized at New Orleans, La., April 9, 1885. Objects—To disseminate the Homœopathic system throughout the South, to meet annually for the reading of papers and discussion of medical topics, to guard Homœopathic interests in the Southern States, and to oppose all unjust and sectarian legislation as regards the right of different schools to engage in the practice of medicine.

Next annual meeting at Chicago, Ill., June 1, 1893.

OFFICERS.

President, Eldridge C. Price, M. D.....Baltimore, Md

Treasurer, G. W. Foote, M. D..... .....Galesburg, Ill

WESTERN ASSOCIATION OF OBSTETRICIANS AND GYNÆCOLOGISTS.

Organized December 28, 1891. Object—The reading and discussion of papers on obstetrics and gynæcology.

Next meeting at Des Moines, Ia., during the holiday week of 1893.

OFFICERS.

President, M. B. Ward, M. D..... ....Topeka, Kas
Secretary, T. J. Beattie, M. D.....204 Journal Bldg, Kansas City, Mo
Treasurer, M. R. Mitchell, M. D.....Topeka, Kas

ARMY MEDICAL MUSEUM AT WASHINGTON, D. C.

The Army Medical Museum was removed in 1887, from the building formerly known as Ford's Theatre (Nos. 509 and 511 10th st. N. W), and now occupies a portion of the new building erected at the northwest corner of 7th and B streets S. W., east of the National Museum. The rest of the building is occupied by the Library of the Surgeon-General's Office, a portion of the Record and Pension Division of the War Department and the Laboratory.

The museum was founded, and a large portion of the medical and surgical specimens collected, during the war of the rebellion. Since the close of the war, however, the officers in charge have continued to collect specimens from the medical officers of the army at the several military posts, and a number of valuable specimens have been contributed by physicians engaged in private practice. Specimens of value from private physicians are always gladly received, and thus secure permanent preservation in connection with the names of the donors.

According to the report of the Surgeon-General for the fiscal year, terminating July 1, 1892, the museum contained 10,305 pathological specimens, 3,411 anatomical specimens, 12,270 microscopical specimens, and 1,717 specimens of comparative anatomy. The collection is open to visitors daily from 10 a. m. to 3 p. m., and was visited last year by more than 24,000 persons. The officer in charge is Surgeon J. S. Billings, United States Army.

This collection is richer in specimens illustrative of the results of gunshot wounds, and of the surgical operations which they necessitate, than any other collection in the world. In other

ARMY MEDICAL MUSEUM AT WASHINGTON, D. C.

The Army Medical Museum was removed in 1887, from the building formerly known as Ford's Theatre (Nos. 509 and 511 10th st. N. W), and now occupies a portion of the new building erected at the northwest corner of 7th and B streets S. W., east of the National Museum. The rest of the building is occupied by the Library of the Surgeon-General's Office, a portion of the Record and Pension Division of the War Department and the Laboratory.

The museum was founded, and a large portion of the medical and surgical specimens collected, during the war of the rebellion. Since the close of the war, however, the officers in charge have continued to collect specimens from the medical officers of the army at the several military posts, and a number of valuable specimens have been contributed by physicians engaged in private practice. Specimens of value from private physicians are always gladly received, and thus secure permanent preservation in connection with the names of the donors.

According to the report of the Surgeon-General for the fiscal year, terminating July 1, 1892, the museum contained 10,305 pathological specimens, 3,411 anatomical specimens, 12,270 microscopical specimens, and 1,717 specimens of comparative anatomy. The collection is open to visitors daily from 10 a. m. to 3 p. m., and was visited last year by more than 24,000 persons. The officer in charge is Surgeon J. S. Billings, United States Army.

This collection is richer in specimens illustrative of the results of gunshot wounds, and of the surgical operations which they necessitate, than any other collection in the world. In other

departments, though it does not equal some of the wealthy and long-established museums of Europe, its collections are nevertheless by far the most important in America, and are annually increasing in extent and value.

The library of the Surgeon-General's office, which occupies a portion of the same building, is also under the charge of Surgeon J. S. Billings, United States Army, and is the largest and most valuable medical library in the world. According to the Surgeon-General's report, above referred to, it contains about 107,000 volumes and 160,000 pamphlets, and is steadily increasing. Medical men from any part of the country desirous of consulting the works in this library, are courteously welcomed, and granted free access.

MUSEUM OF HYGIENE AT WASHINGTON, D. C.

The Museum of Hygiene, located at 1707 New York Avenue N. W., Washington, D. C., was organized nnder the Bureau of Medicine and Surgery, and officially recognized by Congress in an act making appropriation for its support for the fiscal year ending June 30, 1883.

The plan, briefly described, comprehends a collection that shall be illustrative of the entire range of sanitary science ; the establishment of a course of lectures by authoritative sanitarians from all sections of the country, and a library of sanitary science accessible, under proper restrictions and guarantees, to all who are engaged in the study of this branch of knowledge. The library already numbers many of the standard sanitary works in the English, French and German languages, and is constantly increasing.

The institution is fully equipped with chemical, bacteriological, and physiological laboratories, and has an exhibit department now containing 2,000 specimens.

Contributions from medical men and sanitarians of the country, of essays, drawings or specimens bearing in any way upon hygiene or sanitary science, are respectfully requested and will be permanently preserved under the names of the donors.

OFFICERS

OF THE

MEDICAL DEPARTMENT OF THE UNITED STATES ARMY

AND HOSPITAL STEWARDS.

Surgeon-General (*with the rank of Brigadier-General*).

Charles Sutherland, Washington, D. C.

REQUIREMENTS FOR ADMISSION OF ASSISTANT SURGEONS INTO THE MEDICAL CORPS OF THE U. S. NAVY.

A candidate for examination and appointment in the Medical Corps of the Navy must be between 21 and 26 years of age, and must apply to the Honorable Secretary of the Navy for permission to appear before the Naval Medical Examining Board.

The application must be in the handwriting of the applicant, stating age and place of birth, also, the place and State of which he is a permanent resident; and must be accompanied by letters or certificates from persons of repute, testifying, from personal knowledge, to his good habits and moral character, and that he is a citizen of the United States.

FORM OF APPLICATION.

———————,

———————, 189

TO THE HONORABLE SECRETARY OF THE NAVY,

Navy Department, Washington, D. C.

SIR: I request permission to be examined for an appointment as Assistant Surgeon in the United States Navy.

I was born at ———, and was ——— years of age on the ——— day of ———, 189—, and am a citizen of the United States, residing in ———, county of ———, in the State of ———

I enclose herewith certificates as to moral character, habits, and citizenship.

Very respectfully,

———————

If, in reply to the above, the candidate receive a permit, he will notify the President of the Board of the fact, and request him to appoint a time for his examination.

Candidates will be expected to present to the Board testimonials of education and professional fitness.

The Board is required, under oath, to report on the physicial, mental, moral, and professional qualifications of the candidate, so that the examinations are necessarily rigid and comprehensive, though simple and practical, and not beyond the attainments of any well-educated physician.

A successful candidate, upon the completion of his examination, will be notified by the President of the Board that he has been found qualified.

An applicant found "not qualified" may be allowed a second examination after one year, but not a third.

No allowance will be made for the expenses of persons undergoing examination, which, if uninterupted, is usually completed within a week.

Appointments will be made as vacancies occur, and in the order of merit reported by the Board, but a qualified candidate, not appointed within a year, must be re-examined.

The officers of the Medical Staff of the Navy are as follows : Medical Directors, Medical Inspectors, Surgeons, Passed Assistant Surgeons, and Assistant Surgeons.

Vacancies in these grades (by death, or retirement at the age of sixty-two years) are filled in the order of seniority, and for each step of promotion a physical and professional examination is required by law.

The pay of an Assistant Surgeon in the Navy is $1,000 per annum "on leave or waiting orders ;" $1,400 " on shore duty ;" $1,700 " at sea," and, when at sea, one ration at 30 cents per diem in addition.

Eight cents a mile is the allowance when traveling under orders.

Order of Examination.

1. Physical. 2. Oral. 3. Written. 4. Clinical. 5. Practical.

The Physical Examination will be very thorough, and the candidate will be required to certify, under oath, that he is free from any mental, physical, or constitutional defects, hereditary taint, or disability of any kind that would be liable to interfere with the efficient performance of duty.

The candidate will be required to address a letter, to the Board of Examiners, stating concisely—

1. The date and place of his birth ; the school, institution, or college at which he received his general education ; the several branches studied, including his knowledge of general literature, and of the ancient and modern languages ; the exact title of the medical school or schools at which he received instructions, and, if an Alumnus, the date of his graduation ; the name and place of residence of his preceptor, and the time when he commenced the study of medicine ; also the title of the text books studied or read on Chemistry, Anatomy, Physiology, Histology, Materia Medica, Pharmacy,Therapeutics, Pathology, Theory and Practice of Medicine, Microscopy, Principles and Practice of Surgery, Minor Surgery or Mechanical Therapeutics, Medical Jurisprudence, Toxicology, Obstetrics, Hygiene, Quarantine, Biology, and Physics.

2. The opportunities he has had of engaging in the practice of medicine, surgery, and obstetrics, or of receiving clinical instruction ; or whether he has or has not been a resident physician or interne in a civil or military hospital.

3. The number of subjects or parts of subjects he bas dissected ; what opportunity he has had to become familiar with minor surgery and bandaging, chemical and pharmaceutical maniplations, and the physical properties of drugs.

The candidate will append to this letter his name in full, post-office address, and his local address at the date of the examination.

A thesis or short essay must next be written (without reference to notes or books) upon some professional or scientific subject indicated by the Board.

Oral examination.—The candidate will be examined orally upon his literary and scientific acquirements, including General History, Natural Science, Botany, Geology, Zoology, and English Literature, and professionally upon Anatomy

(general, special and surgical), Histology, Physiology, Theory and Practice of Medicine, Principles and Practice of Surgery, Chemistry, Legal Medicine, Toxicology, Materia Medica, Therapeutics, Pharmacy, Obstetrics and Diseases of Women and Children, Hygiene, Microscopy and Physics.

Candidates possessing special knowledge of the Higher Mathematics, Astronomy, Literature, Art and Ancient and Modern Languages, will be given full credit for their proficiency.

Written examination.—Written answers will be required on the following subjects, propounded by the Board: Anatomy, Histology, Physiology, Surgery, Theory and Practice of Medicine, Pathology, Obstetrics, Materia Medica and Physiological Action of Drugs, Chemistry, Legal Medicine, Hygiene, Quarantine, Toxicology, Physics, Botany, Geology, Zoology, and General Literature.

The number of questions on any one subject to be determined by the Board, according to the estimate made of the knowledge possessed by the candidate of any particular subject, as indicated in the oral examination.

The Clinical examination of patients will be made by the candidate at a Naval Hospital, and will include the use of the Microscope, Thermometer, Laryngoscope, Ophthalmoscope and other aids to physical diagnosis; after which he will be required to submit a written clinical report on one or more medical or surgical cases.

The practical examination will comprise surgical operation on the cadaver, the application of splints, bandages, and surgical dressings, the use of the microscope (for clinical purposes, and the recognition of pathological or other specimens), and chemical and pharmaceutical manipulations.

A candidate may withdraw at any period of the examination, with the consent of the Board, and may at a future time present himself for re-examination.

The Board may conclude the examination—written, oral or practical—at any time, and may deviate from this general plan in such manner as it may deem best to insure the interest of the naval service.

MEDICAL OFFICERS

OF THE

DETROIT MICH

CHILLICOTHE BUGGY CO.,

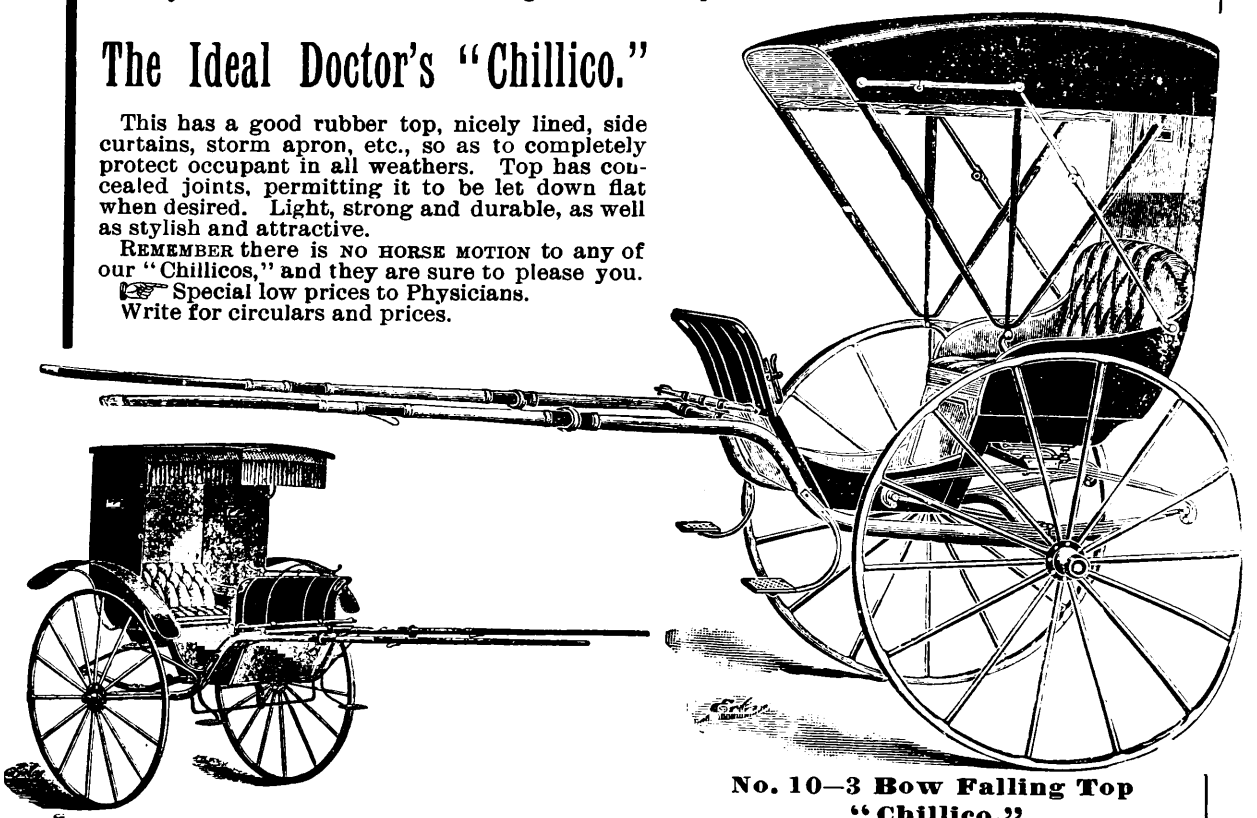
CHILLICOTHE, OHIO.

WHOLESALE MANUFACTURERS OF

TWO-WHEELERS FOR PHYSICIANS.

Hundreds of Doctors in both City and Country are using our "CHILLICOS" with the utmost satisfaction. We have scores of Testimonials testifying to their merits.

Try one and be convinced of their great desirability.



The Ideal Doctor's "Chillico."

This has a good rubber top, nicely lined, side curtains, storm apron, etc., so as to completely protect occupant in all weathers. Top has concealed joints, permitting it to be let down flat when desired. Light, strong and durable, as well as stylish and attractive.

REMEMBER there is NO HORSE MOTION to any of our "Chillicos," and they are sure to please you.

☞ Special low prices to Physicians.

Write for circulars and prices.

GEO. H. TAYLOR, M. D., Originator and Consulting Physician.

G. H. PATCHEN, M. D., Resident Physician and Director.

The "Manipulator," one of the machines employed in giving Mechanical Massage.

The Improved Movement Cure Institute,

No. 71 EAST 59th ST., NEW YORK.

DEAR DOCTOR:

It is a clinical fact that MECHANICAL MASSAGE is a specific for the most severe and obstinate forms of chronic diseases. All Pelvic Diseases of Women, as well as all affections of either the Nervous, Circulatory, Muscular or Digestive System, regardless of the special names by which they are designated, are particularly amenable to this form of treatment.

This Institute makes a specialty of the EXPERIENCED application of Mechanical Massage and *at no other place or Institution is it administered with the same knowledge, skill and precision as here, under the personal observation of Dr. Geo. H. Taylor, its inventor,* a fact of the greatest importance to all earnest seekers after health.

Personal inspection solicited. Send stamp for literature which will explain *why* and *how* the treatment acts remedially in any special disease about which information is desired. All of Dr. Taylor's Appliances for giving Mechanical Massage for sale. Catalogue sent upon application. Address, for any purpose,

The I. M. C. Institute, 71 East 59th St., New York.

MEDICAL COLLEGES OF THE UNITED STATES AND CANADA.

168 ECLECTIC MEDICAL COLLEGE OF MAINE, Lewiston, Me. Organized in 1881. Extinct.

168½* THE DRUIDIC UNIVERSITY OF MAINE, Lewiston. Me. Organized in 1874. Charter revoked by the Legislature in 1887.

MARYLAND.

169 UNIVERSITY OF MARYLAND SCHOOL OF MEDICINE, Baltimore, Md. I. E. Atkinson, M. D., Dean, 605 Cathedral st. Organized in 1807, as the Medical College in the City of Baltimore. In 1812, faculties of law, theology and arts were added, and the whole chartered under the name of the University of Maryland. The degree of M. D. was first conferred in 1810, and degrees have been conferred each year since. The faculty embraces eleven professors, eight lecturers, eleven demonstrators, three prosectors, and ten dispensary physicians and chiefs of clinics.

170* WASHINGTON UNIVERSITY SCHOOL OF MEDICINE, Baltimore, Md. Organized in 1827, as the Medical Department of Washington College, Pennsylvania. The first class was graduated in 1828, and classes were graduated under the auspices of Washington College until 1840, when the Maryland Legislature empowered the institution to assume the above title. Lectures were delivered and classes graduated until 1851, when it became extinct. In 1867 the institution was reorganized, and lectures were thence delivered until 1877, when the institution was merged into the College of Physicians and Surgeons, Baltimore.*

171 COLLEGE OF PHYSICIANS AND SURGEONS, Baltimore. Md. Thomas Opie, M. D., Dean, 197 North Howard st. Organized in 1872. The first class was graduated in 1873. Classes have been graduated each subsequent year. In 1877 the Washington University School of Medicine was united with this college. The faculty embraces ten professors, one auxiliary professor, six lecturers and six demonstrators. (*See p 1799.*)

172 BALTIMORE MEDICAL COLLEGE, Baltimore, Md. David Streett, M. D., Dean, 403 N. Exeter street. Organized in 1881. The first class was graduated in 1882. The faculty embraces ten professors, six lecturers, four demonstrators and two instructors. (*See p 1337.*)

173 BALTIMORE UNIVERSITY SCHOOL OF MEDICINE, Baltimore, Md. E. W. Eilau, M. D., Dean, 1523 E. Baltimore st. Owing to dissensions in the Baltimore Medical College, after the close of its session of 1883-84, a charter was obtained under the above title for this school, which graduated its first class in 1885. The faculty embraces eleven professors, two demonstrators, two lecturers and one prosector. (*See p 1431.*)

174 WOMAN'S MEDICAL COLLEGE OF BALTIMORE, Baltimore, Md. Joseph T. Smith, M. D., Dean, 1010 Madison avenue. Organized in 1882. The first class was graduated in 1883. The faculty embraces twelve professors, four lecturers, two demonstrators and ten clinical assistants.

175 MEDICAL DEPARTMENT OF THE JOHNS HOPKINS UNIVERSITY, Baltimore, Md. D. C. Gilman, LL. D., President of the University. A preliminary course of training for young men who propose to pursue the study of Medicine was instituted in 1877. The course leads to the university degree of Bachelor of Arts. In connection with the Johns Hopkins Hospital, systematic post-graduate medical instruction is also given in pathology and bacteriology, medicine, surgery, gynæcology, psychiatry, history of medicine, laryngology, diseases of children, nervous diseases, genito-urinary diseases, ophthalmology and otology and dermatology, by five professors, four associates, nine lecturers or heads of special departments, and two assistants. (*See p 559.*)

175A SOUTHERN HOMŒOPATHIC MEDICAL COLLEGE AND HOSPITAL, Baltimore, Md. Frank C. Drane, M. D., Dean, 1001 W. Lanvale street. Organized in 1890. The first class was graduated in 1892. The faculty consists of fifteen professors, six lecturers and five demonstrators.

**As no list of the diplomas granted by this college could be obtained, all the names of physicians appearing in the following pages, and represented as being its graduates, have not been verified.*

MASSACHUSETTS.

176 HARVARD UNIVERSITY MEDICAL SCHOOL, Boston, Mass. H. P. Bowditch, M. D., Dean, Boylston and Exeter streets. Organized in 1782. The first class was graduated in 1783, and classes have been graduated in each subsequent year. The instruction is given by eighteen professors, five assistant professors, fourteen instructors, two lecturers, three demonstrators, twenty-two assistants to chairs, one curator and ten special clinical instructors. The faculty is composed of the professors, assistant professors and others whose term of appointment is longer than for one year. (*See p 1403.*)

177 BERKSHIRE MEDICAL COLLEGE (Medical Department of Williams College), Pittsfield, Mass. Organized in 1824. Lectures were delivered until 1867, when the college became extinct. During its existence 1,138 students were graduated.

178* WORCESTER MEDICAL COLLEGE (Eclectic), Worcester, Mass. Organized in 1848 as the New England Botanico-Medical College Reorganized in 1852 under above title. Lectures were delivered until 1859, and its charter has been kept valid by the Board of Trustees.*

179 NEW ENGLAND FEMALE MEDICAL COLLEGE, Boston, Mass. Organized in 1848. Lectures were delivered and classes graduated until 1874, when it was merged into the Boston University School of Medicine.

180 BOSTON UNIVERSITY SCHOOL OF MEDICINE (Homœopathic), Boston, Mass. I. Tisdale Talbot, M. D., Dean, 66 Marlborough street. Organized in 1873. The first class graduated in 1874. Classes have been graduated each subsequent year. In 1874 the New England Female Medical College was united with this school. The faculty embraces fourteen professors, five associate professors, fifteen lecturers, two demonstrators of anatomy, five instructors and a librarian. (*See p 1405.*)

181 COLLEGE OF PHYSICIANS AND SURGEONS, Boston, Mass. C. P. Thayer, M. D., Registrar, 74 Boylston street. Organized in 1880. The first class was graduated in 1881. The faculty embraces ten professors, three lecturers, three assistant professors and one demonstrator.

182* NEW ENGLAND UNIVERSITY OF ARTS AND SCIENCES, Boston, Mass. Fraudulent. Extinct since 1881.*

183* BELLEVUE MEDICAL COLLEGE OF MASSACHUSETTS, Boston, Mass. Organized in 1880. Charter repealed in 1883.*

184* MEDICAL DEPARTMENT OF THE AMERICAN UNIVERSITY OF BOSTON. Extinct 1883.*

FIRST MEDICAL COLLEGE OF THE AMERICAN HEALTH SOCIETY. Extinct 1883.

EXCELSIOR MEDICAL COLLEGE. Extinct 1883.

184A CLARK UNIVERSITY, MEDICAL DEPARTMENT, Worcester, Mass. G. Stanley Hall, Ph. D., LL. D., President. Chartered in 1887. The department is not an institution for conferring the degree of M. D., but one in which graduates in medicine, and college graduates intending to study medicine, may study the purely scientific parts of medicine. The officers of instruction are four professors, three assistant professors, one adjunct professor, one instructor, ten docents, two honorary fellows, seventeen fellows and four assistants.

MICHIGAN.

185 UNIVERSITY OF MICHIGAN, DEPARTMENT OF MEDICINE AND SURGERY, Ann Arbor, Mich. Wm. A. Campbell, M. D., Secretary. Organized in 1850. The first class was graduated in 1851. Classes have been graduated each subsequent year. The faculty embraces fourteen professors, a demonstrator of

**As no list of the diplomas granted by this college could be obtained, all the names of physicians appearing in the following pages, and represented as being its graduates, have not been verified.*

anatomy, two assistant professors, three lecturers, four instructors, five class demonstrators and sixteen assistants. (*See p 1407.*)

185½ DETROIT COLLEGE OF MEDICINE, Detroit, Mich. Theo. A. McGraw, M. D., Pres. H. O. Walker, M. D., Secretary, 27 Adams avenue east. Formed through the consolidation, in 1885, of the Michigan College of Medicine with the Detroit Medical College. The faculty embraces twenty-three professors and ten assistants, three lecturers and two demonstrators. (*See p 1371.*)

186 DETROIT MEDICAL COLLEGE, Detroit, Mich. Organized in 1868. The first class was graduated in 1869. Classes were graduated each subsequent year until its consolidation, in 1885, with the Michigan College of Medicine under the name of the Detroit College of Medicine.

186½* MICHIGAN MEDICAL COLLEGE, Lansing, Mich. Incorporated, 1871. Extinct since 1873.*

187* DETROIT HOMŒOPATHIC MEDICAL COLLEGE, Detroit, Mich. Organized in 1871. Extinct since 1876.*

188 UNIVERSITY OF MICHIGAN HOMŒOPATHIC MEDICAL COLLEGE, Ann Arbor, Mich. H. L. Obetz, M. D., Dean. Organized in 1875. The first class was graduated in 1877. Classes have been graduated each subsequent year. The faculty embraces five full professors, four assistant professors and a resident physician and surgeon in hospital. Seven professors of the department of medicine and surgery (regular school) give instruction to homœopathic students. (*See p 1443.*)

189 MICHIGAN COLLEGE OF MEDICINE, Detroit, Mich. Organized in 1880. First class was graduated in 1881, and a class was graduated each year till 1885. In 1885 the college amalgamated with the Detroit Medical College under the name of the Detroit College of Medicine.

189½ MICHIGAN COLLEGE OF MEDICINE AND SURGERY, Detroit, Mich. W. I. Hamlen, M. D., Secretary, 207 Lafayette avenue. Organized in 1888. First class graduated in 1889. The faculty embraces twelve professors, three assistants, one demonstrator and three lecturers.

MINNESOTA.

190 WINONA MEDICAL SCHOOL, Winona, Minn. Organized in 1872. Extinct. No diplomas were issued, it being a school of instruction only.

190½ THE COLLEGE OF HOMŒOPATHIC MEDICINE AND SURGERY OF THE UNIVERSITY OF MINNESOTA, Minneapolis, Minn. H. W Brazil, M. D., Dean. Organized in 1888, absorbing the Minnesota Homœopathic Medical College. First class was graduated in 1889. The faculty embraces fourteen professors.

191 MINNESOTA HOSPITAL COLLEGE, Minneapolis, Minn. Organized in 1881, as the successor of the St. Paul Medical College, founded in 1878. Reorganized in 1885 under above title. Merged into the Medical Department of the University of Minnesota in 1888.

191½ MINNEAPOLIS COLLEGE OF PHYSICIANS AND SURGEONS, Minneapolis, Minn. J. T. Moore, M. D., Dean of the Faculty, 24 Washington av. s. Organized fall of 1883. First class was graduated in the spring of 1885. The faculty embraces sixteen professors, two adjunct professors, two instructors, and a demonstrator of anatomy.

192 THE COLLEGE OF MEDICINE AND SURGERY of the University of Minnesota, Minneapolis, Minn. Perry H. Millard, M. D., Dean. Organized in 1883. The faculty were limited to the examination of applicants for the degrees of M. B. and M. D. Reorganized as a teaching body in 1888, absorbing the Minnesota Hospital College and the St. Paul Medical College. The faculty consists of twenty-one professors, three adjunct professors, one assistant professor, two instructors, one lecturer and one demonstrator of anatomy.

**As no list of the diplomas granted by this college could be obtained, all the names of physicians appearing in the following pages, and represented as being its graduates, have not been verified.*

192½ ST. PAUL MEDICAL COLLEGE, St. Paul, Minn. Organized in 1885. In 1888 it was merged into the Medical Department of the University of Minnesota.

192A WOMAN'S MEDICAL COLLEGE, Minneapolis, Minn. T. Neilson, M. D., Secretary, cor. 1st av. s. and Washington av.

MISSOURI.

193 MISSOURI MEDICAL COLLEGE, St. Louis, Mo. P. Gervais Robinson, M. D., Dean, 2710 Washington avenue. Organized in 1840 as the Medical Department of Kemper College. In 1845 it became the Medical Department of the University of Missouri. In 1855 it assumed its present name. The first class was graduated in 1841. It was suspended during the war, and no students were graduated in 1862, '63, '64, or '65. It is sometimes called after its founder, The McDowell Medical College. The faculty embraces sixteen professors, four clinical professors, two adjunct professors, two assistants to chairs, three chiefs of clinics, sixteen clinical assistants, four lecturers and one instructor. (*See p 697.*)

194 MEDICAL DEPARTMENT OF WASHINGTON UNIVERSITY (The St. Louis Medical College), St. Louis, Mo. Henry H. Mudd, M. D., Dean, 2604 Locust street. Organized in 1841 as the Medical Department of the St. Louis University. In 1855 it was chartered as an independent institution under the name of the St. Louis Medical College. In 1891 it became the Medical Department of Washington University. The first class was graduated in 1843. Classes have been graduated each subsequent year. The faculty embraces eighteen professors and twenty-five instructors. (*See p 1409.*)

195* UNIVERSITY OF THE STATE OF MISSOURI, MEDICAL SCHOOL, Columbia, Mo. Woodson Moss, Secretary. Organized in 1845. The first class was graduated in 1846. From 1845 to 1855 the Medical Department was situated at St. Louis. See Missouri Medical College. No degrees were conferred during the war, 1861–65. Only a junior medical course is now given. Faculty embraces seven professors, eight lecturers, three assistants and one demonstrator.*

196 HUMBOLDT MEDICAL COLLEGE, St. Louis, Mo. Incorporated February 28, 1855, as the St. Louis College of Medicine and Natural Sciences. In 1859 it became the Humboldt Institute, a German college for the promotion of natural sciences and medicine. It retained this name until 1866, when the present one was assumed. Before the lectures commenced for the session of 1869–70, a split occurred in the faculty, a portion of which organized the College of Physicians and Surgeons Lectures discontinued after the Session of 1869–70.

196A THE MARION-SIMS COLLEGE OF MEDICINE, St. Louis, Mo. Young H. Bond, M. D., Dean, Grand and Page avenue. Organized in 1890. First class was graduated in 1891. The faculty embraces fourteen professors and five lecturers. (*See p 698.*)

197 HOMŒOPATHIC MEDICAL COLLEGE OF MISSOURI, St. Louis, Mo. S. B. Parsons, M D., Dean, 2246 Washington avenue. Organized originally in 1859; reorganized in 1882. Between the years 1869 and 1881, the following homœopathic colleges were organized in St. Louis, viz: The St. Louis College of Homœopathic Physicians and Surgeons, organized 1869; held two sessions and suspended after session of 1870–71. The Homœopathic Medical College of St. Louis, organized 1873. The Hering Medical College, organized in 1880. In 1880 a portion of the faculty of the Homœopathic Medical College of Missouri seceded and revived the St. Louis College of Homœopathic Physicians and Surgeons, which again held two sessions; but after the session of 1881–82 this college and the Hering were consolidated with the Homœopathic Medical College of Missouri. The faculty of this college embraces fifteen professors and two assistants.

**As no list of the diplomas granted by this college could be obtained, all the names of physicians appearing in the following pages, and represented as being its graduates, have not been verified.*

198 KANSAS CITY MEDICAL COLLEGE, Kansas City, Mo E W. Schauffler, M. D., President; Joseph Sharp, M. D., Secretary. Organized in 1869, as the College of Physicians and Surgeons of Kansas City. The first class was graduated in 1870; classes have been graduated each subsequent year. The school assumed its present name in 1881. The faculty embraces fifteen professors, two adjunct professors, five lecturers, three demonstrators and one instructor. (*See p 1777.*)

199* ST LOUIS COLLEGE OF HOMŒOPATHIC PHYSICIANS AND SURGEONS, St. Louis, Mo. Organized in 1869. Suspended after the sessions of 1870-71. See Homœopathic Medical College of Missouri.*

200* ST. LOUIS ECLECTIC MEDICAL COLLEGE, St. Louis, Mo. Organized in 1874. Extinct in 1883. Closed by legal process.*

201* HOMŒOPATHIC MEDICAL COLLEGE OF ST. LOUIS, St. Louis, Mo. Organized in 1873. Extinct since 1883.*

202 AMERICAN MEDICAL COLLEGE (*Eclectic*), St. Louis, Mo. E. Younkin, M. D., Dean, 3035 Lucas avenue. Organized in 1873. The first class was graduated in 1874. Classes were graduated twice annually from that date up to 1883, but only one annual commencement is now held for the two regular annual sessions. The faculty embraces eleven professors, three lecturers and one demonstrator.

203 ST. JOSEPH HOSPITAL MEDICAL COLLEGE, St. Joseph, Mo. Organized in 1876. Five classes, containing forty-five students, were graduated. In 1882 this college was merged into the St. Joseph Medical College. See Ensworth Medical College.

204 COLLEGE OF PHYSICIANS AND SURGEONS OF ST. JOSEPH, St. Joseph, Mo. Organized in 1878 Three classes, containing fifty students, were graduated. In 1882 this college was merged into the St. Joseph Medical College. See Ensworth Medical College.

205 ST. LOUIS COLLEGE OF PHYSICIANS AND SURGEONS, St. Louis, Mo. Algernon S. Barnes, M. D , Dean, 3013 Easton ave. Geo W. Cale, M. D., Secretary. Reorganized in 1879. Note—As the list of diplomas granted by this college could only be obtained up to and including 1889, the names of physicians appearing in the following pages and represented as being its graduates after that date, have not been verified.

279A COLLEGE OF MEDICINE, Lebanon, O. Selden S. Scoville, A. M., M. D., Dean. Organized in 1889. The faculty embraces ten professors and two adjunct professors.

279B THE CLEVELAND MEDICAL COLLEGE, Cleveland, O. Charles C. True, M. D., Registrar, 106 Euclid avenue. Organized in 1890. The faculty consists of twelve professors, eleven lecturers, two assistants to chairs and one demonstrator of anatomy. (*See p 1401.*)

279C OHIO MEDICAL UNIVERSITY, Columbus, O. J. W. Wright, A. M., M. D., Dean, 133 E. Spring street. Organized in 1892. The faculty embraces thirty-six professors and one adjunct professor.

279D PRESBYTERIAN HOSPITAL AND WOMEN'S MEDICAL COLLEGE, Cincinnati, O. George B. Orr, M. D., Dean, 101 E. Fourth street. Organized in 1891. The first class was graduated in 1892. The faculty consists of fifteen professors, one lecturer and four assistants to chairs. (*See p 1419.*)

279E OHIO COLLEGE OF OBSTETRICS, MEDICINE AND MIDWIFERY (formerly of Indianapolis, Ind). Now located in Cincinnati, O. Chartered under the laws of the State of Ohio, 1889.

**As no list of the diplomas granted by this college could be obtained, all the names of physicians appearing in the following pages, and represented as being its graduates, have not been verified.*

OREGON.

280 WILLAMETTE UNIVERSITY, MEDICAL DEPARTMENT, Portland, Ore. R. Kelly, A. M., M. D., Dean. Organized in 1864, and located at Salem. It was removed to Portland in 1878. The first class was graduated in 1867. Classes have been graduated in each subsequent year. The faculty embraces eighteen professors and one demonstrator. (*See p 1735.*)

280½ UNIVERSITY OF THE STATE OF OREGON, MEDICAL DEPARTMENT, Portland, Ore. S. E Josephi, M. D , Dean, 135 First street Organized in 1887. The faculty embraces sixteen professors, five special lecturers and one demonstrator.

PENNSYLVANIA.

281 DEPARTMENT OF MEDICINE OF THE UNIVERSITY OF PENNSYLVANIA, Philadelphia, Pa. John Marshall, M. D , Dean. Organized in 1765 as the Department of Medicine of the College of Philadelphia, the sixth in the order of succession of American colleges, being chartered chiefly through the influence of Dr. Benjamin Franklin and Dr. William Smith. The first medical diploma issued in America was granted to Dr. John Archer, in 1768, by this Department, then known as the College of Medicine in Philadelphia. On the organization of the University of Pennsylvania, in 1782, the college assumed its present title and relations, the successor of the College of Philadelphia. Classes have been graduated each year since 1768, except in 1772 to 1779 inclusive, during the War of Independence. The faculty embraces twenty professors, two assistant professors, twenty-four demonstrators, seven lecturers, twenty instructors and a prosector of anatomy. (*See p 1331.*)

282 JEFFERSON MEDICAL COLLEGE, Philadelphia, Pa. J. W. Holland, M. D , Dean, 2006 Chestnut street. Organized in 1826 as the Medical Department of the Jefferson College at Canonsburg, Pa. Subsequently a charter was granted by the Legislature of the State, same as that given to the University of Pennsylvania, under which it has since been continuously in operation. The first class was graduated in 1827. Classes have been graduated in each subsequent year. The faculty embraces seventeen professors, seven lecturers, ten demonstrators, twenty-one assistant demonstrators and ten instructors. (*See p 1339.*)

283 HAHNEMANN MEDICAL COLLEGE (*Homœopathic*), Philadelphia, Pa. A. R. Thomas, M. D., Dean, 113 S. 16th street. Organized in 1848. The first class was graduated in 1849. Classes have been graduated each subsequent year. The faculty embraces ten professors, fifteen lecturers and demonstrators. (*See p 1341.*)

284 WOMAN'S MEDICAL COLLEGE OF PENNSYLVANIA, Philadelphia, Pa. Clara Marshall, M. D., Dean, 131 S. 18th street. Organized in 1850. The first class was graduated in 1851. Classes have been graduated in each subsequent year. The faculty embraces eight professors, six clinical professors, three lecturers, eight demonstrators, seven assistant demonstrators, a curator of the museum and prosector. (*See p 1443.*)

285 PENNSYLVANIA MEDICAL COLLEGE, Philadelphia, Pa. Organized in 1839. as the Medical Department of the Pennsylvania College, at Gettysburgh, by Dr. David Gilbert. About 1853 it was reorganized. In 1859 the resignation of two of the professors caused the dissolution of the faculty. The institution then fell into the hands of the Philadelphia College of Medicine, and soon afterwards became extinct.

286* PHILADELPHIA COLLEGE OF MEDICINE AND SURGERY, Philadelphia, Pa. Organized in 1846 by Dr. James R. McClintock, and in 1859 it was merged into the Pennsylvania Medical College.*

287* FRANKLIN MEDICAL COLLEGE, Philadelphia, Pa. Organized in 1847, Existed until 1852. Extinct.*

**As no list of the diplomas granted by this college could be obtained, all the names of physicians appearing in the following pages, and represented as being its graduates, have not been verified.*

288 PENN MEDICAL UNIVERSITY, Philadelphia, Pa. Chartered February 2d, 1853. Lectures were delivered until about 1867. Reorganized, 1874. Extinct, 1881.

289 HOMŒOPATHIC MEDICAL COLLEGE, Philadelphia, Pa. Organized in 1848. On April 2, 1869, the faculty of this institution united with the faculty of the Hahnemann Medical College of Philadelphia, under the latter title.

289A AMERICAN COLLEGE OF MEDICINE IN PENNSYLVANIA, AND THE ECLECTIC MEDICAL COLLEGE OF PHILADELPHIA, Philadelphia, Pa. Incorporated February 26, 1853. A few years after incorporation the first name was dropped, leaving the title Eclectic Medical College of Philadelphia. This was changed by the Legislature on March 21, 1865, to the Philadelphia University of Medicine and Surgery.

290* ECLECTIC MEDICAL COLLEGE OF PENNSYLVANIA, Philadelphia, Pa. Organized in 1856. Extinct, 1880.*

291* PHILADELPHIA UNIVERSITY OF MEDICINE AND SURGERY (*Eclectic*), Philadelphia, Pa. Incorporated 1865. Extinct, 1880.*

292* LINCOLN UNIVERSITY, MEDICAL DEPARTMENT, Oxford, Pa. Organized in 1870. Extinct in 1872.*

293* AMERICAN UNIVERSITY OF PENNSYLVANIA (*Eclectic*), Philadelphia, Pa. Incorporated, 1867. Extinct, 1880.*

293½* ELECTROPATHIC INSTITUTE, Philadelphia, Pa, Chartered June 27, 1876. M. J. Galloway, M. D., Secretary.*

294 MEDICO-CHIRURGICAL COLLEGE OF PHILADELPHIA, Philadelphia, Pa. Ernest Laplace, A. M., M. D., Secretary, 1617 Arch street. Organized in 1881. The first class was graduated in 1882. The faculty embraces sixteen professors, three clinical professors, three adjunct professors, seven lecturers, eight demonstrators and six instructors. (*See p 1345.*)

294½ WESTERN PENNSYLVANIA MEDICAL COLLEGE, Pittsburgh, Pa. T. M. T. McKennan, M. D., Secretary, 810 Penn avenue. Organized in 1886. First class was graduated in 1887. The faculty embraces twenty professors, three demonstrators, ten assistants to chairs, three lecturers and one prosector. (*See p 1347*)

RHODE ISLAND.

295* BROWN UNIVERSITY, MEDICAL DEPARTMENT, Providence, R. I. Organized in 1811. Lectures were delivered and classes graduated annually from 1814 to 1827, inclusive, excepting the years 1820–21, when it is believed that no classes were graduated. Extinct, 1827.*

SOUTH CAROLINA.

296 MEDICAL COLLEGE OF SOUTH CAROLINA, Charleston, S. C. Organized in 1824; charter obtained in 1823. Permanently closed in 1839. During its existence its graduates amounted to 313.

297 MEDICAL COLLEGE OF THE STATE OF SOUTH CAROLINA, Charleston, S. C. Francis L. Parker, M. D., Dean, 70 Hasell street. Organized in 1833. In 1839 the Medical College of South Carolina became extinct, and the Medical College of the State of South Carolina received the buildings and other property of the former. Classes were graduated annually until 1862, when operations were suspended during the war, and until 1865, when they were resumed. Classes have been graduated annually since 1865. The faculty embraces nine professors, two demonstrators and five auxiliary instructors, and has thoroughly equipped chemical, pathological and bacteriological laboratories. (*See p 1411.*)

298* UNIVERSITY OF SOUTH CAROLINA, MEDICAL DEPARTMENT, Columbia, S. C. Organized in 1866. Extinct in 1876.*

**As no list of the diplomas granted by this college could be obtained, all the names of physicians appearing in the following pages, and represented as being its graduates, have not been verified.*

TENNESSEE.

299 UNIVERSITY OF NASHVILLE AND VANDERBILT UNIVERSITY, MEDICAL DEPARTMENTS, Nashville, Tenn. W L. Nichol, M. D., Registrar, cor. Cedar and High streets. Organized in 1850, as the Medical Department of the University of Nashville, and assumed its present relation in 1874. The first class was graduated by the University of Nashville in 1852, and the first diploma was issued by the Vanderbilt University in 1875. Classes have been graduated annually by the respective Universities since these dates. The faculty embraces twelve professors, seven lecturers and two demonstrators.

Note—As no lists of the diplomas granted by this college during the years 1890, 1891 and 1892 could be obtained, the names of physicians appearing in the following pages, and represented as being its graduates in those years, have not been verified.

299½* JEFFERSON MEDICAL ASSOCIATION, Dandridge, Tenn. In 1854 this association obtained a charter from the Legislature of Tennessee, giving it power to confer the degree of M. D. upon applicants who would present themselves before the members of said association for thorough examination, and if the examination was satisfactory to these gentlemen, they could grant them a diploma. The degree of M. D. was conferred upon five persons a number of years ago. No degree has been conferred of late years, the association simply exercising the functions of a Medical Society.*

300* MEMPHIS MEDICAL COLLEGE (Medical Department, Cumberland University), Memphis, Tenn. Organized in 1845. Suspended from 1861 to 1868, during the War of the Rebellion. Reorganized in 1868. Courses of lectures were delivered until 1873. Extinct.*

300½* SHELBY MEDICAL COLLEGE, Nashville, Tenn. Organized in 1858. Extinct in 1862.*

301* NASHVILLE MEDICAL COLLEGE (Medical Department of the University of Tennessee), Nashville, Tenn. Duncan Eve, M. D., Dean, 700 Church street. Organized in 1876. Became connected with the University of Tennessee in 1880. The first class was graduated in 1877. Classes have been graduated each subsequent year. The faculty embraces eighteen professors, two lecturers, one instructor and five demonstrators.

301½ HANNIBAL MEDICAL COLLEGE, Memphis, Tenn. T. C. Cottrell, M. D., Secretary and Dean. First session opened October 7th, 1889. The faculty embraces seven professors.

302 MEHARRY MEDICAL DEPARTMENT OF CENTRAL TENNESSEE COLLEGE, Nashville, Tenn. G. W. Hubbard, M. D., Dean. Organized in 1876. The first class was graduated in 1877. Classes have graduated each subsequent year. Devoted to the education of colored students, male and female. The faculty embraces nine professors, one assistant professor, two instructors and one demonstrator.

302½ TENNESSEE MEDICAL COLLEGE, Knoxville, Tenn. Charles E. Ristine, M. D., Registrar, P. O. Box 75. Organized in 1889. The first class was graduated in 1890. The faculty embraces nineteen professors and twenty-five lecturers and demonstrators.

303 BOTANIC MEDICAL COLLEGE, Memphis, Tenn. Organized in 1857. In 1859 reorganized as the Eclectic Medical Institute, and became extinct in 1861.

304½ CHATTANOOGA MEDICAL COLLEGE (Medical Department of Grant University, originally East Tennessee Wesleyan University), Chattanooga, Tenn. E. A. Cobleigh, M. D., Dean, 729 Chestnut street. Organized in 1889. First

**As no list of the diplomas granted by this college could be obtained, all the names of physicians appearing in the following pages, and represented as being its graduates, have not been verified.*

class was graduated in 1890, and classes have been graduated each subsequent year. The faculty consists of eleven professors, five lecturers, three assistants and two demonstrators. (*See p 1439.*)

304A SEWANEE MEDICAL SCHOOL (Medical Department of the University of the South), Sewanee, Tenn. Henry Wm. Blanc, M. D., Dean. Organized in 1892. The faculty embraces seven professors and four auxiliary professors and instructors.

TEXAS.

305* TEXAS MEDICAL COLLEGE AND HOSPITAL, Galveston, Texas. H. P. Cooke, M. D., Dean. Organized in 1866 as the Galveston Medical College (being the Medical Department of Soule University). Reorganized under its present name in 1873. Lectures discontinued in 1881 on the Medical Department of the University of Texas being voted to be located at Galveston; reopened in 1887, the said Medical Department of the Texas University having failed to be established as proposed. The first class was graduated in 1890. The faculty embraces eight professors, two lecturers and one demonstrator of anatomy.*

305½ MEDICAL DEPARTMENT, SAN ANTONIO UNIVERSITY, San Antonio, Texas. J. V. Spring, M. D., Dean. Organized in 1888, and a faculty selected, but no lectures were ever given.

305A MEDICAL DEPARTMENT UNIVERSITY OF TEXAS, Galveston, Tex. J. F. Y. Paine, M. D., Dean, P. O. Box 522. Organized in 1891. The first class was graduated in 1892. The faculty consists of eight professors, one assistant professor, six lecturers and one demonstrator of anatomy.

UTAH.

306* MEDICAL INSTITUTION OF MORGAN CITY, Morgan City, Utah. Extinct.*

VERMONT.

307 UNIVERSITY OF VERMONT, MEDICAL DEPARTMENT, Burlington, Vt. A. P. Grinnell, M. D., Dean. Organized in 1822. The first class was graduated in 1823. Sessions were held, and classes graduated annually, excepting in 1835, until 1837, when the sessions were suspended. In 1854 the department was reorganized. A class was graduated in 1854, and in each subsequent year. The faculty embraces nineteen professors, five adjunct professors, one demonstrator and one curator.

308* VERMONT MEDICAL COLLEGE, Woodstock, Vt. Organized in 1827, under the name of the Clinical School of Medicine, by Dr. Joseph A. Gallup, and was under his management until 1835. For several years the degrees were conferred by the Waterville College, Maine. In 1830 an arrangement was made with the Middlebury College, Vermont, and the degrees were conferred by that institution up to 1836. In 1835 the State Legislature passed an act incorporating the Vermont Medical College. By this act the Supreme Court was directed to appoint a Board of Examiners. The school was quite prosperous and well patronized ; had a strong faculty and more than one hundred students in 1850–51–52–53. Professor B. R. Palmer, Dean of the Faculty and Professor of Anatomy, removed to Louisville, Kentucky, in 1854. In 1856 the school became extinct *

308½ UNION MEDICAL INSTITUTE, Newbury, Vt. W. S. Cowan, M. D., Secretary. Organized, 1883.

309 CASTLETON MEDICAL COLLEGE, Castleton, Vt. The State, by an act passed October 29th, 1818, granted a charter to the Castleton Medical Academy. The first course of lectures under this charter was commenced November 15th, 1818. In 1821, name was changed to Vermont Academy of Medicine. Suspended in 1838, reorganized in 1839, and name changed to the

**As no list of the diplomas granted by this college could be obtained, all the names of physicians appearing in the following pages, and represented as being its graduates, have not been verified.*

Castleton Medical College in 1841. Extinct since 1861. During its existence it graduated 350 students.

309½ VERMONT MEDICAL COLLEGE, Rutland, Vt. George Dutton, M. D., Dean, 63 Berkeley street, Boston, Mass. Incorporated, 1883. The faculty consists of five instructors.

309A TRINITY UNIVERSITY, COLLEGE OF MEDICINE AND SURGERY OF THE STATE OF VERMONT, Bennington, Vt. P. Ripley Bradbury, Dean, 71 Cornhill, Boston, Mass. Incorporated, 1889.

VIRGINIA.

310 UNIVERSITY OF VIRGINIA, MEDICAL DEPARTMENT, Charlottesville, Albemarle County. Wm M. Thornton, LL. D., Chairman of Faculty. Organized in 1825. The first class graduated in July, 1828. There was no graduating class in 1862. The medical faculty embraces five professors, one demonstrator of anatomy with two assistants, and four instructors.

311* MEDICAL SCHOOL OF THE VALLEY OF VIRGINIA, Winchester, Va. Organized in 1826. After a few years' operation, became extinct. Was revived in 1850 and operated until buildings were burned during the war. During latter part of its career graduated 47 students.*

311½* MEDICAL DEPARTMENT OF RANDOLPH MACON COLLEGE, Prince Edward Court House, Va. Organized as a private medical school by Dr. John P Mettauer, presumably about 1840–45. In 1849 it became the Medical Department of Randolph Macon College, located then at Clarksville, afterward at Richmond, Va. Extinct, 1855.*

312 MEDICAL COLLEGE OF VIRGINIA, Richmond, Va. J. S. Dorsey Cullen, M. D., Dean of the Faculty. Organized in 1838 as the Medical Department of Hampden Sidney College, under which name it continued until 1854, when a new charter was obtained and the present name assumed. The first class was graduated in 1840. Classes have been graduated each subsequent year. The faculty embraces eight professors, nine adjunct professors, one lecturer and two demonstrators. (*See p 1453*)

WASHINGTON.

312½ UNIVERSITY OF WASHINGTON, MEDICAL DEPARTMENT, Seattle, Wash. Organized 1885. Not in operation.

312¾ NORTHWESTERN COLLEGE OF BIOCHEMISTRY, Spokane, Wash. George W. Carey, M. D., Dean. Organized in 1889 as the Washington Biochemic Medical College, North Yakima. Shortly afterwards removed to Spokane and reincorporated. First class graduated in 1889. Only graduates students as specialists in Biochemistry. The faculty embraces five instructors.

312A UNIVERSITY OF SPOKANE FALLS, COLLEGE OF MEDICINE, Spokane, Wash. George W Libby, M. D., Dean. Organized in 1890. The faculty consists of thirteen professors.

WEST VIRGINIA.

312B WEST VIRGINIA UNIVERSITY, MEDICAL DEPARTMENT (School of Biology), Morgantown, W. Va. James W. Hartigan, A. M , M. D., Professor of Biology. Instruction is given in zoology, botany, human anatomy, physiology and hygiene.

WISCONSIN.

313* MILWAUKEE COLLEGE OF PHYSICIANS AND SURGEONS, Milwaukee, Wis. Incorporated 1881. Charter annulled October, 1883.*

**As no list of the diplomas granted by this college could be obtained, all the names of physicians appearing in the following pages, and represented as being its graduates, have not been verified.*

313A UNIVERSITY OF WISCONSIN. Special Science Course, Antecedent to Medicine, Madison, Wis. Charles Reid Barnes, Secretary. The faculty of the Special Science Course consists of fifteen professors and seven instructors.

CANADA—Ontario.

330 COLLEGE OF PHYSICIANS AND SURGEONS OF ONTARIO, Toronto, Ont. Robert A. Pyne, M. D., Registrar. First incorporated in 1866. The licensing body for Ontario. This institution does not grant degrees, and has no teaching faculty.

331 TORONTO SCHOOL OF MEDICINE (affiliated with the University of Toronto and the University of Victoria College), Toronto, Ont. Organized in 1843. Incorporated by act of Parliament, 1851. Degrees were first conferred upon its students by affiliated universities, in 1845. Degrees were so conferred each subsequent year. Suspended in 1887.

332 TORONTO UNIVERSITY, MEDICAL FACULTY, Toronto, Ont. W. T. Aikins, M. D., LL. D., Dean. Organized in 1843, as the Medical Faculty of King's College. Soon after its organization the name was changed to the Medical Faculty of the University of Toronto. The Faculty was paid by the State. After an existence of ten years, the endowed chairs were abolished by an Act of Legislature, and in 1852 the school became extinct. In 1887 the Medical Faculty was re-established as a teaching body. Students enrolled in the Faculty attend the lectures and demonstrations of the Science Department of the University. The remaining subjects are taught in the building which was formerly occupied by the Toronto School of Medicine.

333 TRINITY MEDICAL COLLEGE (affiliated with the University of Trinity College, Queen's University, Victoria University, the University of Toronto and the University of Manitoba), Toronto, Ont. W. B. Geikie, M. D., C. M., Dean, 52 Maitland st. Organized in 1850, as the Upper Canada School of Medicine, which, in its first session, became the Medical Faculty of Trinity College, and after an existence of four years, ended by the resignation of the professors. * * * In 1870, the Faculty of Medicine of Trinity College was re-organized, and in 1877 was incorporated as a separate corporation. The college confers the degree of "Fellow by Examination of Trinity Medical College," which is "in every respect the equivalent of M. B., M. D., or M. D., M. C., at Trinity College."—GEIKIE The faculty embraces eleven professors, and eleven lecturers, demonstrators, instructors and assistants.

334 FACULTY OF MEDICINE OF QUEEN'S UNIVERSITY, AND ROYAL COLLEGE OF PHYSICIANS AND SURGEONS, Kingston, Ont. Fife Fowler, M. D., L. R. C. S., Edin., Dean of the faculty. First class graduated in 1855, and classes graduated in each subsequent year. The Royal College of Physicians and Surgeons being separately incorporated, the college confers the diplomas of "Licentiate" and "Fellow;" students obtain the degree of M. D. and C. M. from the Queen's University, upon passing the required examination. The faculty embraces fourteen professors and three demonstrators and lecturers.

335 WESTERN UNIVERSITY, MEDICAL DEPARTMENT, London, Ont. Wm. Waugh, M. D., Registrar, 447 Ridout street. Organized 1882. First class graduated in 1883. Faculty embraces seventeen professors and two demonstrators of anatomy.

336 WOMAN'S MEDICAL COLLEGE (affiliated with the University of Trinity College and Toronto University), Toronto, Ont. R. B Nevitt B. A., M D., Dean, 176 Jarvis street. Organized in 1883. The college does not confer degrees, but is intended for "the education of ladies in the science and practice of medicine, so as to fit them to undergo the examinations of the College of Physicians and Surgeons of Ontario, which are required for the provincial license, and for degrees in medicine in the several universities of Trinity, Toronto and Victoria." The faculty embraces twenty-one lecturers, two associate lecturers, one demonstrator and two assistant demonstrators.

336½ UNIVERSITY OF THE VICTORIA COLLEGE (federated with the University of Toronto), Cobourg, Ont. U. Ogden, M. D., Dean of the Medical Faculty, 18

Carlton street, Toronto. Students intending to graduate in Victoria University are required to produce certificates of attendance from any medical school in Ontario, of recognized standing, which will be accepted by the medical examiners of this University. The lectures for the Province of Quebec are delivered at the Laval University, Medical Department, Montreal, where every advantage for clinical study is afforded. The courses of instruction are adapted to the legal requirements of the Provinces of Ontario and Quebec, respectively. Degree of M. D. Candidates for this degree are required to spend four years in professional study before being admitted to final examination.

337 KINGSTON WOMEN'S MEDICAL COLLEGE (affiliated with Queen's University), Kingston, Ont. Hon. M. Sullivan, M. D., President of the Faculty. Organized in 1883. Degree of Doctor of Medicine conferred by Queen's University, upon passing the required examinations. The faculty embraces nine professors, two lecturers and one demonstrator, in addition to which two professors of Queen's College give instruction in chemistry and botany.

337½* MEDICAL DEPARTMENT OF VICTORIA COLLEGE (also known as "Rolph's School"), Toronto, Ont. Organized in 1853. Extinct since 1872.*

Quebec.

338 MCGILL UNIVERSITY, MEDICAL DEPARTMENT, Montreal, Que. Robert Craik, M. D., Dean, 2 Cathcart street, Phillips Square. Organized in 1824 as the Montreal Medical Institution; became the Medical Department of McGill University in 1829. No class graduated during the Canadian Rebellion, 1837–40. The faculty embraces fifteen professors, three demonstrators, three instructors and one lecturer.

339 ECOLE DE MEDECINE ET DE CHIRURGIE (affiliated with the University of Victoria), Montreal, Que. Organized in 1843. Degrees were first conferred on its students in 1845. Degrees were conferred each subsequent year until July 1, 1891, when the Ecole de Medecine became the Faculty of Medicine of Laval University in Montreal, so that these two institutions now make but one.

340* ST. LAWRENCE SCHOOL OF MEDICINE, Quebec, Que. Organized in 1851. Extinct, 1852.*

341 LAVAL UNIVERSITY, MEDICAL DEPARTMENTS, Quebec, Que. Auguste C. Hamel, M. D., Secretary, 128 Rue Ste. Anne; H. E. Desrosiers, M. D., Secretary, 164 Rue St. Denis, Montreal, Que. Organized in 1852. The Department in Quebec is the successor of the Quebec School of Medicine, which was organized in 1848, and existed four years. The Department in Montreal is known as a "Succursale," and was organized in 1878. The first class was graduated in 1855, and a class has been graduated each year since. The faculty embraces twenty-six chairs, thirteen in each school.

342 UNIVERSITY OF BISHOP'S COLLEGE, FACULTY OF MEDICINE, Montreal, Que. F. W. Campbell. A. M., M. D., Dean, 10 Phillips Place, Beaver Hall. Organized in 1870. The first class was graduated in 1871, and a class has been graduated each year since. Faculty embraces twelve professors, four lecturers, two demonstrators and a curator.

Nova Scotia.

343 HALIFAX MEDICAL COLLEGE, Halifax, N. S. A. W H. Lindsay, M. D., Registrar, 241 Pleasant street. Organized in 1867 as the Medical Faculty of Dalhousie College. Separately incorporated under present name in 1875. First class graduated in 1872. Classes graduated in each subsequent year (excepting 1873), until 1885, when a temporary suspension occurred. In 1887 the college reopened, but for two years provided instructions in the primary branches only. In 1889–90 the final classes were resumed, and the faculty now includes fifteen professors and eleven lecturers, demonstrators and other

**As no list of the diplomas granted by this college could be obtained, all the names of physicians appearing in the following pages, and represented as being its graduates, have not been verified.*

instructors. An affiliation formed with Dalhousie University had, for peculiar financial reasons, to be severed; students of the Medical College, however, who fulfill the curriculum prescribed by Dalhousie, are admitted to the university examinations, and may receive the university degrees, M. D., C. M. Requires matriculation examination and four years' study.

343½ DALHOUSIE UNIVERSITY MEDICAL FACULTY, Halifax, N. S. A. W. H. Lindsay, M. D., Secretary, 241 Pleasant street. Organized in 1867. Incorporated as the Halifax Medical College in 1876. Reorganized as an examining faculty, separate from the faculty of the Halifax Medical College, under its present title, in 1885. First class graduated in 1872.

Manitoba.

344 MANITOBA MEDICAL COLLEGE (affiliated with the University of Manitoba), Winnipeg, Man. J. Wilford Good, M. B., L. R. C. P. Edin., Dean, 456 Main street. Organized in 1883. The faculty embraces thirteen professors, one demonstrator and one lecturer. Matriculation and four subsequent winter sessions required for graduation. A fellowship degree is granted.

Auxiliary and Post-Graduate Institutions and Courses.

AUXILIARY DEPARTMENT OF MEDICINE, UNIVERSITY OF PENNSYLVANIA, Philadelphia, Pa. Joseph T. Rothrock, M. D., Dean. Organized in 1865. The faculty consists of five professors.

NEW YORK POLYCLINIC, New York City. John A. Wyeth, M. D., Secretary, 214 and 216 East Thirty fourth street. Organized in 1882. The faculty consists of twenty-two professors, thirty-two lecturers, twenty-three instructors and thirty eight clinical assistants.

NEW YORK POST-GRADUATE MEDICAL SCHOOL AND HOSPITAL, New York City. Clarence C. Rice, M. D., Secretary, 226 East Twentieth street. Organized in 1882. The faculty consists of thirty-eight professors, fifty-nine instructors and sixty-seven assistants. (*See p 1695.*)

PHILADELPHIA POLYCLINIC AND COLLEGE FOR GRADUATES IN MEDICINE, Philadelphia, Pa. Solomon S. Cohen, M. D., Secretary, Broad and Lombard streets. Organized in 1882. The faculty consists of eighteen professors, five adjunct professors, five instructors and thirty-one assistants.

COLLEGE FOR MEDICAL PRACTITIONERS, St. Louis, Mo. Organized in 1882. Extinct, 1884.

BALTIMORE POLYCLINIC AND POST-GRADUATE MEDICAL SCHOOL. Baltimore, Md. Organized in 1884. Extinct.

THE CLEVELAND POLYCLINIC AND POST-GRADUATE MEDICAL SCHOOL, Cleveland, O. Organized in 1884. Extinct in 1885.

CHICAGO COLLEGE OF OPHTHALMOLOGY AND OTOLOGY, Chicago, Ill. Incorporated 1878. The faculty consists of eleven professors.

POST-GRADUATE MEDICAL SCHOOL AND HOSPITAL OF CHICAGO, Chicago, Ill. Franklin H. Martin, M. D., Secretary, Venetian bldg. The faculty consists of thirty-two professors, eight clinical lecturers, ten instructors, four assistants, ten visiting phys'cians and one pharmacist. (*See p 1363.*)

CINCINNATI POLYCLINIC, Cincinnati, O. Incorporated 1888. Suspended.

DEPARTMENT OF BIOLOGY OF THE UNIVERSITY OF PENNSYLVANIA, Philadelphia, Pa. Horace Jayne, M. D., Secretary. Organized in 1885. The faculty consists of eight professors, five instructors, and three demonstrators.

CHICAGO POLYCLINIC, Chicago, Ill. William T. Belfield, M. D., Secretary, 612 Opera House Block. Organized in 1886. The faculty consists of fifty-one professors and assistants.

ST. LOUIS POST-GRADUATE SCHOOL OF MEDICINE, St. Louis, Mo. Justin Steer, M. D., Secretary, Lucas and Jefferson avenues. Organized in 1882. The faculty consists of fifteen professors, three clinical professors, one adjunct professor, one demonstrator, three chiefs of clinics and seventeen clinical assistants.

THE NEW ORLEANS POLYCLINIC, New Orleans, La. J. H. Bemiss, M. D., President, 158 Canal street. Organized in 1888. The faculty consists of thirteen instructors.

BOSTON POLYCLINIC, Boston, Mass. Miles Standish, M. D., Dean, 200 Dartmouth street. Organized 1880. Courses by practical workers on hospital staffs. Seven heads of departments.

POST-GRADUATE POLYCLINIC OF ECLECTIC MEDICINE AND SURGERY, Chicago, Ill E. J. Farnum, M. D., Secretary, 126 State street. Organized 1890. The faculty consists of twenty-three physicians and surgeons.

PHILADELPHIA POST-GRADUATE SCHOOL OF HOMŒOPATHICS, Philadelphia, Pa. James T. Kent, M. D., Dean, 1605 Walnut street. Organized 1891. First class graduated in 1892. This college confers the degree of Master of Homœopathics The faculty embraces six professors, five lecturers and several demonstrators.

POST-GRADUATE COURSE, HOMŒOPATHIC MEDICAL DEPARTMENT, STATE UNIVERSITY OF IOWA, Iowa City, Ia. W. H. Dickinson, M. D., Dean. Organized 1892. The faculty consists of five teachers.

SYDENHAM POST-GRADUATE COURSE AND HOSPITAL, New York, N. Y. Franklin E. Sylvester, M. D., Secretary, 309 W. Forty-second street.

POST-GRADUATE SCHOOL OF JOHNS HOPKINS HOSPITAL, Baltimore, Md. Henry M. Hurd, M. D, Secretary. The faculty consists of five professors and twelve assistants.

PHILADELPHIA SCHOOL OF ANATOMY, Philadelphia, Pa. Henry C. Boenning, M. D., Lecturer on Anatomy and Operative Surgery, 1713 Cherry street. Established 1820. Six assistant demonstrators.

KANSAS CITY POLYCLINIC, POST-GRADUATE MEDICAL SCHOOL, Kansas City, Mo. James P. Parker, M. D., Secretary, 1019 Oak street.

SAN FRANCISCO POLYCLINIC, San Francisco, Cal. Harry M. Sherman, M. D., Secretary, 315 Ellis street.

The following named institutions a'so have post-graduate courses or other facilities for instruction for practitioners.

BENNETT COLLEGE OF ECLECTIC MEDICINE AND SURGERY, Chicago, Ill.

SCHOOL OF MEDICINE OF THE UNIVERSITY OF MARYLAND, Baltimore, Md.

MEDICAL SCHOOL OF HARVARD UNIVERSITY, Boston, Mass.

BELLEVUE HOSPITAL MEDICAL COLLEGE, New York City.

ALABAMA.

CAPITAL, MONTGOMERY.

POPULATION OF STATE, 1,513,017.

(Census of 1890.)

Males	757,456	Native	1,498,240
Females	755,561	Foreign	14,777
White	833,718	Chinese	51
Colored	678,489	Indians	759

Alabama extends from 30° 12′ north latitude to 35° north latitude, a distance of 331 miles; and from 84° 55′ to 88° 35′ west longitude, a distance of 214 miles, and is in the same latitude as Palestine, Northern Africa, Central China and Southern Japan. It is bounded on the east by Georgia, on the south by Florida and the Gulf of Mexico, on the west by Mississippi and on the north by Tennessee, and comprises an area of 50,722 square miles, or 32,462,080 acres. The history of Alabama dates back to the year 1540, when the country was invaded by the Spaniards, under De Soto. The next appearance of Europeans was in 1702. In 1817 the United States created a territory of what is now Alabama, and two years later it was admitted into the Union, being one of the first States added to the original thirteen. Alabama belongs to the great forest region of the continent. Large forests of hickory, poplar, chestnut, oak, mulberry and other deciduous trees still cover the northern portion of the State, while in the south the magnolia, live oak and other sub-tropical evergreens flourish, and the river bottoms are lined with canebrakes and cottonwood trees. The climate is warm and semi-tropical. The northern portion is considerably colder than the southern, which is accounted for more by its greater elevation than from its higher latitude. The mean annual temperature is 62.37 degrees as observed at Auburn, which is situated near the geographical center of the State. The mean annual temperature in the valley of the Tennessee river is 60 degrees, and in the extreme south about 69 degrees. The rainfall of the State is quite noteworthy, averaging 63 inches, which is distributed with tolerable regularity throughout the seasons. The beautiful Tennessee river drains the northern portion of the State. Entering at the northeast, it makes a broad sweep of about 280 miles, and forms for a short distance the northwest boundary, before entering Tennessee on its way to join the Ohio at Paducah, Ky. The mineral resources of Alabama are valuable and of considerable range. Gold is found in the east central part of the State, though not in paying quantities. Magnetic iron, red and brown hematite, ochre and other

VACCINE VIRUS. Chicago Vaccine Stables, Oak Park, Illinois. Every Point Guaranteed in Primary Cases. (See Page 1365.)

iron ores are found in Shelby, Benton, Bibb, Jefferson and Tuscaloosa counties. In Talladega and Randolph counties manganese occurs. Black, buff and variegated marbles abound in Shelby and Talladega counties, and rich veins of bituminous coal cover nearly all the northern part of the State. Its mineral springs are famous for their medicinal properties. The following table shows the increase in population for the past 70 years:

1820	127,901	1860	964,201
1830	309,527	1870	996,992
1840	590,756	1880	1,262,505
1850	771,623	1890	1,513,017

The educational facilities are excellent, and comprise the University of Alabama, located at Tuscaloosa; the Medical College of Alabama, located at Mobile; the Law School, at Montgomery; Spring Hill College (Roman Catholic), at St. Joseph; Howard College (Baptist), at Marion, and the Emerson Institute at Mobile The constitution provides that a State Board of Education shall establish through the State, in each township or other school district, one or more schools, at which all the children between the ages of five and 21 years may attend free of charge.

Rate of Mortality in Alabama, as computed from the U. S. Census of 1890.

Population.	Deaths in 1890.	Rate per 1,000.	White.	Colored.	Rate per 1,000 White.	Rate per 1,000 Colored.
1,513,017	20,898	13 81	10,307	10,591	12.36	15.60

Total number of deaths from consumption during 1890 was 2,163, which was at the rate of 1 43 per 1,000 of population, or 103 50 per 1,000 total deaths.

MEDICAL INSTITUTIONS.

Alabama Insane Hospital—Established, 1860 Capacity, 1,200. Located two miles east of Tuscaloosa. Physician-in-charge, P. Bryce, M. D.

City Hospital—Established, 1836. Capacity, 100 Ambulance service. St. Anthony bet Broad and Jefferson, Mobile. Physicians-in-charge, P. J. M. Acker, J. A. Abrahams.

MEDICAL LAWS OF ALABAMA.

AN ACT TO REGULATE THE PRACTICE OF MEDICINE IN THE STATE OF ALABAMA.

Be it enacted by the General Assembly of Alabama:

SECTION 1. That no person, except those proposing to practice some irregular system of medicine, shall be permitted to practice medicine in any of its branches or departments as a profession and means of livelihood in this State, without having obtained a certificate of qualification from some authorized board of medical examiners as hereinafter provided.

2. That no person shall be permitted to practice any irregular system of medicine in any of its branches or departments as a profession or means of livelihood in this State, without having obtained a diploma or certificate of qualification in anatomy, physiology, chemistry and the mechanism of labor, from some authorized board of medical examiners, as hereinafter provided.

3. That the Board of Censors of the Medical Association of the State of Alabama, organized according to the constitution of the said Medical Association of the State of Alabama, which was adopted at its annual meeting at the city of Tuscaloosa, in March, 1873, and the boards of censors of the several county medical societies which are in affiliation with the said Medical Association of the State of Alabama, and organized in accordance with the provisions of the constitution just mentioned, be and are hereby constituted the authorized Boards of Medical Examiners referred to in the first section of this act.

4. That the standard of qualifications required of persons desiring to practice medicine in this State, together with the rules for the government of the authorized boards of medical examiners, shall be such as may be determined from time to time by the said Medical Association of the State of Alabama, in accordance with the provisions of its said constitution of 1873.

5. That every diploma or certificate of qualification authorizing any person to practice medicine in this State, which shall be issued by any authorized board of medical examiners, shall be presented to the probate judge of the county in which said person resides, who shall

ALE AND BEEF PEPTONIZED ☞ FOR NURSING MOTHERS. IN CASES OF VOMITING OF PREGNANCY. Ask your Druggists for it.

officially endorse the same, and seal it with the seal of the county, and who shall also cause a full and fair copy of the same to be made in a well-bound book to be kept for that purpose, and called the register of licensed practitioners of medicine, and for this service he shall be entitled to a fee of one dollar: *Provided*, that said Medical Association, nor any board of censors in affiliation with it, shall be allowed to charge any fee for any diploma or certificate of qualification which may be granted by it.

7. That all persons who shall be legally engaged in the practice of medicine in any county of this State, before the organization of the board of medical examiners of said county, all persons who at any time have been legally engaged in the practice of medicine in this State, and who are now authorized to practice medicine in this State, shall be entitled to the certificate of the board of medical examiners, and to be inscribed in the register of licensed practitioners of medicine without examination as to qualification.

8. That the provisions of this act shall take effect in any county of this State whenever the board of medical examiners for said county shall have been organized, as hereinbefore provided, and the fact of such organization officially communicated to the probate judge of said county by the board of censors of the Medical Association of this State.

9. That none of the provisions of this act shall apply to females who now or may hereafter be engaged in the practice of midwifery: *Provided*, said females practice no other branch or department of medicine.

10. That all laws and parts of laws in conflict with the provisions of this act, be and the same are hereby repealed, and this act shall be in force from and after its passage.

Approved February 9, 1877.

Amended 1891.

SEC. 6. Any person practicing medicine or surgery in this State without having first obtained a certificate of qualification from one of the authorized boards of medical examiners of this State, shall be guilty of a misdemeanor, and on conviction thereof shall be fined not less than twenty-five dollars, nor more than one hundred dollars: *Provided*, That this act shall not apply to any doctors or physicians now practicing in Alabama, who are graduates of a respectable medical college, and have complied with the law by having their diplomas recorded by the judge of probate in the county in which they may be practicing medicine, and this act shall not apply to any physician who has practiced medicine in this State for the past five years.

Approved February 18, 1891.

The postoffice address is shown in **Display Type,** *the name of county in which it is located immediately follows, and then the population of the place. The names of Physicians appear under the postoffice name, the first number (the key to which will be found on pages 101 to 120) indicates the college of graduation, and the last number the year in which diploma was granted.*

Alaska was purchased from Russia by the United States, in 1867, for $7,200,000 in gold, and extends from the Diomede Islands in Behring Straits in N. latitude 66°, W longitude 168° 50′, eastward along the shore of the Arctic ocean to W. longitude 143°, N. latitude 69° 30′, and from the Diomede Islands southward to N. latitude 50°, W longitude 168°; thence eastward to the 143 meridian. It is a peninsula situated in the extreme northwestern portion of North America, and comprises an area of 577,390 square miles, or 369,529,600 acres.

The surface is broken and mountainous, and is traversed by the most northern range of the Rocky Mountains. The Yukon river, navigable for a distance of 2,000 miles, and which intersects the territory from east to west, disemboguing

National Union Vaccine Co. PRICES:—10 Points, $1; Selected Points, each 25c, or 5 for $1. Vaccine Farm, ENGLEWOOD, ILL.

into the Behring Sea, between 64° and 65°, and the Coppermine, also navigable, are the principal rivers, the latter has its mouth near latitude 60°

The mean annual temperature at Sitka is about 44° F. The coast is warmed by the Japan current, which in the Pacific is the counterpart of the Gulf stream in the Atlantic. The warm, moist sea air, meeting a cold current from the mountains causes frequent fogs and rains along the southern coast. The average rainfall is between 80 and 85 inches, the months of September and October being especially wet. The southern seaboard is fringed with dense forests of Sitka spruce, yellow cedar, fir, hemlock, larch, etc. Cereals do not ripen well, owing to the constant moisture.

The wealth of the territory lies in its furs and fisheries. Seal, bear, deer, wolves and other wild animals abound, and cod and mackerel are very plentiful.

The Territory is still unorganized, but a district government was created by act of Congress, May 17, 1884. It consists of a governor and a district court (sitting at Sitka in May, and at Wrangell in November). The clerk of the court is *ex-officio* secretary and treasurer of the District of Alaska.

No reliable mortality statistics are obtainable.

QUICKINE, "THE IDEAL REMEDY." "Every physician in the civilized world will be glad to use it." ☞ Sold by all druggists. STANDARD CHEMICAL Co., Jersey City, N. J., Sole Mnfrs.

Arizona extends from 109° to 114°, 47′, 6½″ longitude west of Greenwich, and from 31°, 19′, 24″ to 37° north latitude, and is bounded on the north by Utah and Nevada, on the east by New Mexico, on the west by California and Nevada, and on the south by the Republic of Mexico. It comprises an area of 113,916 square miles, or 72,906,240 acres, or nearly three times the size of New York State.

The Territory was organized in 1863.

After a protracted and bloody struggle, the Apache has been conquered forever, and it is no idle statement that life and property are as safe in Arizona as in any of the Eastern States. The Rio Colorado, which runs through the northwestern part and along the western border, is the principal river of the Territory. It is navigable for 600 miles, and with its tributaries drains an immense area of country. The Gila and Salt rivers flow through Southern Arizona. The climate is salubrious and pleasant, except in the lower sections near the Gila and Rio Colorado, where the summers are excessively hot. Rainfalls occur during the months of June, July, August and September, but numerous streams fed by never failing springs and melting snow, supply all the water that is needed for farming purposes.

The mines of Arizona may be called its bone and sinew, and the Territory is one vast network of veins and ledges. Gold, silver and copper are found in their native state and also in many rich combinations. Coal, salt, marble, antimony, tellurium and alabastine abound, and petroleum has been struck near the Apache coal fields.

Vast tracts of richly grassed lands are open to grazers.

The following table shows the increase in population for the past 20 years:

1870	9,658	1890	59,620
1880	40,440		

Rate of Mortality in Arizona as computed from the U. S. Census of 1890.

Population.	Deaths in 1890.	Rate per 1,000.	White.	Colored.	Rate per 1,000, White.	Rate per 1,000, Colored.
59,620	573	9.61	543	30	9.77	7.42

Total number of deaths from consumption during 1890 was 68, which was at the rate of 1.14 per 1,000 of population, or 118.67 per 1,000 of total deaths.

MEDICAL INSTITUTIONS.

Arizona Insane Asylum—Established, 1886. Capacity, 135. Van Buren, Phœnix. Medical Superintendent, J. Miller; Matron, Minnie E. Miller; Steward, Geo. B, Wilcox.

MEDICAL LAWS OF ARIZONA.

AN ACT TO REGULATE THE PRACTICE OF MEDICINE IN THE TERRITORY OF ARIZONA.

SECTION 617. It shall be unlawful for any person to practice medicine, surgery or obstetrics in this Territory unless such person shall have obtained a diploma regularly issued by a medical college, properly and lawfully organized and existing under the laws of the State wherein said college shall be located. Such diploma must state that the person named therein is qualified to practice medicine and surgery in all of its departments.

SEC. 618. A diploma that has been, or may hereafter be, granted for a moneyed consideration or other article of value alone, and a diploma regularly issued, as hereinbefore stated, and which has been revoked or cancelled by the medical college from which it was issued, or by the act of the legislature of any State or Territory within which the same was granted, shall not be considered a sufficient qualification.

SEC. 619. Every person engaged or about to engage in the practice of medicine, surgery or obstetrics in this Territory shall register in the county recorder's office of the county where he is practicing, or intends to practice, in a book to be kept for that purpose by the county recorder, his name, residence and place of birth. He shall also present his diploma, and the county recorder shall make a true and correct copy of the same under the record of his name, residence and place of birth. The person so registering shall subscribe and verify by oath or affirmation before a person duly qualified to administer oaths, that he is the identical person named in the diploma presented for record, which affidavit shall be reduced to writing and annexed to the copy of the diploma as transcribed by the county recorder. The county recorder shall receive a fee of five dollars for each and every registration under this section, to be paid by the person so registering.

SEC. 620. Any person shall be regarded as practicing medicine, who shall profess publicly to be a physician, or who shall habitually prescribe for the sick, or who shall append to his name the letters "M. D." but nothing herein contained shall be construed to prohibit gratuitous services in cases of emergency. And the provisions of Sections 617, 618 and 619 shall not apply to lawfully commissioned surgeons of the United States army, and those who were commissioned and mustered into the United States service, as such, in the war commonly called the War of the Great Rebellion, practicing their profession within the limits of this Territory. Or physicians and surgeons who have been in the active practice of said profession for ten years, and at least three years in this Territory; *Provided*, that nothing in this act shall be so construed as to prevent the practice of medicine by parties and receiving pay therefor in localities situated fifteen miles or more from the residence or office of any regular physician.

SEC. 621. Any person violating any of the provisions of the four preceding sections shall be guilty of a misdemeanor.

ARKANSAS.

CAPITAL, LITTLE ROCK.

POPULATION OF STATE, 1,128,179.

(Census of 1890.)

Males	585,755	Native	1,113,915
Females	542,424	Foreign	14,264
Whites	818,752	Chinese	92
Colored	309,117	Indians	218

Arkansas extends from 33° N. latitude to 36° 30′ N. latitude, and from 89° 32′ W longitude to 94° 38′ W. longitude, and is bounded on the north by Missouri, on the west by the Indian Territory and Texas, on the south by Louisiana, and on the east by the Mississippi river, which separates it from Mississippi and Tennessee.

The postoffice address is shown in **Display Type,** *the name of county in which it is located immediately follows, and then the population of the place. The names of Physicians appear under the postoffice name the first number (the key to which will be found on pages 101 to 120) indicates the college of graduation, and the last number the year in which diploma was granted.*

Forbes Diastase Strikes at the Root of the Conditions which give Rise to Dyspepsia and Indigestion generally.
THE FORBES DIASTASE CO., CINCINNATI, OHIO, U. S. A.

It was organized as a territory in 1812, and admitted as a state in 1836.

The principal rivers of Arkansas are the Mississippi, which washes the eastern shore for a distance of 400 miles; the Arkansas, which intersects the State from west to east; the St. Francis, the White and the Red rivers.

Pine forests cover a considerable part of Southern Arkansas; oak, maple and hickory predominate in the hilly portions of the State, and the large rivers are fringed with broad belts of cottonwood, cypress and gum trees.

The climate is mild, the mean annual temperature in the northern part being about 58°, in the central 61°, and in the southern 64°. The northwestern portion is the coldest, and the southeastern the hottest. The rainfall varies from 54 inches in the southeast to 40 in the northwest.

Cotton is the great staple of the State, but tobacco is also largely grown.

Arkansas is rich in minerals, zinc, iron, lead and copper abounding. Novaculite, or Arkansas whitestone, is found in Hot Spring county, and is said to be the most valuable in the world. Marble, freestone and gypsum are abundant, as is also coal, both anthracite and bituminous.

The mineral springs of the State deserve a much more extended notice than is possible in the brief space allotted to this sketch. Among these are the Eureka Springs in Carroll county, comprising the following: Basin, Harding, Crescent, Maxwell, Table Rock, Sweet, Grotto, Daisy, Mystic, Magnetic, Ozark, Cave, Oil, Blue, and forty other springs, which have long been famous for their curative properties; the Potash Sulphur Springs, about 7 miles east, the White Sulphur Springs, 3½ miles east, and the Mountain Valley Springs 12 miles north of Hot Springs; and Wells' Antilithic Springs at Otokanah, of which the following is the analysis:

	Grains per Gallon.
Silica	0.38
Bi-Carbonate of Iron	2 17
Bi-Carbonate of Lime	12.66
Bi-Carbonate of Magnesia	3.17
Sulphate of Lime	2.54
Cloride of Iodine	0.88
Phosphoric Acid	0.02
Organic Matter	No trace
Total Salts	21.82

The following table shows the increase in population for the past 70 years:

1820	14,255	1860	435,450
1830	30,388	1870	484,471
1840	97,574	1880	802,525
1850	209,897	1890	1,128,179

The educational advantages are very great, and consist of the Arkansas Industrial University, at Fayetteville; Judsonia University in White county; St. John's College and Little Rock Female College, both in the city of Little Rock, and Cane Hill College, at Boonsborough. There are, besides, many high schools, and a complete system of free schools. All religious denominations are here represented, and nearly every hamlet has one or more churches or church societies. There is one medical college in the State, the Medical Department of the Arkansas Industrial University, at Little Rock.

Rate of Mortality in Arkansas, as computed from the U. S. Census of 1890.

Population.	Deaths in 1890.	Rate per 1,000.	White.	Colored.	Rate per 1,000 White.	Rate per 1,000 Colored.
1,128,179	14,391	12.76	10,764	3,627	13.15	11.72

Total number of deaths from consumption during 1890 was 1,209, which was at the rate of 1.07 per 1,000 of population, or 84 01 per 1,000 of total deaths.

MEDICAL INSTITUTIONS.

Army and Navy General Hospital—Established, 1883. Capacity, 150. Reserve avenue, Hot Springs. Physician-in-charge, A. A. Woodhull.

Barry Hospital—Established January, 1891. Capacity, 100. Hot Springs. Physician-in-charge, Wm. H. Barry.

Hot Springs Sanitarium—Corner Church and Pleasant streets, Hot Springs. Wellington Rickert, manager.

Little Rock Infirmary—Established, 1889. Capacity, 50. Little Rock. In charge of Sisters of Charity.

Pulaski County Hospital—Established, 1885. Capacity, 60. 30th and Jones, Little Rock. Physician-in-charge, R. B. Christian, M. D.; Matron, Mrs. C. E. Byars.

St. John's Hospital—Established, 1889. Capacity, 20. 302 N 2d, Ft. Smith. Physician-in-charge, L. L. Saunders, M. D.; Matron, Miss Annie L. Miller.

St. Joseph's Infirmary—Hot Springs. In charge of Sisters of Mercy.

Sebastian County Hospital—Established, 1886. Capacity, 35; four miles south on Towson avenue, Ft. Smith. Physician-in-charge, W. B. Stroup; Matron, Mrs. F. J. Heiss.

State Lunatic Asylum—Established, 1883. Capacity, 460. Little Rock. Superintendent, P. O. Hooper, M. D.

U. S. Marine Hospital Service—East 2d, Little Rock. Physician-in-charge, Lorenzo P. Gibson, M. D.; Surgeon-in-charge, Claiborne Watkins, M. D.

State Board of Health—Secretary, L. P. Gibson, M. D., Little Rock.

Medical Department Arkansas Industrial University—Little Rock. Secretary, R. G. Jennings, M. D.

MEDICAL SOCIETIES.

Arkansas State Medical Society—President, J. T. Jelks, Hot Springs; Vice-Presidents: 1st, A. C. Jordan, Pine Bluff; 2d, J. C. Wallis, Arkadelphia; 3d, J. W. Case, Batesville; 4th, G. D. Huddleston, Lamar. Secretary, L. P Gibson, Little Rock; Assistant Secretary, W B. Lawrence, Batesville; Treasurer, A. L. Breysacher, Little Rock; Librarian, R. B. Christian, Little Rock.

Baxter Co. Medical Society—Secretary, James H. Lindsey, Mountain Home.

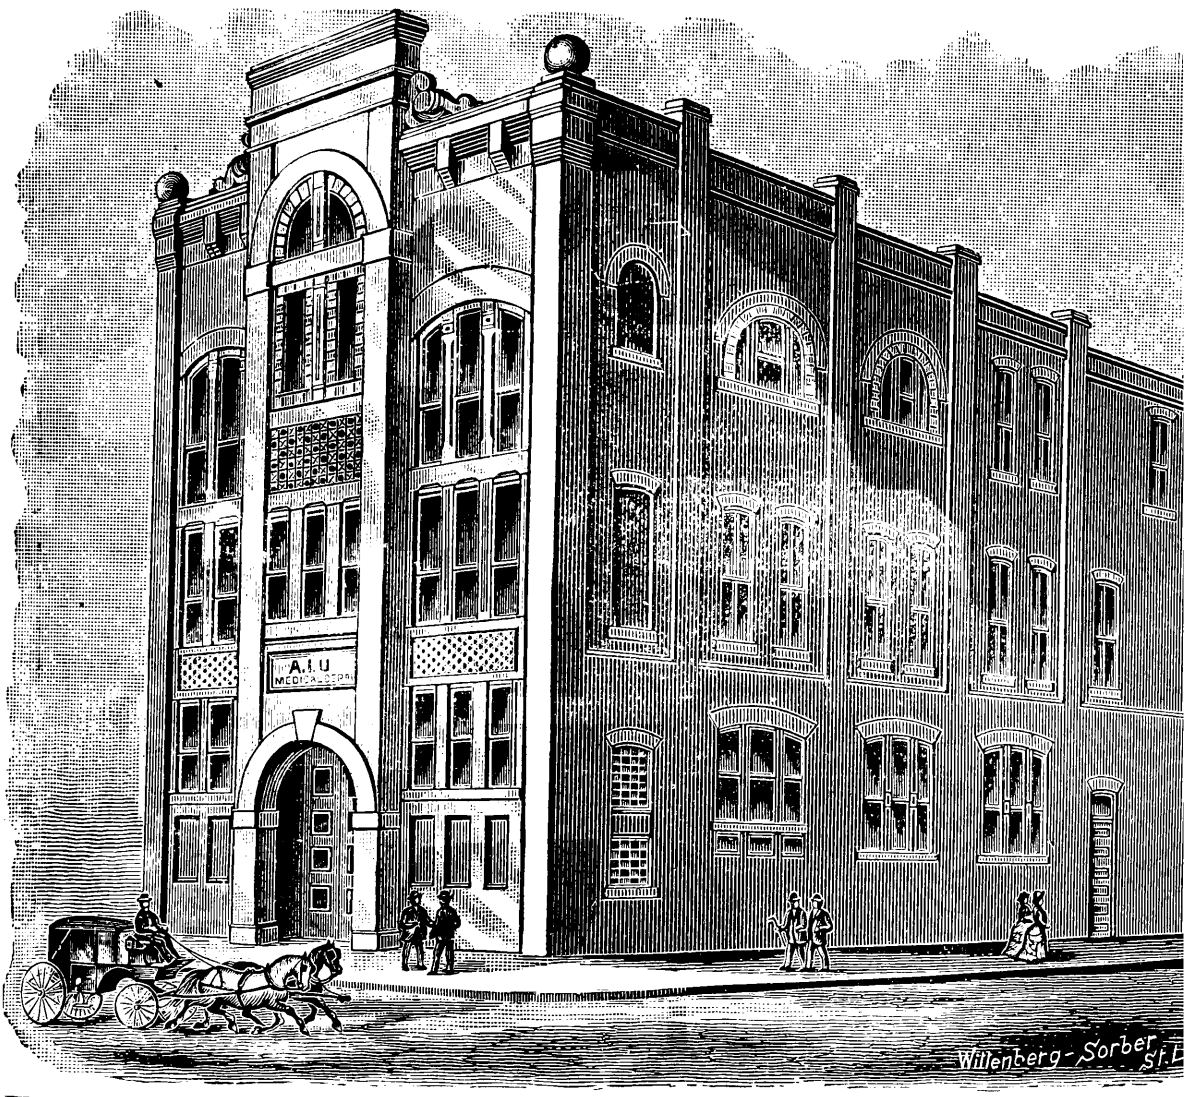
Benton Co. Medical Society—Secretary, J. A. McComb, Bentonville.

Boone Co. Medical Society—Secretary, L. Kirby, Harrison.

Eureka Springs and Carroll Co. Medical Society— Secretary, L. W. Weaver, Eureka Springs.

Eclectic Medical Association of Arkansas—Next annual meeting third Wednesday in May, 1893, at Little Rock. President, A .D. Moseley, Bliss; Secretary, John I. Hancock, Argenta.

Hempstead Co. Medical Society—Secretary, W. F. Sauer, Hope.



Hot Springs College of Physicians and Surgeons—Secretary, Linda H. Barry.

Hot Springs Medical Society—Secretary, J. C. Minor.

Independence Co. Medical Society—Secretary, J. W. Case, Batesville.

Jefferson Co. Medical Society—Secretary, Wm. T. Stanley, 419 Main, Pine Bluff.

ARKANSAS INDUSTRIAL UNIVERSITY.

BOARD OF TRUSTEES:

HIS EXCELLENCY WM. M. FISHBACH,
Governor and *ex officio* President of the Board, Little Rock.

E. H. MURFEE, LL. D.,
President Arkansas Industrial University.

First Congressional District,
HON. J. T. HENDERSON,
Auvergne, Woodruff County.

Second Congressional District,
W. H. LANGFORD,
Pine Bluff, Jefferson County.

Third Congressional District,

Little Rock, Pulaski County.

MEDICAL DEPARTMENT.

SESSION OF 1892-3. LITTLE ROCK, ARK.

PROFESSORS

P.O. HOOPER, M. D.,
neritus Professor of Practice of Medicine.

EDWIN BENTLEY, M. D.,
rofessor of the Institutes and Practice of Surgery.

AS. A. DIBRELL, JR., M. D.,
fessor of General, Descriptive and Surgical Anatomy, and President of Faculty.

A. L. BREYSACHER, M. D.,
fessor of Obstetrics and Diseases of Women and Children.

JOHN J. McALMONT, M. D.,
rofessor of Materia Medica, Therapeutics, Hygiene and Botany.

JAMES H. SOUTHALL, M. D.,
Professor of the Practice of Medicine.

ROSCOE G. JENNINGS, M. D.,
fessor of Clinical Surgery and Dermatology.

E. R. DIBRELL, M. D.,
Professor of Institutes of Medicine.

W. P. BAKER, M. D.,
Professor of Medical Chemistry and Toxicology.

L. P. GIBSON, M. D.,
Demonstrator of Anatomy.

T. E. MURRELL, M. D.,
Professor of Ophthalmology and Otology.

JAMES H. LENOW, M. D.,
Professor of Diseases of Genito-Urinary Organs.

CLAIBOURNE WATKINS, M. D.,
Physical Diagnosis and Clinical Medicine.

LOUIS R. STARK, M. D.,
Professor of Gynæcology.

W. H. MILLER, M. D.,
Prosector of Anatomy.

E. E. MOSS, A. M., LL. B.,
Professor Medical Jurisprudence.

F. H. CLARKE,
U. S. Weather Bureau, Meteorology.

SAM PRIOR, Janitor, at the College, corner Second and Sherman streets.

All communications should be addressed to

R. G. JENNINGS, M. D.,

SECRETARY OF FACULTY,

ITTLE ROCK, - - - ARKANSAS.

Sebastian Co. Medical Society—Secretary, Ernest G. Epler, Fort Smith.
Southwest Arkansas Medical Association—Secretary, Robert M. Wilson, Hope.
Van Buren Medical Society—Secretary, O. M. Bourland.
Washington Co. Medical Society—Secretary, Andrew S. Gregg, Fayetteville.

MEDICAL LAWS OF ARKANSAS.

AN ACT TO REGULATE THE PRACTICE OF MEDICINE AND SURGERY IN THE STATE OF ARKANSAS.

Be it enacted by the General Assemby of the State of Arkansas:

SECTION 1. That hereafter no person shall practice medicine and surgery, or medicine or surgery, as a profession in this State, without first being registered as a physician or surgeon, in the office of the clerk of the county court of some county in this State.

2. Each county clerk in this State shall keep in his office a well-bound book, in which he shall register the names of all such persons as shall be lawfully qualified, as hereinafter provided, and who shall apply for registration as physicians and surgeons, or physicians or surgeons, with the date of such registration.

3. That hereafter any person who may wish to practice as physician and surgeon, or either, in this State, shall be allowed to register as such, who shall file with the clerk of the county court of any county in this State a certificate of qualification signed by a majority of the county board of medical examiners of the county in which he or she offers to register: *Provided*, That no person shall be allowed to register as physician or surgeon until he or she shall have obtained the age of twenty-one (21) years: *Provided further*, That any person living in a county in which no board is organized, may apply to a board of some other county, or to the State Board.

4. That immediately after the passage of this act, the county judge of each county in this State shall appoint for his county a board of medical examiners, consisting of three persons, who shall be citizens of such county and learned in the sciences of medicine and surgery, of good moral character, and duly registered under this act, who shall hold their offices until the first term of such county court, in the year 1882, at which time, and every four years thereafter, said board shall again be filled by appointment as above provided; and should a vacancy occur in said board at any time, the same shall be filled by appointment made by the county judge.

5. That the members of said board shall, before entering upon the discharge of their duties, take the official oath prescribed by the constitution of this State. That at the first meeting of the members of such board after they shall have been appointed, preparatory to the transaction of the business assigned them under this act, they shall organize by electing one of their members as president and another as secretary. The regular meetings of such board shall be held quarterly, at the court house of the proper county, on the first Mondays in January, April, July and October in each year, and when so assembled said board shall faithfully and impartially examine all such persons as shall appear before them for such purpose, touching their qualifications to practice medicine and surgery, or either; and all such persons as shall satisfy such board of examiners, or a majority of them, that he or she is twenty-one (21) years of age, of good moral character, and duly qualified in knowledge and capacity to practice medicine and surgery, or either, shall receive from such board a certificate of qualification as physician aud surgeon, or either physician or surgeon, as the case may be; which certificate shall entitle such person to registration under the provisions of sections two (2) and three (3) of this act: *Provided always*, that such physician or surgeon shall be registered in the same county in which he or she was examined, except as provided in section ten (10) of this act: *Provided*, that any person desiring to be examined at any other than the time of the regular quarterly meeting, shall notify the president of the board of such desire, whose duty it shall be to assemble the board as soon as practicable and examine such applicant.

6. That the county clerk shall give to every person registered under this act a certificate of registration, over his signature and official seal, and such certificate shall authorize any such

University of Pennsylvania Press,
PHILADELPHIA, NEW YORK, CHICAGO.
University Medical Magazine. Annals of Gynæcology and Pædiatry. Annals of Hygiene. Annals of Surgery. American Law Register and Review. (See Adv., pp. 17-18.)

person to practice as a physician or surgeon, or both, as the case may be, in any county in this State. That the clerk shall receive, as his fee, for all services required of him under this act, in each case, the sum of one and a half dollars ($1.50).

7. Any two members of said board shall constitute a quorum for the transaction of all business, and each applicant for examination shall pay, in advance, to the Secretary, to be divided equally among the members of such board, the sum of six ($6) dollars, which shall be their only compensation.

8. Be it further enacted: That all physicians and surgeons, who have been continuously engaged in a reputable practice in this State for a period of five (5) years next before the passage of this act, shall not be required to undergo the examination herein provided for, but shall, upon satisfactory proof, before the county clerk, of such continuous practice, and the payment of the fee allowed that officer, be duly recognized. Females who are now, or may hereafter be, engaged in the exclusive practice of midwifery, are exempted from the provisions of this act.

9. That any person who shall prescribe or administer medicine for, or who shall in any manner treat diseases or wounds for pay, shall be deemed physicians and surgeons under this act.

10. That immediately after the passage of this act, the Governor shall appoint a State Board of Medical Examiners, consisting of five members, learned in the sciences of medicine and surgery, and of good moral character, and duly registered, who shall organize in the manner prescribed for county boards by this act, and shall hold their meetings at such times and places as the president may direct, for the purpose of the re-examination of any person, at his or her request, who has been refused registration by any county board; and if, upon such re-examination, such person shall be found qualified to practice medicine or surgery, said State Board shall grant to him or her a certificate accordingly, which certificate shall entitle the person so receiving it to be registered as provided in this act, in any county in this State. Such applicant shall pay the State Board a fee of five dollars; *Provided*, That no person desiring to practice medicine under this act shall be excluded therefrom on account of any particular system or school of medicine that he may desire to practice.

11. Any person who shall hereafter engage in the practice of medicine and surgery, or either, in this State, without being registered under this act, shall be deemed guilty of a misdemeanor, and upon conviction, in any court having jurisdiction under the laws of this State, shall be fined in any sum not less than ten nor more than one hundred dollars. And each day said physician shall practice medicine, without being registered as hereinbefore required, shall be deemed a separate offense.

12. That this act take effect and be in force from and after its passage, for the purpose of the appointment and organization of the boards herein provided for; but no physician or surgeon shall be in violation of this act, if he or she shall comply with the provisions thereof at or before the regular meeting of the county board, in July of the year 1881.

Approved March 9, 1881.

THE

HOT SPRINGS SANITARIUM

HOT SPRINGS, ARKANSAS.

This institution is located one block southeast of the depot, on a bluff overlooking the portion of the city lying in the valley, and is thus free of the fog and steam so common to that part. The large amount of sunlight and fresh air is all that can be desired.

It is a home-like, cheerful place, newly furnished throughout; is provided with all modern improvements, electric and gas light, electric bells, etc. The floors have been carefully waxed and oiled and covered by handsome art squares, thus avoiding the accumulation of dust and dirt, and insuring absolute cleanliness.

In addition to it being a quiet, comfortable place, we are prepared to furnish a special diet to those who need such personal care as it is impossible for a hotel or boarding house to provide.

☞ **Do not confuse the SANITARIUM with a Hospital or Infirmary, as it is not conducted on that plan.**

Correspondence respectfully solicited.

Hot Springs Sanitarium Company

WELLINGTON RICKERT, Manager,

Cor. Church and Pleasant Sts., HOT SPRINGS, ARK.

TERRALINE, PURIFIED PETROLEUM, Cod Liver Oil Substitute. TERRALINE COMPANY, WASHINGTON, D. C.

CALIFORNIA.

CAPITAL, SACRAMENTO.

POPULATION OF STATE, 1,208,130.

(Census of 1890.)

Males	700,059	Native	841,821
Females	508,071	Foreign	366,309
White	1,111,672	Chinese	73,619
Colored	11,322	Indians	11,517

California, the second largest State in the Union, extends from 32° 34′ to 42° N. latitude, and from 114° 8′ to 124° 24′ W. longitude, and is bounded on the north by Oregon, on the east by Nevada and Arizona, on the south by Mexico, and on the west by the Pacific Ocean. It comprises an area of 188,981 square miles, or 120,947,840 acres. It is naturally divided into four distinct regions: 1. The Coast Ranges; 2. The Sierra Nevada; 3. The Central Valley; 4. The Southwestern Region. California has but two large rivers, the Sacramento and San Joaquin, which traverse the Great Central Valley in opposite directions and empty into Suisun Bay, and the Klamath and Salinas and numerous smaller streams drain the State. The climate of California varies considerably in different portions, the mean annual temperature in the north being below 50° F., while in the southeastern portion it exceeds 70° F. The mean annual temperature at San Francisco for a period of 11 years was 55.23, and at Fort Yuma for a corresponding period, 74.77. In San Francisco rain falls freely during November and December, and the hottest months are September, October, August and July, in the order named.

The interior of the State, not being influenced by the sea, has a continental climate, and the greater the distance from the ocean the colder the nights and the warmer the days. The average annual rainfall increases from S. to N., and in the Sierra Nevada with the altitude; in Fort Yuma it is but 4 inches; in San Diego 9.16; in Sacramento 19.56; in San Francisco 21.69; and in the Sierra, at an altitude of 5,000 feet, 45 inches and more.

California may well be called the Garden of the World, for, embracing as it does every kind of soil and climate, it yields all the products of the temperate and many of the semi-tropical and tropical regions. The Sierras and the coast mountains constitute the most prominent geographical and topographical features of California. The former inosculates with the coast ranges at its two extremities, the Tejon Pass in the south, and Mount Shasta in the north. In these localities the two systems are so linked that the distinction between them becomes a geological and not a geographical one. Nearly every species of wild animal, from the grizzly to the opossum, may be found in the State, and all orders of birds common to the temperate zone are well represented. Reptiles are numerous, and the rivers and lakes swarm with members of the finny tribe, which in variety, size and quality, excel those of any other division of like extent. So much has been

Bernd's Physicians' Registers for Office and Pocket Use. Ask your Bookseller to show you these Account Books before buying any other. (See adv., page 15.)

said and written of the great mineral resources of California as to render it unnecessary to enter into a detailed account; suffice it to say, that the State still maintains its position at the head of the mineral-producing countries of the world.

The great valleys of the Sacramento and San Joaquin are especially adapted to agriculture, the lands being fertile and productive, and the climate all that the most exacting farmer could desire. There are many mineral springs in the State.

The educational advantages are exceptionally great, and religion is represented by churches of all denominations. For many years California has ranked among the health resorts of the world, and invalids from all parts have flocked here, and after a few months' sojourn have gone on their way rejoicing over renewed health and strength.

There are five medical colleges in the State: The Cooper Medical College, San Francisco; the Medical Department University of California, formerly Toland Medical College, San Francisco; the California Medical College (eclectic), San Francisco; the Hahnemann (homœopathic), San Francisco, and the College of Medicine of the University of Southern California, Los Angeles. The following shows the increase of population for the past 40 years:

1850	92,597	1880	864,694
1860	370,994	1890	1,208,130
1870	582,031		

Rate of Mortality in California, as computed from the U. S. Census of 1890.

Population.	Deaths in 1890.	Rate per 1,000.	White.	Colored.	Rate per 1,000 White.	Rate per 1,000 Colored.
1,208,130	17,713	14.65	16,422	1,281	14.77	13.28

Total number of deaths from consumption during 1890 was 2,889, which was at the rate of 2.39 per 1,000 of population, or 163.19 per 1,000 of total deaths.

MEDICAL INSTITUTIONS.

Alameda County Infirmary—Established, 1869. Capacity, 200. San Leandro Supt., A. Shirk, M.D.

California Home for the Care and Training of Feeble-Minded Children—Established, 1885. Capacity, 250. Glen Ellen. Physician-in-charge, A. E. Osborne, M. D., Ph. D. Matron, Mrs. Margaret P. Osborne.

California Woman's Hospital—Incorporated, 1873. Capacity, 60. 3118 Sacramento, San Francisco. House Surgeon, Dr. S. G. Boyd. Matron, Mrs. Jane Logan.

Children's Hospital and Training School for Nurses—Established, 1875. Capacity, 100. 3700 California, San Francisco. Physician-in-charge, Marcia E. Billings, M. D. Matron, Mrs. Goetjen.

Chinese Hospitals—East side Montgomery avenue bet Pacific and Broadway, and n s Pine bet Kearny and Dupont, San Francisco.*

City and County Hospital—Established, 1853. Capacity, 400. Ambulance service. Potrero avenue and 22d, San Francisco. Physician-in-charge, J. P. Le Fevre. Matron, Mary A. Nash.

Dr. A. M. Taylor's Private Hospital for the Treatment of Diseases of Women—

VACCINE VIRUS. CHICAGO VACCINE STABLES, OAK PARK, ILLLNOIS.
E. W. WOOD, M. D., Proprietor. (SEE PAGE 1365.)

MEDICAL LAWS OF CALIFORNIA.

AN ACT TO REGULATE THE PRACTICE OF MEDICINE IN THE STATE OF CALIFORNIA.

[The following sections of two acts to regulate the practice of medicine—the original act approved April 3, 1876; the act of amendment approved April 1, 1878—are still in force.]

[SECTION 1—*Amendatory Act.*] Every person in this State practicing medicine or surgery in any of its departments, shall possess the qualifications required by this act. Every such person shall present his diploma to one of the boards of examiners herein named, together with the affidavit mentioned in this act. If the board shall find all the facts required to be stated in said affidavit to be true, the board of examiners shall issue its certificate to that effect, signed by all the members thereof, and sealed with the seal of the board, and such certificate shall be conclusive as to the rights of the person named therein, to practice medicine and surgery in any part of this State.

[2—*Amendatory Act.*] The Medical Society of the State of California, the Eclectic Medical Society of the State of California, and the California State Homœpathic Medical Society, corporations organized and existing under and by virtue of the laws of this State, and no other corporation, society, person or persons, shall appoint annually a board of examiners, consisting of seven members, who shall hold their office for one year, and until their successors shall be chosen. The examiners so appointed shall go before a district or county judge and make oath that they are regular graduates, and that they will faithfully perform the duties of their office. Vacancies occurring in a board of examiners shall be filled by the society appointing it, by the selection of alternates or otherwise. The boards of examiners now organized or existing under and by virtue of their appointments by the aforesaid societies, shall continue to act as such boards until their successors are appointed at the next annual election.

ALE AND BEEF PEPTONIZED AS A NUTRIENT IN NERVOUS PROSTRATION AND CONVALESCENCE OF FEVERS AND La Grippe IT IS UNRIVALLED

[3.—*Original Act.*] The board of examiners shall organize within three months after the passage of this act. They shall procure a seal, and shall receive, through their secretary, applications for certificates and examinations. The president of each board shall have authority to administer oaths, and the board take testimony in all meetings relating to their duties. They shall issue certificates to all who furnish satisfactory proof of having received diplomas or licenses from legally chartered medical institutions in good standing. They shall prepare two forms of certificate, one for persons in possession of diplomas or licenses, the other for candidates examined by the board. They shall furnish to the county clerks of the several counties a list of all persons receiving certificates. In selecting places to hold their meetings, they shall, as far as is reasonable, accommodate applicants residing in different sections of the State, and due notice shall be published of all their meetings. Certificates shall be signed by all the members of the board granting them, and shall indicate the medical society to which the examining board is attached.

[3—*Amendatory Act.*] Said board of examiners shall examine diplomas as to their genuineness, and if the diploma shall be found genuine as represented, the secretary of the board of examiners shall receive a fee of five dollars from each graduate or licentiate, and no further charge shall be made to the applicant; but if it be found to be fraudulent, or not lawfully owned by the possessor, the board shall be entitled to charge and collect twenty dollars of the applicant presenting such diploma. The applicant shall accompany his diploma with an affidavit stating that he is the lawful possessor of the same; that he is the person therein named; that the diploma was procured in the regular course of medical instruction, and without fraud or misrepresentation of any kind; and that the medical institution granting the diploma had, at the time of granting the same, a full corps of medical instructors, and was, at the said time, a legally incorporated institution, actually and in good faith engaged in the business of medical education, and in good standing as a medical institution, and that the applicant had complied with all the requirements of said institution. Such affidavit may be taken before any person authorized to administer oaths, and the same shall be attested under the hand and official seal of such officer, if he have a seal. In addition to such affidavit, the board of examiners may hear such further testimony as in their discretion they may deem proper to hear as to the verification of any such diploma, or as to the identity of the person named therein, or as to the manner in which any such diploma was procured. And if it should appear from such testimony that any fact stated in said affidavit is untrue, the application of such person for a certificate shall be rejected. None of said boards shall entertain an application which has been rejected by another of said boards, nor shall any rejected application be renewed until at least one year after the action of the board rejecting the same.

[4—*Amendatory Act.*] The boards of examiners must refuse certificates to individuals guilty of unprofessional conduct. But before any such refusal, the applicant must be cited, by a citation signed by the secretary of the board and sealed with its seal, to appear before the board at a time and place certain, for the purpose of being heard as to such unprofessional conduct. Said citation shall notify the applicant of the time and place where and when the matter of said unprofessional conduct shall be heard, the particular unprofessional conduct with which the applicant is charged, and that the applicant shall then and there appear in person and attended with such witnesses to testify on his behalf as he may desire, or default will be taken against him, and his application for a certificate refused. The attendance of witnesses at such hearing shall be compelled by subpœnas issued by the secretary of the board, under its seal; and said secretary shall in no case refuse to issue any such subpœna on a fee of fifty cents being paid him for each subpœna. Said citations and said subpœnas shall be served in accordance with the existing provisions of law as to the service of citations and subpœnas generally. At such hearing witnesses shall be examined on the part of the board and on the part of the applicant as to the fact of the applicant having been guilty of the conduct set out in the citation; and either side may examine medical experts as to whether such conduct is unprofessional; and if it appears to the satisfaction of the board that the applicant is guilty of said unprofessional conduct, no certificate shall be issued to him. But no application shall be refused on the ground of unprofessional conduct unless the applicant has been guilty of unprofessional conduct within one year next preceding his application. If any holder of a certificate be guilty of unprofessional conduct, his certificate must be revoked by the board granting it; but no such revocation shall be valid without said holder being cited to appear and the same proceedings be had as is hereinbefore provided in this section in case of refusal to grant a certificate. Whenever a certificate is revoked the secretary of the board revoking the same shall certify, under the seal of the board, to the county clerk of the county in which the person whose certificate has been revoked is at the time of said revocation practicing his profession, and said clerk shall thereupon write on the margin or across the face of his register of the certificate of such person the fact of such revocation, signing his name thereto, and shall file in his office said certificate of revocation. Each of said boards may, from time to time, adopt such rules as may be necessary to the orderly conduct of all the proceedings taken and had before it. It shall be the duty of the secretaries of the respective boards to notify the secretaries of all other boards provided for under this act, of all applicants to whom licenses may have been refused, together with the reasons of such refusals by such boards.

[10—*Original Act.*] In all cases of refusal or revocation of a certificate, the applicant may appeal to the body appointing the board.

[9—*Amendatory Act.*] Should either of the said boards issue a certificate to any person whose application for a certificate has been previously rejected by another of the said boards within one year after the rejection of said application, then, in such case, the certificate issued as aforesaid to said rejected applicant shall be null and void and of no effect.

[8—*Amendatory Act.*] Any person assuming to act as a member of a board of examiners, under this act, or under the act to which this act is supplemental and amendatory, and who shall sign or subscribe, or issue or cause to be issued, or seal or cause to be sealed, a certificate authorizing any person to practice medicine or surgery in this State, except the person so act-

The F. A. DAVIS CO., Medical Publishers, PHILADELPHIA. New York, 117 W. 42d St. Chicago, 20 Lakeside Bldg. London, 40 Berners St., Oxford St. W.
(See p. Opp. Contents.) **Publishers of the "Annual of the Universal Medical Sciences."**

ing and doing being appointed by one of the societies mentioned in section two of this act, or be authorized so to do by a board of examiners appointed by one of the societies mentioned in section two of this act, shall be deemed guilty of a misdemeanor, and shall be punished by a fine of not less than fifty dollars ($50), or by imprisonment in the county jail for a period of not less than thirty days nor more than three hundred and sixty-five days, or by both such fine and imprisonment.

[5—*Original Act.*] All examinations of persons not graduates or licentiates shall be made directly by the board, and the certificates given by the boards shall authorize the possessor to practice medicine and surgery in the State of California; but no examination into the qualifications of persons not holding diplomas or licenses shall be made after the thirty-first day of December, eighteen hundred and seventy-six. After that date no certificates shall be granted by them, except to persons presenting diplomas or licenses from legally-chartered medical institutions in good standing.

[8—*Original Act.*] Candidates for examination shall pay a fee of five dollars, in advance, which shall be returned to him if a certificate be refused. The fees received by the board shall be paid into the treasury of the medical society by which the board shall have been appointed, and the expenses and compensation of the board shall be subject to arrangement with the society.

[9—*Original Act.*] Examinations may be in whole or in part in writing, and shall be of an elementary and practical character, but sufficiently strict to test the qualifications of the candidate as a practitioner.

[6—*Original Act.*] Every person holding a certificate from a board of examiners shall have it recorded in the office of the clerk of the county in which he resides, and the record shall be indorsed thereon. Any person removing to another county to practice, shall procure an indorsement to that effect on the certificate from the county clerk, and shall record the certificate in like manner, in the county to which he removes, and the holder of the certificate shall pay to the county clerk the usual fees for making the record.

[7—*Original Act.*] The county clerk shall keep, in a book provided for the purpose, a complete list of the certificates recorded by him, with date of the issue and the name of the medical society represented by the board of examiners issuing them. If the certificate be based on a diploma or license, he shall record the name of the medical institution conferring it, and the date when conferred. The register of the county clerk shall be open to public inspection during business hours.

[5—*Amendatory Act.*] Any person shall be regarded as practicing medicine within the meaning of this act who shall profess publicly to be a physician or who shall habitually prescribe for the sick, or who shall append to his name the letters "M. D." But nothing herein contained shall be construed to prohibit gratuitous services in case of emergency. And this act and the act to which this act is supplemental and amendatory shall not apply to lawfully commissioned surgeons of the United States army and navy practicing their profession within the limits of this State.

[7—*Amendatory Act.*] Any person practicing medicine or surgery in this State, without first having procured a certificate to so practice from one of the boards of examiners appointed by one of the societies mentioned in section two of this act, shall be deemed guilty of a misdemeanor, and shall be subject to the penalties provided in section thirteen of the act to which this act is amendatory and supplemental; but no person who holds a certificate from one of such boards of examiners, or who holds a certificate heretofore granted by the board of examiners heretofore existing by virtue of appointment by the California State Medical Society of Homœopathic Practitioners, shall be compelled to procure a new certificate; and all powers and privileges of said boards of examiners under the act to which this act is supplemental and amendatory, are hereby transferred the boards of examiners created by this act.

[12—*Original Act.* 6—*Amendatory Act.*] Any itinerant vendor who shall sell or offer for sale any drug, nostrum, ointment, or appliance of any kind intended for the treatment of disease or injury; or any person who shall, by writing or printing, or by any other method, publicly profess to cure or treat disease, injury or deformity by any medicine, drug or drugs, nostrum, manipulation, or other expedient, shall pay a license of one hundred dollars a month. Such license shall be collected as other licenses are.

[13—*Original Act.*] Any person practicing medicine or surgery in this State, without complying with the provisions of this act, shall be punished by a fine of not less than fifty dollars ($50), nor more than five hundred dollars ($500), or by imprisonment in the county jail for a period of not less than thirty days nor more than three hundred and sixty-five days, or by both such fine and imprisonment, for each and every offense; and any person filing or attempting to file, as his own, the diploma or certificate of another, or a forged affidavit of identification, shall be guilty of a felony, and, upon conviction, shall be subject to such fine and imprisonment as are made and provided by the statutes of this State for the crime of forgery.

[Section 11 of the original act permitted students to "prescribe under the supervision of preceptors;" but this permission is rescinded by the amendatory act.]

The postoffice address is shown in **Display Type,** *the name of county in which it is located immediately follows, and then the population of the place. The names of Physicians appear under the postoffice name, the first number (the key to which will be found on pages 101 to 120) indicates the college of graduation, and the last number the year in which diploma was granted.*

FORBES DIASTASE Is not simply a Predigested Food, but an absolutely certain Digestive Agent.

The postoffice address is shown in **Display Type,** *the name of county in which it is located immediately follows, and then the population of the place. The names of Physicians appear under the postoffice name, the first number (the key to which will be found on pages 101 to 120) indicates the college of graduation, and the last number the year in which diploma was granted.*

The postoffice address is shown in **Display Type,** *the name of county in which it is located immediately follows, and then the population of the place. The names of Physicians appear under the postoffice name, the first number (the key to which will be found on pages 101 to 120) indicates the college of graduation, and the last number the year in which diploma was granted.*

COLORADO.

CAPITAL, DENVER.

POPULATION OF STATE, 412,198.

(Census of 1890.)

Males	245,247	Native	328,208
Females	166,951	Foreign	83,990
White	404,468	Chinese	1,408
Colored	6,215	Indians	107

Colorado extends from 37° to 41½° north latitude, and from 102° to 109° west longitude, and is bounded on the north by Wyoming and Nebraska, on the east by Nebraska and Kansas, on the south by New Mexico and the Indian Territory, and on the west by Utah. It is the third largest State in the Union, ranking after Texas and California, and comprising an area of 104,500 square miles, or 66,860,000 acres. The main range of the Rocky mountains runs through the center of the State and forms the "Continental Divide." From one side the streams flow into the Gulf of Mexico, and from the other into the Pacific ocean.

The principal rivers are the South Platte and Arkansas, and these with their tributaries suffice to irrigate all the farm lands in the great agricultural counties of the State. The streams are fringed by cottonwood, box elder and willow trees, and in the foot hills and on the mountains pure spruce and cedar cover vast areas.

Rain falls from May to July, and the other months are dry.

The mean annual temperature is about 48°.

Rich native grasses and an abundant supply of pure, cold water, render the State peculiarly attractive to stock-raisers and dairy farmers. Nearly every variety of mineral and ore is found in Colorado, and in the production of silver it stands at

American Veterinary College. (UNIVERSITY OF THE STATE OF NEW YORK.) Address DEAN, 139 and 141 W. 54th Street, NEW YORK CITY. (See Page 12.)

the head of all the States in the Union. Iron and coal abound, as do also gold, lead, copper, zinc, mercury, granite, marbles, sandstone, fire and pottery clay, gypsum and lithographic stone. The climate is proverbially healthful, the atmosphere is dry, free from malarial poisons and highly electric, acting as an invigorating draught. As regards school and church facilities, in proportion to its population Colorado is unsurpassed.

The following table shows the increase in population for the past 30 years:

1860	34,277	1880	195,234
1870	99,864	1890	412,198

There are numerous mineral springs in the State.

There are three medical colleges in the State—the Medical Department of the University of Denver, in Denver; the Medical Department of the University of Colorado in Boulder; and the Gross Medical College, in Denver.

Rate of Mortality in Colorado, as computed from the U. S. Census of 1890.

Population.	Deaths in 1890.	Rate per 1,000.	White.	Colored.	Rate per 1,000 White.	Rate per 1,000 Colored.
412,198	5,453	13 23	5,367	86	13.27	11.13

Total number of deaths from consumption during 1890 was 489, which was at the rate of 1.18 per 1,000 of population, or 89 68 per 1,000 of total deaths.

MEDICAL INSTITUTIONS.

Arapahoe Co. Hospital—Established, 1873. Capacity, 200. 6th av and S. 14th, Denver. Physician-in-Charge, Wm. C. Braden. Superintendent, Wm. Clark. Matron, Susan C. Hearle.

MEDICAL LAWS OF COLORADO.

AN ACT TO PROTECT THE PUBLIC HEALTH AND REGULATE THE PRACTICE OF MEDICINE IN THE STATE OF COLORADO.

Be it enacted by the General Assembly of the State of Colorado:

SECTION 1. That a board is hereby established which shall be known under the name and style of the State Board of Medical Examiners, to be composed of nine practicing physicians of known ability and integrity, who are graduates of medical schools of undoubted respectability, giving each of the three schools of medicine (known as the regular, homœopathic and eclectic schools) a representation as follows, to wit: six physicians of the regular, two of the homœopathic, and one of the eclectic school or system of medicine.

2. The Governor of this State shall, as soon as practicable after this act shall have become a law, appoint a State Board of Medical Examiners, as provided in section one of this act, and the members first appointed shall be so designated by the Governor that the term of office of three shall expire in two years from the date of appointment, the term of office of three shall expire in four years from the date of appointment, and the term of office of three shall expire in six years from the date of appointment; thereafter, the Governor shall biennially appoint three members, possessing qualifications as specified in section one, to serve for the term of six years, and he shall also fill all vacancies that may occur, as soon as practicable: *Provided*, that in making biennial appointments or filling vacancies the representation of the medical schools in the board shall not be changed from the original basis as in section one of this act.

3 The board of medical examiners shall, as soon after their appointment as practicable, organize by the election of one of their members as president, one as secretary and one as treasurer, and adopt such rules as are necessary for their guidance in the performance of the duties assigned them, and also to adopt a seal, which shall be affixed to all certificates issued by them to practitioners of medicine.

4. That every person practicing medicine in any of its departments, shall possess the qualifications required by this act. If a graduate in medicine, he shall present his diploma to the State Board of Medical Examiners for verification, or furnish other evidence conclusive of his being a graduate of a legally-chartered medical school in good standing; the State Board of Medical Examiners shall issue its certificate to that effect, signed by a majority of the members thereof, and such diploma or evidence shall be conclusive as to the right of the lawful holder of the same to practice medicine in this State If not a graduate of a legally-chartered medical institution in good standing, the person practicing or wishing to practice medicine in this State, shall present himself before said board of medical examiners and submit himself to such examination as defined in section 7 of this act, and if the examination be satisfactory to

BERND'S REGISTERS. The MOST PRACTICAL SYSTEM for Keeping Physicians' Accounts. (See adv., page 15.)

the examiners, the said board of medical examiners shall issue its certificate in accordance with the facts, and the lawful holder of such certificate shall be entitled to all the rights and privileges herein mentioned. All persons who have made the practice of medicine and surgery their profession or business continuously for the period of ten (10) years, within this State, and can furnish satisfactory evidence thereof to the State Board of Medical Examiners, shall receive from said board a license to continue practice in the State of Colorado.

5. The State Board of Medical Examiners, within ninety (90) days after the passage of this act, shall receive, through its president, applications for certificates and examinations. The president of said board of medical examiners shall have the authority to administer oaths, and the said board of medical examiners to take testimony in all matters relating to its duties. It shall issue certificates to all who furnish satisfactory proofs of having received diplomas from some legally-chartered medical institution in good standing. It shall prepare two (2) forms of certificates—one for persons in possession of diplomas, the other for candidates examined by its members. It shall furnish to the county clerks of the several counties a list of all persons receiving certificates. Certificates shall be signed by a majority of the members of the board of medical examiners granting them.

6. There shall be paid to the treasurer of the State Board of Medical Examiners a fee of five dollars ($5) for each certificate issued to graduates or practitioners of ten (10) years' standing, and no further charges shall be made to the applicant. Candidates for examination shall pay a fee of ten dollars ($10) in advance.

7. All examinations of persons not graduates shall be made directly by the State Board of Medical Examiners. Examinations may be in whole, or part, in writing, and the subjects of examination shall be as follows: anatomy, physiology, chemistry, pathology, surgery, obstetrics, and practice of medicine (exclusive of materia medica and therapeutics).

8. Every person holding a certificate from the State Board of Medical Examiners shall have it recorded in the office of the clerk of the county in which he resides, and the record shall be indorsed thereon. Any person removing to another county to practice shall procure an indorsement to that effect on the certificate, from the county clerk, and shall record the certificate in like manner in the county to which he removes, and the holder of the certificate shall pay to the county clerk a fee of one dollar ($1) for making the record.

9. The county clerk shall keep, in a book provided for the purpose, a complete list of the certificates recorded by him. If the certificate be based on a diploma, he shall record the name of the medical institution conferring it and the date when conferred. This register shall be open to public inspection in business hours.

10. The State Board of Medical Examiners may refuse certificates to individuals who have been convicted of conduct of a criminal nature, and they may revoke certificates for like causes.

11. Any person shall be regarded as practicing medicine within the meaning of this act who shall profess publicly to be a physician and prescriber for the sick, or shall attach to his name the title "M. D." or "Surgeon," or "Doctor," in a medical sense. But nothing in this act shall be construed to prohibit gratuitous services in cases of emergency.

12. Any person practicing medicine or surgery in any of their departments, in this State, without complying with the provisions of this act, shall be punished by a fine of not less than fifty dollars ($50), nor more than three hundred dollars ($300), or by imprisonment in the county jail for not less than ten (10) nor more than thirty (30) days, or by fine and imprisonment, for each and every offense; and any person filing, or attempting to file, as his own, the diploma or certificate of another, or who shall give false or forged evidence of any kind, shall be guilty of a felony, and upon conviction shall be subject to such fine and imprisonment as are made and provided by the statutes of this State for the crime of forgery.

13. All fees received by the treasurer of said board of examiners, and all fines collected by any officer of the law, under this act, shall be paid into the State treasury; and all necessary expenses of the board shall be paid for out of the funds of the State treasury not otherwise appropriated; but no fee shall be required or accepted by any member of the board for services.

14. The State Board of Medical Examiners shall meet as a board of medical examiners in the city of Denver, on the first Tuesdays of January, July and October of each year, and at such other times and places as may be found necessary for the performance of their duties.

Approved March 14, 1881.

15. [*Amendatory.*] No person shall be deemed to have violated the provisions of this act, or the act of which it is amendatory, who has complied with provisions on their part; and it shall be the duty of the State Board of Medical Examiners to issue certificates to all persons, authorizing them to practice medicine in this State, who shall have complied with the provisions of this act, and the act of which it is amendatory, including graduates of the electropathic school, without prejudice, partiality, or discrimination as to schools or systems of practice or medicine. That only courts of record in the State of Colorado shall have jurisdiction over and power to enforce the provisions of this act.

The postoffice address is shown in **Display Type,** *the name of county in which it is located immediately follows, and then the population of the place. The names of Physicians appear under the postoffice name, the first number (the key to which will be found on pages 101 to 120) indicates the college of graduation, and the last number the year in which diploma was granted.*

DR. STRONG'S SANITARIUM, SARATOGA SPRINGS, N. Y.
Send for Illustrated Circular. (See Adv., Page 8.)

CONNECTICUT.

CAPITAL, HARTFORD.

POPULATION OF STATE, 746,258.

(Census of 1890.)

Males	369,538	Native	562,657
Females	376,720	Foreign	183,601
White	733,438	Chinese	290
Colored	12,302	Indians	228

Connecticut, one of the original 13 States, extends from 41° to 42° 2¾′ N. latitude, and from 70° 55′ to 73° 50′ W longitude, and is bounded on the north by Massachusetts, on the east by Rhode Island, on the west by New York, and on the south by Long Island Sound. It comprises an area of 4,730 square miles, or 3,027,200 acres. The principal rivers are the Connecticut, the Thames, Housatonic, Naugatuck, Shepaug, Noraton, Norwalk and Mystic. Numerous miniature lakes are distributed over its surface.

The climate is marked by great extremes and sudden changes; the winters are cold, the summers very warm. The district bordering on the sea is the hottest, and the northwestern portion the coldest. The mean annual temperature, as observed at the capital, is about 50°, and the rainfall varies from 41 to 47 inches, according to the place of observation.

The principal minerals are copper, cobalt, barytes, hydraulic lime, bismuth, valuable building stone, marble, nickel and feldspar.

The higher portions are well adapted to agriculture, which forms an important item in the industries of the State.

The following table shows the increase in the population for the past 90 years:

1800	251,002	1850	370,792
1810	261,942	1860	460,187
1820	275,148	1870	537,454
1830	297,675	1880	662,700
1840	309,978	1890	746,258

There are three colleges in the State—Yale University at New Haven, Trinity College at Hartford (Episcopal), and the Wesleyan University at Middletown. Besides these, there are many professional schools, and there is a very complete system of public schools. The religious facilities are all that could be desired.

"SARATOGA BATHS," H. M. LEVENGSTON, JR., Proprietor, SARATOGA SPRINGS, N. Y. (See Adv., Page 14.)

The Medical department of Yale University is the only medical institution in the State; it is located in New Haven.

Connecticut has no lofty mountains, but it includes the southern extremities of the two great New England ranges, the Green and the White Mountains. The State possesses many excellent harbors on Long Island Sound.

Rate of Mortality in Connecticut, as computed from the U. S. Census of 1890.

Population.	Deaths in 1890.	Rate per 1,000.	White.	Colored.	Rate per 1,000 White.	Rate per 1,000 Colored.
746,258	14,470	19.52	14,161	309	19.31	24.10

The number of deaths from consumption during 1890 was 1,743, which was at the rate of 2.34 per 1,000 of population, or 120.46 per 1,000 of total deaths.

MEDICAL INSTITUTIONS.

MEDICAL LAWS OF CONNECTICUT.

GENERAL STATUTES, CHAP. CLXXXV.

ITINERANT MEDICAL PRACTITIONERS.

SECTION 3006. Any itinerant person, not an inhabitant of this State, who shall, by circular, handbill or any other mode of advertisement, profess to treat, and shall, in any town in this State, treat disease or injury by any drug, nostrum, manipulation or other expedient, shall be fined twenty-five dollars for each day that he shall exercise his profession without procuring a license therefor.

VACCINE VIRUS. Chicago Vaccine Stables. Heavy, Double-Charged Ivory Points. (See Page 1365.)

3007. Selectmen in towns and the chief officer of police in cities, may issue such licenses upon payment to the town or city treasurer by such itinerant person of the sum of twenty dollars for each day for which his license may be granted. The license shall distinctly state the number of days which it shall be in force, and may be renewed at its expiration for any further time, upon the same terms. Such selectmen and chief officer of police shall record such licenses in books kept by them for that purpose, which shall be open to public inspection.

3008. Prosecutions for violation of this chapter may be heard and determined by police courts, where established, and by justices of the peace in other towns.

The names of Physicians appear under the postoffice name, the first number (the key to which will be found on pages 101 to 120) indicates the college of graduation, and the last number the year in which diploma was granted.*

Walnut Lodge Hospital,

HARTFORD, CONN.

Organized in 1880 as a Private Hospital for the Special Cure and Treatment of Alcohol and Opium Inebriates. This Institution is based on the modern view that **Inebriety** is a **Disease** and **Curable,** and that the best results are obtained in the treatment of these cases in small hospitals, where each case can receive the individual care of the physician.

This Institution is finely situated on the outskirts of the city, and the rooms are all large, heated with steam, and lighted with gas, and arranged for comfort, so that each one can have all the advantages of a large asylum with the quiet and privacy of a home. The treatment comprises the use of every means which science and experience have found to be of value in building up the brain and nervous system, and includes

TURKISH, VAPOR, ROMAN, ELECTRICAL AND SALINE BATHS,

MASSAGE, ELECTRICITY,

and other remedies. Experience shows that a large proportion of cases who come for treatment, and earnestly use all the means provided, are permanently restored and cured. Each case is treated individually, and the special care and restraint is adapted to the needs of each one. Only a limited number of cases are received, and every patient is under the direct, personal care of an attendant and the physician.

Applications for admission, and all letters of inquiry, should be addressed

DR. F. SCHAVOIR'S SANITARIUM,

STAMFORD, CONN.

Fifty Minutes' Ride from Grand Central Depot, New York.

The Institution is situated on Richmond Hill, an elevation overlooking Stamford and its harbor, and commands a beautiful and extensive view over Long Island Sound, in close proximity to the town of Stamford.

The distance from the Institution to the railroad depot is about eight minutes' walk, yet there is perfect quiet and seclusion, and patients enjoy the freedom of extensive grounds, comprising about nine acres of land laid out in groves, garden, orchards, lawns and walks.

The appointments in the house are elegant and comfortable, and patients enjoy all the privileges of a home.

The establishment is intended for the treatment of

DISEASES OF WOMEN,

and also all diseases which can be benefited by Electricity, appliances of the most perfect and improved kind being in use, among which, the Electric Bath with Localized Current is especially adapted for the treatment of

CHRONIC RHEUMATISM AND GOUT,

Neurasthenia, Cerebral or Spinal Irritation, Neuralgia, Functional Neuroses, Lowered Nutrition, Hypochondria, Etc.

Skilled physicians and surgeons are connected with the establishment, and operations can be performed under the most favorable conditions.

Terms according to treatment required.

The postoffice address is shown in **Display Type,** *the name of county in which it is located immediately follows, and then the population of the place. The names of Physicians appear under the postoffice name, the first number (the key to which will be found on pages* 101 *to* 120) *indicates the college of graduation, and the last number the year in which diploma was granted.*

Forbes Diastase. The vomiting of coherent curds by infants is *always* stopped when a little powdered cracker and a few drops of Forbes Diastase are mixed with the milk.

DELAWARE.

CAPITAL, DOVER.

POPULATION OF STATE, 168,493.

(Census of 1890.)

Males	85,573	Native	155,332
Females	82,920	Foreign	13,161
Whites	140,066	Chinese	37
Colored	28,386	Indians	4

Delaware is bounded on the north by Pennsylvania, on the west and south by Maryland and on the east by the Atlantic ocean and the Delaware river and bay, and extends from 38° 28′ to 39° 50′ N. latitude. It is one of the 13 original States, and comprises an area of 2,120 square miles, or 1,356,800 acres. The Delaware river, which washes the eastern border, is the only navigable river in the State, the other rivers being the Indian and Nanticoke. The climate is mild, the mean annual temperature being about 53°. The soil in the interior is light and easily cultivated, and peach growing is a prominent industry. The surface in the north is diversified with hill and dale, but in the southern portion it is almost a dead level.

Manufacturing engages the attention of a considerable portion of the population, and is carried on chiefly in Wilmington and vicinity. The maritime commerce of Delaware is not extensive despite the fact that it borders on navigable waters.

The State is well provided with educational establishments, having three colleges: Delaware College, at Newark; St. Mary's, at Wilmington, and Brandywine

American Veterinary College. (UNIVERSITY OF THE STATE OF NEW YORK.) Address DEAN, 139 and 141 W. 54th Street, NEW YORK CITY. (See Page 12.)

College, at Brandywine, and a very complete system of public schools. All religious denominations are represented. The following table shows increase in population since 1860 :

1860	112,216	1880	146,608
1870	125,015	1890	168,493

There are no medicinal springs in the State.

Rate of Mortality in Delaware, as computed from the U. S. census of 1890.

Population.	Deaths in 1890.	Rate per 1,000.	White.	Colored.	Rate per 1,000, White.	Rate per 1,000, Colored.
168,493	3,107	18.53	2,412	695	17.22	24.45

The number of deaths from consumption during 1890 was 476, which was at the rate of 2.83 per 1,000 of population, or 153.20 per 1,000 of total deaths.

MEDICAL INSTITUTIONS.

Delaware State Hospital—Established, 1889. Capacity, 200. State Road, Farnhurst. Physician-in-charge, David D. Richardson. Matron, Louise H. Llewellyn.

Homœopathic Hospital of Delaware—Established, 1888. Capacity, 43. Ambulance service. Van Buren and Shallcross av., Wilmington. Supervising nurse, S. W. Wartman.

The Delaware Hospital—Established, 1890. Capacity, 30. Ambulance service. 14th from Jefferson to Washington, Wilmington. Supt., Julia Curtin Wilson.

State Board of Health—Secretary, E. B. Frazer, Wilmington.

MEDICAL SOCIETIES.

Delaware State Medical Society.—Next annual meeting the second Tuesday in June, 1893, at Cape Henlopen City. President, Ezekiel Cooper ; Vice-President, Joseph B. Waples, Georgetown ; Secretary, Wm. C. Pierce, 827 Washington, Wilmington ; Treasurer, O. D. Robinson, Georgetown.

Homœopathic Medical Society of Delaware and Peninsula.—President, A. E. Frantz, Wilmington. ; Secretary, T. O. Clemens, Dover.

Wilmington City Medical Society.—Secretary, Thomas B. Bradford, 1301 Market.

OAKWOOD SPRINGS SANITARIUM, —— LAKE GENEVA, WISCONSIN. —— Exclusively for Treatment of DISEASES OF THE NERVOUS SYSTEM. (See Page Opposite Chicago Physicians.)

MEDICAL LAWS OF DELAWARE.

AN ACT TO REGULATE THE PRACTICE OF MEDICINE IN THE STATE OF DELAWARE.

Be it enacted by the Senate and House of Representatives of the State of Delaware in General Assembly met:

SECTION 1. That it shall not be lawful for any person to practice medicine or surgery in this State who has not graduated with the degree of Doctor of Medicine and received a diploma from some medical college authorized to grant diplomas: *Provided*, that the provisions of this section shall not apply to persons who have been eight years in continuous practice in this State, or who are now or may hereafter be, authorized by the Board of Medical Examiners of this State as prescribed in Chap. 37, Sec. 3, of the Revised Code of the State of Delaware. (The Board of Medical Examiners shall be composed of as many fellows as the Society shall deem proper. The said society shall appoint its own president and secretary, and shall have power to grant licenses under their signatures for the practice of medicine and surgery in this State, and they are hereby required to grant such licenses to any person applying therefor who shall produce a diploma from a respectable medical college, or shall upon full and impartial examination be found qualified for such practice).

2. That any person who shall practice or attempt to practice medicine or surgery, or shall prescribe for any sick person or persons or perform any surgical operation for fee or reward, in violation of Sec. 1 of this act, shall be deemed guilty of a misdemeanor, and upon conviction thereof in any court of competent jurisdiction shall be fined in a sum of not less than one hundred dollars nor more than five hundred dollars for each and every offense, at the discretion of the court, one-half of said fine to be for the use of the informer, and the other half for the use of the State Board of Health.

3. Any person who shall attempt to practice medicine or surgery by opening a transient office within this State, or who shall by handbills or other form of written or printed matter or advertisement assign such transient office or place to meet persons seeking medical or surgical advice or prescription, shall, before being allowed to practice as aforesaid, appear before the clerk of the peace of any of the counties of this State and furnish to him satisfactory evidence that the provisions of Sec. 1 of this act have been complied with; the said clerk of the peace shall thereupon issue to the person so applying a license to practice medicine and surgery in any of the counties of this State, provided, that the person so applying shall pay or cause to be paid to the said clerk of the peace as a license fee the sum of two hundred dollars per annum for said privilege.

4. The provisions of this act shall not apply to physicians who are regular practitioners of any other State, coming into this State, in consultation.

5. That within ninety days after the passage of this act every physician engaged in the practice of medicine or surgery in this State, shall register with the clerk of the peace of the county in which he resides, his name, date of graduation, and the college from which he was graduated; and make oath or affirmation that the diploma or certificate of his qualification to practice, which he is hereby required to exhibit to the clerk of the peace, is a bona fide diploma or certificate, and conferred upon him by the institution named therein; or that he has been a practitioner of medicine or surgery for eight years or more. Any person hereafter engaging in the practice of medicine or surgery in this State shall be required to register as above. Anyone failing to comply with the provisions of this section shall forfeit the sum of ten dollars, to be collected by the clerk of the peace before any justice of the county, in the name of the State of Delaware, and all sums collected shall be appropriated as follows: one-half to the clerk of the peace, and one-half to be paid by him to the county treasurer for county purposes.

6. That all acts or parts of acts inconsistent herewith, are hereby repealed.

Passed April 19, 1883.

DISTRICT OF COLUMBIA.

POPULATION, 230,392.

(Census of 1890.)

Males	109,584	Native	211,622
Females	120,808	Foreign	18,770
White	154,695	Chinese	100
Colored	75,572	Indians	25

The District comprises an area of 64 square miles, or 40,960 acres, and is bounded on the south by the Potomac river, the balance being enclosed by the State of Maryland. The east Potomac river and Rock creek traverse the District and disembogue into the Potomac. The soil is fertile and productive. The climate is genial, the mean annual temperature being 56.16°, and the average annual rainfall 37.52 inches.

The following table shows increase in population during the past 50 years :

1840	43,712	1870	131,700
1850	51,687	1880	177,624
1860	75,080	1890	230,392

The entire District constitutes the county of Washington, in which the city of Washington, the capital of the United States, is situated.

The medical institutions in the District are the National Medical College (Medical Department Columbian University), medical department of the University of Georgetown, medical department of Howard University, and medical department of National University—all located in the city of Washington.

Rate of Mortality in the District of Columbia, as computed from U. S. Census of '90.

Population.	Deaths in 1890.	Rate per 1,000.	White.	Colored.	Rate per 1,000, White.	Rate per 1,000, Colored.
230,392	5,955	25 85	3,062	2,893	19.66	38.22

The number of deaths from consumption during 1890 was 827, which was at the rate of 3 59 per 1,000 of population, or 138.87 per 1,000 of total deaths.

MEDICAL LAWS OF DISTRICT OF COLUMBIA.

AN ACT TO REVISE, WITH AMENDMENTS, AN ACT TO INCORPORATE THE MEDICAL SOCIETY OF THE DISTRICT OF COLUMBIA.

Be it Enacted by the Senate and House of Representatives of the United States of America in Congress assembled:

SECTION 1. That Frederick May, M. D., Alexander McWilliams, M. D., and twenty others, and such other persons as they may from time to time elect, and their successors, are hereby declared to be a community, corporation and body politic, forever, or until Congress shall by law direct this charter to cease and determine, by and under the name and title of the Medical Society of the District of Columbia; and by and under the same name and title they shall be able and capable in law to purchase, take, have, and enjoy, to them and their successors, in fee or for lease, estate or estates, any land, tenements, rents, annuities, chattels, bank stock, registered debts, or other public securities within the District, by the gift, bargain, sale or demise, of any person or persons, bodies politic or corporate, capable to make the same, and the same, at their pleasure, to alien, sell, transfer, or lease and apply to such purposes as they may adjudge most conducive to the promoting and disseminating medical and surgical knowledge, and for no other purpose whatever: *Provided, nevertheless*, that the said society or body politic shall not, at any one time, hold or possess property, real, personal, or mixed, exceeding in total value the sum of six thousand dollars per annum.

2. That the members of the said society above designated shall hold, in the city of Washington, two stated meetings in every year, viz: on the first Mondays in January and July; the officers of the society to consist of a president, two vice-presidents, one corresponding secretary, one recording secretary, one treasurer and one librarian, who shall be appointed on the first Monday in July, one thousand eight hundred and thirty-eight, and on the annual meeting in January forever thereafter, and who shall hold their offices for one year, and until others are chosen in their stead (not less than seven members being present at such meeting); and the society may make a common seal and may elect into their body such medical and chirurgical practitioners, within the District of Columbia, as they may deem qualified to become members of the society, it being understood that the officers of the society now elected are to remain in office until the next election after the passage of this act.

3. That it shall and may be lawful for the said medical society, or any members of them attending (not less than seven), to elect by ballot five persons residents of the District of Columbia, whose duty it shall be to grant licenses to such medical and chirurgical gentlemen as they may, upon a full examination, judge qualified to practice the medical and chirurgical arts, or as may produce a diploma from some respectable medical college or society, each person so obtaining a certificate to pay a sum not exceeding ten dollars, to be fixed on or ascertained by the society.

GEORGETOWN UNIVERSITY—Medical Department.

Annual Session begins First Monday in October, and continues seven months.

FACULTY:

REV. J. HAVENS RICHARDS, S. J., President Georgetown University,

THOMAS ANTISELL, Ph. M., M. D., Emeritus Professor of Chemistry and Toxicology.

SAMUEL C. BUSEY, LL. D., M. D., Emeritus Professor of the Theory and Practice of Medicine.

G. L. MAGRUDER, A. M., M. D., Emeritus Professor of Materia Medica and Therapeutics, Dean of the Faculty.

JOSEPH TABER JOHNSON, A. M., Ph. D., M. D., Professor of Gynæcology.

CARL H. A. KLEINSCHMIDT, Ph. D., M. D., Professor of Physiology.

J. W. H. LOVEJOY, A. M., M. D., Professor of the Theory and Practice of Medicine, and President of the Faculty.

FRANK BAKER, Ph. D., M. D., Professor of Anatomy.

SWAN M. BURNETT, Ph. D., M. D., Professor of Ophthalmology and Otology.

JOHN W. BAYNE, M. D., Professor of Clin. Surgery.

I. W. BLACKBURN, M. D., Professor of General Pathology and Histology.

C. V. N. CALLAN, M. D., Professor of Clinical Medicine.

A. H. WITMER, M. D., Professor of Mental Diseases

IRVING C. ROSSE, A. M., M. D., Professor of Diseases of the Nervous System.

GEO. M. KOBER, M. D., Professor of State Medicine.

M. F. CUTHBERT, M. D., Professor of Clinical Medicine.

JOHN J. STAFFORD, Phar. D., A. M., M. D., Professor of Chemistry and Toxicology.

HENRY D. FRY, M. D., Professor of Obstetrics.

WILLIAM H. HAWKES, A M., M. D., Professor of Materia Medica and Therapeutics, and Clinical Professor of Diseases of Children.

JAMES KERR, M. D., Ch. M., Professor of Surgery.

HARRISON CROOK, M. D., Professor of Clinical Surgery.

F. T. CHAMBERLIN, M. D., Professor of Laryngology.

J. J. KINYOUN, M. D., Professor of Bacteriology and Hygiene.

I. S. STONE, M. D., Clinical Professor of Gynæcology.

H. A. ROBBINS, M. D., Clinical Professor of Dermatology and Genito-Urinary Diseases.

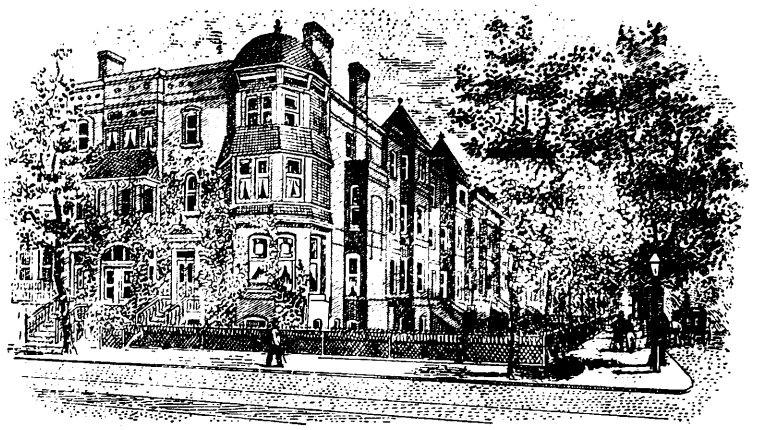
CHARLES W. STILES, Ph. D., Professor of Medical Zoology.

W. H. COFFRON, M. D., Adjunct Professor of Chemistry.

HUGH M. SMITH, M. D., Assistant to Professor of Physiology and to Professor of General Pathology and Histology.

J. F. MORAN, M. D., E. R. HODGE, M. D., Demonstrators of Anatomy and Curators of the Museum.

W. SINCLAIR BOWEN, M. D., Demonstrator of Obstetrics.



H. J. CROSSON, M. D., W. C. WOODWARD, M. D., Demonstrators of Surgery.

W. C. WOODWARD, M. D., RALPH H. ROSS, M. D., Assistant Demonstrators of Anatomy.

The course of instruction is graded, and attendance upon three annual winter sessions is required. Instruction is given by lectures, recitations, clinical teaching, and practical demonstrations. In the subjects of Anatomy, Chemistry, Physiology, Hygiene, Histology, Pathology and Bacteriology special practical laboratory instruction is given. The Laboratories have been enlarged and equipped during the past year with the most approved appliances, including high power microscopes.

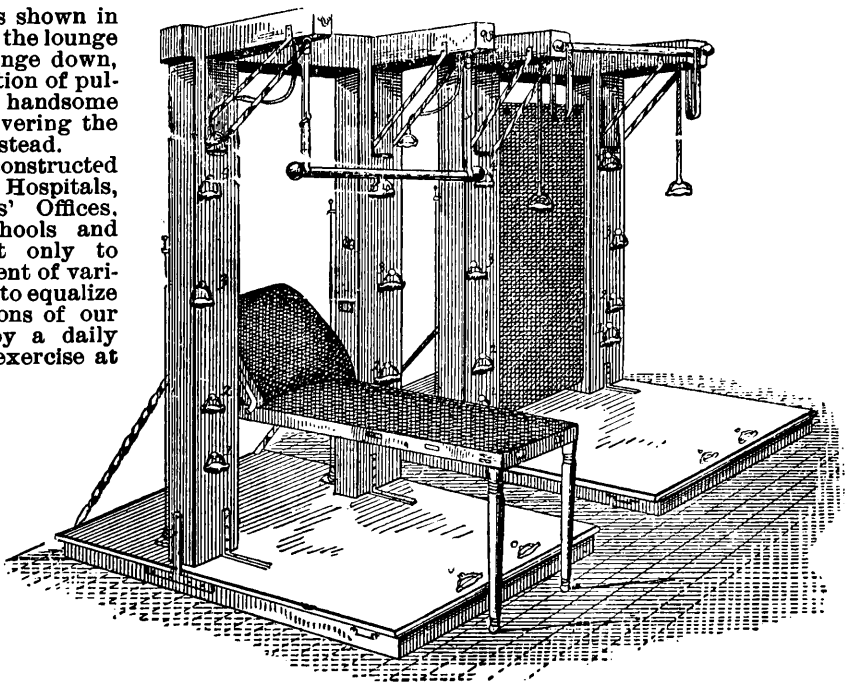
Excellent and ample clinical facilities are furnished by the various hospitals and dispensaries, as the Faculty is represented on the medical staffs of all these institutions. For annual announcement and further particulars, address the Dean,

DR. G. L. MAGRUDER, 815 Vermont Ave., WASHINGTON, D. C.

DR. JOSEPH TABER JOHNSON'S

PRIVATE SANATORIUM,

For Gynæcology and Abdominal Surgery



IS situated on the west side of Farragut Square, at the junction of 17th and K Streets and Connecticut Avenue—the most beautiful and healthful part of Washington. Number of patients limited to fifteen. All rooms face the street, and have open fire places and electric bells. Marble operating and bath rooms with latest and best equipment. No pregnant, contagious, or insane cases received. Each patient has a room to herself. A small ward has also been fitted up containing three beds, where surgical cases are received at one-third the usual rates when necessary. Nurses trained by Dr. Johnson are in attendance.

For further information, address **1728 K Street, Washington, D. C.**

THE HOME GYMNASIUM

The Gymnasium as shown in he cut, the right with the lounge ıp, and the left, lounge down, epresents a combination of pul- ey weights in one handsome iece of furniture covering the pace of a double bedstead.

This apparatus is constructed o fill the wants of Hospitals, anitariums, Doctors' Offices, olleges, Private Schools and rivate Houses, not only to nswer in the treatment of vari- us ailments, but also to equalize nd assist the functions of our ystem in health by a daily ourse of moderate exercise at ome.

The Following Endorsements are Given:

PHILADELPHIA, PA.

EAR SIR—Your Home ymnasium Apparatus ombines simplicity ith thorough effective- ess for the develop- ent and training of e mucsular system, nd withal has the erit of cheapness.

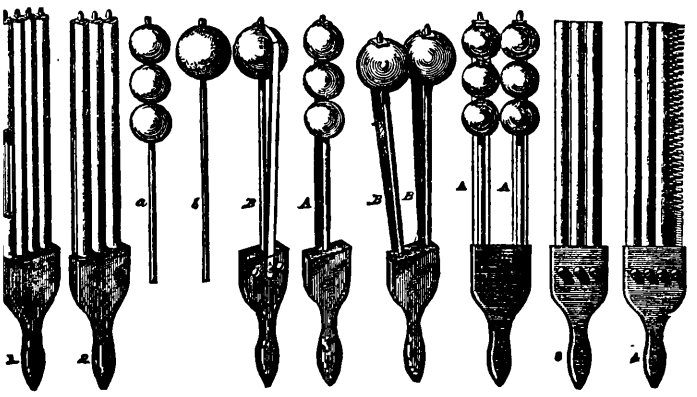
Yours truly,

PROF. D. HAYES AGNEW, 1611 Chestnut Street.

PHILADELPHIA, PA.

MY DEAR SIR—I have examined your Home Gymasium, and am very much pleased with it. It eems to me to give full opportunity for the exercise nd development of all the muscles of the body, and am sure that its rational use cannot fail to be of enefit to any one who will try it.

Very respectfully,



WM. PORTER, M. D., 1223 Spruce Street.

PHILADELPHIA, PA.

DEAR SIR—I have examined your Home Gymnasium Apparatus, and it appears to me entirely satisfactory. It seems to me to meet the objects for which it is intended, and to afford opportunity for the development of all of the muscles of the body.

Yours truly,

H. C. WOOD, M. D., 1925 Chestnut Street.

In addition to the Gymnasium proper, which is for active exercise, M. Ruebsam has invented

"The Muscle Beater,"

which is intended to furnish the passive part of the movement treatment. By the use of the Muscle Beaters every person may be their own manipulator, and with a small expense, remove any obstruction and prevent serious trouble.

I also give a few Endorsements as follows:

PHILADELPHIA, Nov. 5, 1886.

MR. JOHN E. RUEBSAM, DEAR SIR—I am in the abit of prescribing your Muscle Beaters in suitable ases, and with excellent success. It is an important djunct in massage treatment.

Yours respectfully,

PROF. D. HAYES AGNEW.

NEW YORK, January 12, 1887.

MR. JOHN E. RUEBSAM, DEAR SIR—I have recomended your Muscle Beaters to several of my paents. I consider them an ingenious and very valuble addition to the list of therapeutic agents for the eatment of Atrophy and Paralysis.

Yours respectfully,

ALLEN McLANE HAMILTON, M. D.

DR. CHARLES K. MILLS, of Philadelphia, Pa., in his book on the Nursing and Care of the Nervous and the Insane, recently published by J. B. Lippincott & Co., refers to and commends the use of the Muscle Beater (Page 56).

The April number, 1887, of the Therapeutic Gazette, of Detroit, in an article (page 247) headed "A Substitute for Massage," recommends the Muscle Beater strongly as a well-deserving substitute for the hands of a manipulator, to be used daily by the patient under the advice of the attending physician, or as an assistant to and between treatment to the professional operator in all cases where Massage is advisable.

end for Descriptive Circulars to

JOHN E. RUEBSAM, 265 F St., N. W. Washington, D. C.

ALE AND BEEF PEPTONIZED Dr. Jno. B. Hamilton, Surgeon-General of the United States Hospital, Marine Service, says: "I have found your Ale and Beef, Peptonized, valuable to my La Grippe patients, and also very effective as a Nutrient in Nervous Prostration." Your Druggists have it.

4. That any three of the examiners shall constitute a board for examining such candidates as may apply, and shall subscribe their names to each certificate by them granted, which certificate shall also be countersigned by the president of the society, and have the seal of the society affixed thereto by the secretary, upon paying into the hands of the treasurer the sum of money to be ascertained as above by the society; and any one of the said examiners may grant a license to practice until a board in conformity to this act can be held: *Provided*, that nothing herein contained shall authorize the said corporation in anywise to regulate the practice of medical or chirurgical attendance on such persons as may need those services, nor to establish or fix a tariff of charges or fees for medical attendance or advice.

5. That after the appointment of the aforesaid medical board, no person not heretofore a practitioner of medicine or surgery within the District of Columbia, shall be allowed to practice within the said District, in either of said branches, without first having obtained a license testified as by this law directed, or the production of a diploma from a respectable medical college or a board of examiners established by law: *Provided*, that the professors in such college or the examiners in such board be men regularly instructed in medicine and surgery and the collateral branches of medical education, anatomy, chemistry, under the penalty of fifty dollars for each offense, to be recovered in the county court, where he may reside, by bill of presentment and indictment, one-half for the use of the society, and the other for that of the informer.

6. That every person who, upon application, shall be elected a member of the medical society, shall pay a sum not exceeding ten dollars, to be ascertained by the society.

7. That the medical society be, and they are hereby, empowered from time to time to make such by-laws, rules and regulations as they may find requisite, which by-laws, rules and regulations shall, in their application and operation, be exclusively confined to said society, as a society or body corporate, and not to its members individually, when not acting in a corporate character; to break or alter their common seal; to fix the times and places for the meetings of the boards of examiners; filling up vacancies in the medical board; and to do and perform such other things as may be requisite for carrying this act into execution, and which may not be repugnant to the Constitution and laws of the United States: *Provided, always*, that it shall and may be lawful for any person, resident as aforesaid, and not prohibited as aforesaid, when specially sent for, to come into any part of this District, and administer or prescribe medicine, or perform any operation for the relief of such, to whose assistance he may be sent for; *And provided also*, that nothing in this act contained shall be so construed as to prevent any person living within or without said District, from administering medicine or performing any surgical operation, with the consent of the person or the attendants of the person to whom such medicine is administered, or upon whom such surgical operation is performed, without fee or reward; nor to prevent the giving advice or assistance to the sick or afflicted, upon charity and kindness; nor to prevent the receipt of reward for the same, if voluntarily tendered or made; nor to extend to midwifery by females; and any person so administering medicine or performing any surgical operation, not authorized to practice physic and surgery according to the provisions of this act, shall be prohibited from collecting any fee or reward for the same by any process at law: *And be it further provided*, that no person shall be admitted to an examination until he shall produce satisfactory evidence that he has studied physic and surgery three years, including one full course of medical lectures, as usually taught at medical schools, or four years without such a course of lectures.

8. That Congress may at any time alter, amend or annul this act of incorporation of said society at pleasure.

Approved July 7, 1838.

FLORIDA.

CAPITAL, TALLAHASSEE.

POPULATION OF STATE, 391,422.

(Census of 1890.)

Males	201,947	Native	368,490
Females	189,475	Foreign	22,932
White	224,949	Chinese	122
Colored	166,180	Indians	171

Florida is bounded on the north by Alabama and Georgia, east by the Atlantic Ocean, and south and west by the Gulf of Mexico and Alabama. It includes the Peninsula of Florida, and comprises an area of 59,268 square miles, or 37,931,520 acres, of which 46,000 square miles are embraced in the peninsula, which has a uniform width of 100 miles, and extends from 25° to 30° N. latitude. The upper

Dr. H. M. Alexander & Co.'s Vaccine Farms, MARIETTA, PA., and OMAHA, NEB. America's Only Authenticated Case of Spontaneous Cow Pox. (See Page 13.)

portion extends along the Gulf of Mexico to the River Perdido, a distance of 350 miles from the Atlantic coast line. The principal rivers are the St. John's, Hillsborough, Withlacoochee, Suwannee and the Apalachicola. Numerous lakes and ponds dot the surface of the peninsula. The climate is almost tropical, the average summer temperature being 80°, the winter varying from 65° to 70°, according to location.

The average annual rainfall is 55 inches.

The vegetation is varied, and forests of low saw palmetto, the cabbage palm, the mangrove, red pine, hickory, white oak and gum trees, and groves of wild orange trees, occur in different portions of the State. Deer, bears and panthers abound, also many orders of birds The hammocks or river bottoms are extremely fertile, and Indian corn and cotton are the staples. Oranges, lemons, limes, pine apples, olives and grapes flourish luxuriantly.

The following table shows increase in population for the last 50 years :

1840	54,477	1870	187,748
1850	87,455	1880	269,493
1860	140,424	1890	391,422

The educational and religious facilities meet all the wants c the people.

Florida is famous for the number, size and variety of its mineral springs.

Rate of Mortality in Florida, as computed from the U. S. Census of 1890.

Population.	Deaths in 1890.	Rate per 1,000.	White.	Colored.	Rate per 1,000, White.	Rate per 1,000, Colored.
319,422	4,145	10.50	2,339	1,806	10.40	10.85

The number of deaths from consumption during 1890 was 377, which was at the rate of .96 per 1,000 of population, or 90.95 per 1,000 of total deaths.

MEDICAL INSTITUTIONS.

Escambia Co. Poor-House Hospital—Established, 1881. Capacity, 30. Ambulance service. Northern city limits, Pensacola. Physician-in-charge, Dr. R. W Hargis

Florida Asylum for the Insane—Established, 1879. Capacity, 340. Chattahoochee. Physician-in-charge, J. N. Smith, M. D Matron, Mrs. Mela M. Smith.

Marine Hospital—Established, 1852. Capacity, 24. Ambulance service. 327 West Zaragossa, Pensacola. Physicians-in-charge, Warren E. Anderson, M. D., Frank G. Renshaw, M. D.

South Florida R. R. Hospital—Established, 1882. Capacity, 60. Sanford. Chief Surgeon, Frank H. Caldwell.

U. S. Marine Hospital—Established, 1845. Capacity, 25. Front and Emma, Key West. Surgeon in-charge, R. D. Murray, M. H. S.

MEDICAL SOCIETIES.

Alachua Co. Medical Society—Secretary, J. H. Hodges, Gainesville.

Florida Medical Association—Next annual meeting April 4, 1893, in Jacksonville. President, Sheldon Stringer, Brooksville; Vice-President, C. B. Sweeting, Key West; Secretary and Treasurer, J. D. Fernandez, Jacksonville.

Marion Co. Medical Society—Secretary, R. P. Izlar, Ocala.

Medical Association of Pasco Co—Secretary, J G. Wallace, Dade City.

Pensacola Medical Society—Secretary, Charles R. Oglesby, Lock Box 419.

State Homœopathic Medical Society—Next annual meeting third Wednesday in May, 1893, at Orlando. President, C. W. Johnson, Jacksonville; Vice-President, George Porter, Orlando; Secretary, Ida F Bruce, Tampa.

MEDICAL LAWS OF FLORIDA.

AN ACT TO REGULATE THE PRACTICE OF MEDICINE AND TO PROVIDE FOR THE APPOINTMENT OF A BOARD OF MEDICAL EXAMINERS IN THE STATE OF FLORIDA.

Be it Enacted by the Legislature of theState of Florida :

SECTION 1. The Governor of this State shall appoint a board of medical examiners in and for each judicial district of this State; *Provided*, That the Governor of the State of Florida shall as soon as practicable appoint one board of homœopathic medical examiners for the State at large, which appointment shall be in writing, under the seal of the State, and delivered to such persons appointed.

SEC. 2. Said board of medical examiners shall be composed of three practicing physicians of known ability, and who are graduates of some medical college recognized by the American Medical Association, who are graduates, in good standing, of a reputable medical college or university, and who are residents of the district for which they are appointed; *Provided*, That said board of homœopathic medical examiners shall be composed of three practicing homœopathic physicians of known ability, and who are graduates, in good standing, of some medical college recognized by the American Institute of Homœopathy, and who are recognized by this State.

SEC. 3. The appointment of a member of the Board of Medical Examiners shall continue for four years from the date of such appointment.

SEC. 4. The board shall, immediately after appointment, select one of their number president and one secretary and adopt all necessary rules for the guidance and control of their meetings.

SEC. 5. Said board shall meet regularly semi-annually at some central point in their respective districts to conduct examinations and grant certificates as hereinafter provided, and they shall give at least one month's public notice of the time and place of their meeting by publication in at least one newspaper published in the circuit in which such meeting is to be held, and if there be no such newspaper published in the district it shall be posted in three conspicuous places in the district; *Provided*, That the Board of Homœopathic Medical Examiners shall meet as hereinbefore provided in the city of Jacksonville to conduct examinations and grant certificates as hereinafter provided, and they shall give at least one month's public notice of the time and place of their meeting by publication in at least one newspaper published in the State.

SEC. 6. Whenever a vacancy occurs in any of said boards the same shall be filled by appointment by the Governor for the unexpired term in which such vacancy occurs; *Provided*, That whenever a vacancy occurs in the Board of Homœopathic Medical Examiners the same shall be filled by appointment by the Governor for the unexpired term in which such vacancy occurs.

SEC. 7. It shall be the duty of said Board of Examiners to examine thoroughly all applicants for certificates of qualification to practice medicine in any of its branches or departments upon the production of his medical diploma from a recognized college, upon the following named subjects, to wit ; Anatomy, physiology, surgery, gynæcology, therapeutics, obstetrics and chemistry, but no preference shall be given to any school of medicine; *Provided*, That it shall be the duty of the Board of Homœopathic Medical Examiners to examine thoroughly all

DR. STRONG'S SANITARIUM, SARATOGA SPRINGS, N. Y.
Send for Illustrated Circular. (See Adv., Page 8.)

applicants for certificates of qualification to practice medicine in any of its branches or departments upon the production of his diploma from a college recognized by the American Institute of Homœopathy, upon the following named subjects, to wit: Anatomy, physiology, surgery, gynæcology, materia medica, therapeutics, obstetrics and chemistry; but no preference shall be given to any school of medicine.

SEC. 8. When the board shall be satisfied as to the qualifications of an applicant they shall grant to him a certificate to that effect, which certificate shall entitle the person to whom granted to practice medicine in any county when the same has been recorded as required by section 10 of this act.

SEC. 9. Any two members of said board may grant a certificate of qualification to an applicant, and any member of said board shall have authority to grant a temporary certificate to an applicant upon examination until the next regular meeting of the board, at which time the temporary certificate shall cease to be of force.

SEC. 10. The certificate provided for in the two preceding sections shall, before the person to whom it was granted is entitled to practice by virtue thereof, be recorded in the office of the clerk of the Circuit Court of the county in which such practitioner may reside or sojourn, in a well-bound book, to be kept by the clerk for that purpose, and when so recorded the clerk shall certify thereon, under his official seal, the fact and the date of such record, and shall return such certificate to the person to whom the same was granted, and shall be entitled to demand and receive for such service from the holder of such certificate the legal fee for recording.

SEC. 11. The board shall be entitled to demand and receive from each applicant examined the sum of ten dollars, whether a certificate be granted to such applicant or not.

SEC. 12. All practitioners who were engaged in the practice of medicine, in any of its departments, in this State prior to the passage of this act shall, upon the production of a diploma from a medical college recognized by the American Medical Association, be granted by the Board of Examiners a certificate of qualification without further examination and without charge.

SEC. 13. The provisions of this title shall not apply to persons who have heretofore received certificates of qualification and have recorded the same as provided by the laws of this State heretofore existing, or to females who follow the practice of mdwifery strictly as such.

SEC. 14. No person, except those named in the preceding section, shall be permitted to practice medicine in any of its branches or departments without first having obtained and recorded a certificate of qualification from some authorized Board of Medical Examiners, as hereinbefore provided, and any person so offending shall, upon conviction thereof, be punished by fine not exceding two hundred dollars nor less than fifty dollars, or imprisonment in the county jail not exceeding six months, or by both such fine and imprisonment, at the discretion of the court.

SEC. 15. All laws and parts of laws in conflict with this act be and the same are hereby repealed.

Approved May 31, 1889.

GEORGIA.

CAPITAL, ATLANTA.

POPULATION OF STATE, 1,837,353.

(Census of 1890.)

Males	919,925	Native	1,825,216
Females	917,428	Foreign	12,137
White	978,357	Chinese	118
Colored	858,815	Indians	63

Georgia extends from 30° 21′ 40″ to 35° N. latitude, and from 80° 52′ to 85° 35′ 38′ W. longitude, and is bounded on the north by Tennessee and North Carolina, on the east by South Carolina and the Atlantic Ocean, on the south by Florida, and on the west by Florida and Alabama. It was one of the original 13 States, and comprises an area of 58,000 square miles or 37,120,000 acres. The Blue Ridge and Allegheny Mountains traverse the northwestern portion of the State, and from them there is a gradual slope to the southeast, where is found the great Okeefinokee Swamp. The principal rivers are the Savannah, Altamaha, Ogeechee, Flint and Chattahoochee, the two last, uniting, form the Apalachicola, of Florida. Forests of live oak, southern pine, cedar, cypress, magnolia and laurel are numerous, and occupy vast areas. The difference between the climate in Northern and Southern Georgia is very marked, the summers in the former region being invigorating and delightful, while in the latter the heat is often very oppressive. At Atlanta the mean annual temperature is 58 36° and at Savannah 678.

Valuable deposits of the best quality of iron ore are found in various portions of the State. Copper and gold also occur. Agriculture is the most important branch of industry, and corn and cotton are the staples.

The following table shows the increase in population for the past 60 years:

1830	516,823	1870	1,184,109
1840	691,392	1880	1,542,180
1850	906,185	1890	1,837,353
1860	1,057,286		

ABBREVIATIONS—*R., Regular; H., Homœopathic; Ecl., Eclectic; P. M., Physio-Medical; *, No report received in answer to enquiry regarding graduation; ‡, Attended lectures but did not graduate; §, Holds certificate of Examining Board: ‖, Not a graduate; ¶, Claims to have graduated, but the records do not show that a diploma was granted to any one bearing the name; †, Legally authorized under the "years of practice" section of act.*

The F. A. DAVIS CO., Chicago, 20 Lakeside Bldg. London, 40 Berners St., Oxford St. W.
(See p. Opp. Contents.) Publishers of the "Annual of the Universal Medical Sciences."

The direct foreign commerce of Georgia is inconsiderable, but its domestic commerce increases steadily.

The State has three universities, numerous colleges and academies, and an excellent public school system. The religious facilities, in proportion to population, equal those of any State in the Union.

The medical institutions of Georgia are: The Medical College of Georgia, Augusta; the Atlanta Medical College, Atlanta; the Georgia Eclectic Medical College, Atlanta; the Southern Medical College, Atlanta; and the Woman's Medical College of Georgia and Training School for Nurses, Atlanta.

There are a number of mineral springs in the State.

Rate of Mortality in Georgia, as computed from the U. S. Census of 1890.

Population.	Deaths in 1890.	Rate per 1,000.	White.	Colored.	Rate per 1,000. White.	Rate per 1,000. Colored.
1,837,353	21,174	11.25	10,203	10,971	10.43	12.77

The total number of deaths from consumption during 1890 was 2,155, which was at the rate of 1.17 per 1,000 of population, or 101.77 per 1,000 of total deaths.

MEDICAL INSTITUTIONS.

Keeley Institute—Established, 1891. Edgewood av cor Ivy, Atlanta. Physician-in-charge, John W. Janes.

King's Daughters' Hospital—Established, 1880. Capacity, 10. 158 S. Pryor Atlanta. Matron, Miss R. P. Hunter.

National Surgical Institute—Established, 1874. Capacity, 50. 70 S. Pryor, Atlanta. Physicians-in-charge, Drs. K. H. Boland and J. T. Renouff.

Private Infirmary for Diseases of Women—Established, 1881. Capacity, 20. 170 S. Pryor, Atlanta. Physician-in-charge, K. H. Boland.

Providence Infirmary—Established, 1882. Capacity, 40. Ivy, cor Edgewood av, Atlanta. Manager, P. E. Brown.

Roff Home—Established, 1886. Capacity, 120. Ambulance Service. Outside of city, Macon. Physician-in-charge, Jas. H. D. Worsham.

St. Joseph's Infirmary—Established, 1881. Capacity, 20. 294 Courtland av., Atlanta. In charge of the Sisters of Mercy.

St. Joseph's Infirmary—Habersham, cor Taylor, Savannah. Physician-in-charge, J. H. White. In charge of Sisters of Charity.

Savannah Hospital—Established, 1808. Capacity, 150. Abercorn cor Gaston, Savannah.

National Union Vaccine Co. PRICES:—10 Points, $1; Selected Points, each 25c, or 5 for $1. Vaccine Farm, ENGLEWOOD, ILL.

State Lunatic Asylum—Established, 1842. Capacity, 1,582. Near Milledgeville. Physician-in-charge, T. O. Powell. Matron, Mrs. J. M. Darnell.

Tellfair Hospital—Established, 1879. Capacity, 50. Savannah.

No State Board of Health. Each city acts for itself.

Atlanta Medical College—Atlanta. Proctor, W S. Kendrick, M. D., 71 Washington.

Georgia College of Eclectic Medicine and Surgery—Atlanta. Proctor, G. W. Delbridge, M. D., 71½ Peachtree.

Medical College of Georgia—Augusta. Dean, Edward Geddings, M. D.

Southern Medical College—Atanta. Dean, Wm. Perrin Nicolson, M. D., P. O. Box 234.

Woman's Medical College of Georgia and Training School for Nurses—Atlanta. Dean, T. Harry Huzza, P. O. Box 215.

MEDICAL SOCIETIES.

Atlanta Society of Medicine—Secretary, C. D. Roy, 14½ White Hall.

Georgia Eclectic Medical Association—Next annual meeting first Tuesday in March, 1893, at Atlanta. President, F. T. Powell. Secretary, W. M. Durham, 77½ Peachtree, Atlanta.

Georgia Medical Society of Savannah—Secretary, Dr. W F. Aiken.

Macon Medical Society—Secretary, Max Jackson.

Medical Association of Georgia—Next annual meeting third Wednesday in April, 1893, at Americus. President, A A. Smith, Hawkinsville; 1st Vice-President, George Grimes, Columbus; 2d Vice-President, R. H. Taylor, Griffin; Secretary, Dan. H. Howell, P. O. Box 414, Atlanta; Treasurer, E. C. Goodrich, Augusta.

Tri-State Medical Society of Alabama, Georgia and Tennessee—Secretary, Frank T. Smith, Chattanooga, Tenn.

MEDICAL LAWS OF GEORGIA.

AN ACT TO REGULATE THE PRACTICE OF MEDICINE IN THE STATE OF GEORGIA.

SECTION 1. The General Assembly of Georgia do enact, That no person shall practice medicine within this State unless he has been legally authorized so to do, or shall hereafter be authorized so to do, by a diploma from an incorporated medical college, medical school or university, and by compliance with subsequent sections of this act.

2. Be it further enacted, That, for the purpose of this act, the words "practice medicine" shall mean to suggest, recommend, prescribe or direct, for the use of any person, any drug, medicine, appliance, apparatus or other agency, whether material or not material for the cure, relief or palliation of any ailment or disease of the mind or body, or for the cure or relief of any wound, fracture, or bodily injury or other deformity, after having received or with the intent of receiving therefor, either directly or indirectly, any bonus, gift or compensation.

3 * * * * That every person now lawfully engaged in the practive of medicine within this State, shall, on or before the first day of December, eighteen hundred and eighty-one, and every person hereafter duly qualified to practice medicine, shall before commencing to practice, register in the office of the clerk of the Superior Court of the county wherein he resides and is practicing, or intends to commence the practice of medicine, in a book to be kept for the purpose by said clerk, his name, residence and place of birth, together with his authority for practicing medicine, as prescribed in this act. The person so registering shall subscribe or verify, by oath or affirmation, before a person duly qualified to administer oaths under the laws of this State, an affidavit containing such facts, and whether such authority is by diploma or

QUICKINE, "The Ideal Antipyretic." "Every physician in the civilized world will be glad to use it." ☞ Sold by all druggists. STANDARD CHEMICAL Co., Jersey City, N. J., Sole Mnfrs.

license, and the date of the same, and by whom granted, which shall be exhibited to the county clerk before the applicant shall be allowed to register, and which, if wilfully false, shall subject the affiant to conviction and punishment for false swearing. The county clerk to receive a fee of fifty cents for each registration, to be paid by the person so registering.

4. * * * * That any registered physician in this State, who may change his residence from one county into another county in this State, shall register within the clerk's office of the county to which he removes, and wherein he intends to reside and to practice medicine, as provided in section three of this act.

5. * * * * That any person who violates any of the four preceding sections of this act, or who shall practice or offer to practice medicine without lawful authority, or under cover of a diploma or license illegally obtained, shall be deemed guilty of a misdemeanor, and, on conviction, shall be punished by a fine of not less than one hundred dollars nor more than five hundred dollars, or by imprisonment for not less than thirty nor more than ninety days, or both. The fine, when collected, shall be paid, the one-half to the person, persons or corporation making the complaint, the other half into the county treasury.

6. * * * * That nothing in this act shall apply to commissioned medical officers of the United States army or navy, or to the United States marine hospital service, or to legally qualified dentists in the practice of their profession, or to any woman practicing only midwifery.

7. * * * * That all provisions of laws providing for the organization, qualification and duties of any and all boards of physicians, of any school whatever, be, and the same are hereby, repealed, and there shall henceforth exist in this State no board of physicians, but the only requisite qualifications of practitioners of medicine shall be those hereinbefore set forth.

8. * * * * That all laws or parts of laws in conflict with this act be, and the same are hereby, repealed.

Approved September 28, 1881.

AN ACT TO REGULATE THE GRANTING OF MEDICAL DIPLOMAS.

SECTION 1. Be it enacted, etc., That from and after the passage of this act it shall be unlawful for the faculty or officers of any medical college in the State of Georgia to grant or issue a diploma to any student of medicine, or other person, unless said student or other person shall have attended two or more full courses of study in some regularly chartered medical college in good standing, and shall have submitted to and passed a creditable examination by the faculty or professors of said college upon all the branches usually taught in medical colleges.

2. * * * * That if the faculty or officers of any medical college in this State shall violate any of the provisions of the preceding section of this act, he or they shall be subject to a fine of five thousand dollars, said fine to be collected out of the property of any or all of said faculty or officers of said college. The fine, when collected, shall be paid, the one-half to the person, persons or corporation giving the information, the other half into the county treasury, to be used for educational purposes only.

3. * * * * That all laws and parts of laws in conflict with this act be, and the same are hereby, repealed.

Approved September 27, 1881.

The postoffice address is shown in **Display Type,** *the name of county in which it is located immediately follows, and then the population of the place. The names of Physicians appear under the postoffice name, the first number (the key to which will be found on pages 101 to 120) indicates the college of graduation, and the last number the year in which diploma was granted.*

The postoffice address is shown in **Display Type,** *the name of county in which it is located immediately follows, and then the population of the place. The names of Physicians appear under the postoffice name, the first number (the key to which will be found on pages 101 to 120) indicates the college of graduation, and the last number the year in which diploma was granted.*

The postoffice address is shown in **Display Type,** *the name of county in which it is located immediately follows, and then the population of the place. The names of Physicians appear under the postoffice name, the first number (the key to which will be found on pages 101 to 120) indicates the college of graduation, and the last number the year in which diploma was granted*

ALE AND BEEF PEPTONIZED
YOUR LEADING DRUGGISTS HAVE IT.
The sale of Ale and Beef, Peptonized, with us has been wonderfully large since you introduced it in Philadelphia. It meets with great favor among most of our prominent physicians. Yours truly,
GEO. B. EVANS, Pharmacist, Philadelphia, Pa.

IDAHO.

CAPITAL, BOISE CITY.

POPULATION OF TERRITORY, 84,385.

(Census of 1890.)

Males	51,290	Native	66,929
Females	33,095	Foreign	17,456
White	82,018	Chinese	2,007
Colored	201	Indians	159

Idaho extends from 42° to 49° north latitude, and from 111° to 117° west longitude, and is bounded on the north by British Columbia, on the south by Nevada and Utah, on the east by Montana and Wyoming, and on the west by Washington and Oregon. It comprises an area of 86,294 square miles, or 55,228,160 acres. The Bitter Root mountains, a chain of the Rockies, from the northeastern boundary, and their spurs and extensions occupy a considerable portion of its surface.

The rivers of the Territory are, with the exception of the Bear river, tributaries of the Columbia.

The climate is cool and healthful, the mean annual temperature being 52.46.

Grazing is one of the main industries of Idaho, but all cereals flourish abundantly, the staples being barley, wheat, oats and potatoes.

The Territory is rich in minerals, gold, silver, copper, iron, lead and coal being mined extensively.

Vast forests of red fir, white pine, white cedar, hemlock, tamarack and larch are interspersed over the surface.

The following table shows increase in population for the past 20 years:

1870	14,999	1890	84,385
1880	32,610		

The educational and religious advantages are excellent.

There are numerous mineral springs in Idaho, but they have not as yet been used for medicinal purposes. Large quantities of salt are manufactured from the soda springs in the southern portion of the Territory.

Rate of Mortality in Idaho, as computed from the U. S. Census of 1890.

Population.	Deaths in 1890.	Rate per 1,000.	White.	Colored.	Rate per 1,000, White.	Rate per 1,000, Colored.
84,385	771	9.14	737	34	8.98	14.36

The number of deaths from consumption during 1890 was 36, which was at the rate of .43 per 1,000 of population, or 46.69 per 1,000 of total deaths.

No Territorial Board of Health.

MEDICAL LAWS OF IDAHO.

AN ACT TO PREVENT THE PRACTICE OF MEDICINE AND SURGERY BY UNQUALIFIED PERSONS.

Be it Enacted by the Legislative Assembly of the Territory of Idaho, as follows:

SECTION 1. No person shall practice medicine or surgery in this Territory who has not received a medical education and a diploma from some regularly chartered medical school, said school to have a *bona fide* existence at the time when said diploma was granted.

2. Every physician or surgeon, when about to take up his residence in this Territory, or who resides here, shall file for record with the county recorder of the county in which he is about to practice his profession, or where he now practices it, a copy of his diploma, at the same time exhibiting the original or a certificate from the dean of the medical school of which he is a graduate, certifying to his graduation.

3. Every physician or surgeon, when filing a copy of his diploma or certificate of graduation as required by section two of this act, shall be identified as the person named in the papers about to be filed, either by the affidavit of two citizens of the county or by his affidavit taken before a notary public or commissioner of deeds for this Territory, which affidavit shall be filed in the office of the county recorder.

4. Any person practicing medicine or surgery in this Territory without complying with sections one, two and three of this act, shall be guilty of a misdemeanor, and upon conviction shall be punished by a fine of not less than fifty ($50) dollars, nor more than five hundred ($500) dollars, or by imprisonment in the county jail for a period of not less than thirty days nor more than six months, or by both fine and imprisonment, for each and every offense; and any person filing or attempting to file as his own the diploma or certificate of graduation of another, or a forged affidavit of identification, shall be guilty of a felony, and upon conviction shall be subject to such fine and imprisonment as is made and provided by the statutes of this Territory for said offense.

5. It shall be the duty of the police, sheriff or constable to arrest all persons practicing medicine or surgery in this Territory who have not complied with the provisions of this act, and the officer making the arrest shall be entitled to one-half of the fine collected.

6. (Amended 1889.) No portion of this act shall apply to any person who, in an emergency, may prescribe or give advice in medicine or surgery in a township where no physician resides within convenient distance, nor to those who have practiced medicine or surgery in this Territory for a period of ten years next preceding the passage of this act, nor to persons prescribing in their own family, nor to midwifery in places where no physician resides within convenient distance.

7. This act shall go into force sixty days after its passage.

Act in operation since 1887.

ILLINOIS.

CAPITAL, SPRINGFIELD.

POPULATION OF STATE, 3,826,351.

(Census of 1890.)

Males	1,972,308	Native	2,984,004
Females	1,854,043	Foreign	842,347
Whites	3,768,472	Chinese	754
Colored	57,028	Indians	97

Illinois extends from 37° 3′ to 42° 30′ N. latitude, and from 87° 30′ to 91° 40′ W. longtitude, and is bounded on the north by Wisconsin, on the east by Lake Michigan and the State of Indiana, on the south by the Ohio river, which separates it from Kentucky, and on the west by Iowa and Missouri. It comprises an area of 55,410 square miles, or 35,462,400 acres. The surface is generally level, sloping gently from north and east towards the Mississippi and Ohio rivers. It is, however, by no means an unbroken plain, as the many streams which flow through the State have cut deep beds in the yielding alluvial soil, forming in places precipitous slopes and bluffs. The principal rivers are the Mississippi, which flows along the western border; the Illinois, which intersects the State laterally; Rock river in the north, the Ohio on the southern border, the Kaskaskia, Wabash, Fox, Spoon, Mackinaw, Embarras and Vermillion, besides many smaller streams.

The climate is variable, and is marked by great extremes, the summers being warm and the winters extremely cold. The mean annual temperature is about 52°, that of the summer 75° and of the winter 28° The climate is generally salubrious, except in the low, swampy bottom-lands, where the settlers are subject to chills and fevers. The average annual rainfall is about 35 inches.

University of Pennsylvania Press, Philadelphia, New York, Chicago. University Medical Magazine. Annals of Gynæcology and Pædiatry. Annals of Hygiene. Annals of Surgery. American Law Register and Review. (See Adv., pp. 17-18.)

Silver, copper, zinc, freestone, gypsum, marble and coal are the principal mineral treasures of Illinois. The soil is exceedingly fertile, and agriculture is the leading industry.

The following table shows the increase in population for 70 years:

1820	55,162	1860	1,711,951
1830	157,445	1870	2,539,891
1840	476,183	1880	3,077,871
1850	851,470	1890	3,826,351

The religious and educational facilities are equal to those of any State in the Union.

There are several mineral springs in Illinois.

The following is a list of the medical colleges in the State: Rush Medical College, Chicago; Northwestern University Medical School (Chicago Medical College), Chicago; Hahnemann Medical College, Chicago; Bennett College of Eclectic Medicine and Surgery, Chicago; Woman's Medical College of Chicago, Chicago; Chicago Homœopathic Medical College, Chicago; College of Physicians and Surgeons of Chicago; Physio-Medical Institute, Chicago; German Homœopathic Medical College, Chicago; National Homœopathic Medical College, Chicago; and the Hering College of Homœopathy, Chicago.

Rate of Mortality in Illinois, as computed from the U. S. Census of 1890.

Population.	Deaths in 1890.	Rate per 1,000.	White.	Colored.	Rate per 1,000, White.	Rate per 1,000, Colored.
3,826,351	53,123	13 88	52,092	1,031	13.82	17.81

The number of deaths from consumption during 1890 was 5,698, which was at the rate of 1.49 per 1,000 of population, or 107.26 per 1,000 of total deaths.

CORNER OF WOOD AND YORK STREETS.

UNRIVALED CLINICAL FACILITIES.

THOROUGH LABORATORY INSTRUCTION.

OPPOSITE THE GENERAL HOSPITAL.

The Regular Autumn and Winter Session begins the Third Tuesday in September of each year.

The instruction in all the Departments is Graded, Scientific and Eminently Practical.

Each student is immediately and personally taught in principles of Homœopathy, Materia Medica and Therapeutics, Obstetrics and Gynæcology, Physical Diagnosis, Minor Surgery, Bandaging, Operative Surgery, Urinary Analysis, Neurology and Electro-Therapeutics, Laryngology, Ophthalmology, Otology, Pædology, Anatomy, Histology, Microscopy and Experimental Physiology, Pathology, Hygiene and Sanitary Science, and Bacteriology.

The Largest Clinics in the World which afford Homœopathic instruction, are held in the College building and large Hospital opposite, by members of the Faculty, and by the Hospital Staff.

FACULTY OF THE COLLEGE:

J. S. MITCHELL, A. M., M. D., Professor of Clinical Medicine and Diseases of the Chest.
A. G. BEEBE, A. M., M. D., Professor of Operative and Clinical Surgery.
J. W. STREETER, M. D., Professor of Medical and Surgical Diseases of Women and Clinical Gynæcology.
R. N. FOSTER, A. M., M. D., Professor of Obstetrics.
J. H. BUFFUM, M. D., Professor of Ophthalmology and Otology.
A. W. WOODWARD, M. D., Professor of Materia Medica and Clinical Therapeutics.
E. H. PRATT, M. D., LL. D., Professor of Orificial Surgery.
J. R. KIPPAX, M. D., LL. B., Professor of Principles and Practice of Medicine and Medical Jurisprudence.
R. N. TOOKER, M. D., Professor of Diseases of Children.
N. B. DELAMATER, M. D., Professor of Mental and Nervous Diseases.
C. MITCHELL, A. M., M. D., Professor of Chem. and Renal Diseases.
H. M. HOBART, A. M., M. D., Professor of Materia Medica and Therapeutics.
W. F. KNOLL, M. D., Professor of Principles and Practice of Surgery and Clinical Surgery.
L. C. GROSVENOR, M. D., Professor of Sanitary Science.
C. M. BEEBE, M. D., Professor of Anatomy.
A. C. COWPERTHWAITE, M. D., LL. D., Professor of Materia Medica and Therapeutics.
F. H. GARDINER, M. D., D. D. S., Professor of Dental Surgery.
W. G. WILLARD, M. D., Professor of Physiology and Adj. Professor of Gynæcology.
M. B. BLOUKE, M. D , Adj. Professor of Anatomy.
G. F. WASHBURNE, M. D., Lecturer on Pathology and Embryology.
C. D. RICH, M. D., Adj. Professor of Diseases of the Chest.
W. M. STEARNS, M. D., Adj. Professor of Throat and Nose Diseases.
C. T. HOOD, A. M., M. D., Adj. Professor of Nervous Diseases.
T. E. ROBERTS, M. D., Lecturer Minor Surgery.
W. S. WHITE. M. D., Demonstrator of Anatomy.
A. E. THOMAS, B. S., M. D., Lecturer on Histology and Bacteriology.
L. N. GROSVENOR, M. D., Demonstrator of Electro-Therapeutics.

The Post-Graduate Clinical Course, for Practitioners Only, is Held in April of Each Year.

For Announcement and Catalogue, giving the College Regulations and other information, address **J. R. KIPPAX, M. D., LL. B., Secretary,**
3154 Indiana Avenue, CHICAGO, ILLINOIS.

ELLSWORTH PARK SANITARIUM

DANVILLE, ILL.

Desirably Located on Street Car Line. ∴ **Only Two Blocks from Center of City.**

A Pleasant Retreat for Invalids,

And Fully Equipped with all the Necessary Appliances for the Thorough Treatment of all Chronic and Nervous Diseases, Deformities, the Surgical Diseases of Women,

AND ESPECIALLY THE

BI-CHLORIDE OF GOLD TREATMENT

Combined with other Valuable Remedies in the

Liquor Habit (Dipsomania) Inebriety,
The Opium, Cocaine and Tobacco Habits,
and Nervous Exhaustion.

The worst cases cured in from three to five weeks. Testimonials sent on application.

GUESTS EAT, SLEEP AND ARE TREATED IN SAME BUILDING.

A Limited Number of Patients Only Received.

Ten Years' Experience in the Treatment of Goitre, Fibroid and other Tumors, Superfluous Hair, Nævi, Etc., by

ELECTROLYSIS.

MEDICAL LAWS OF ILLINOIS.

AN ACT TO REGULATE THE PRACTICE OF MEDICINE IN THE STATE OF ILLINOIS.

Passed June 15, approved June 16, and in force July 1, 1887.

SECTION 1. Be it Enacted by the People of the State of Illinois, represented in the General Assembly: That no person shall practice medicine in any of its departments in this State unless such person possesses the qualifications required by this act. If a graduate in medicine, he shall present his diploma to the State Board of Health for verification as to its genuineness. If the diploma is found genuine, and from a legally-chartered medical institution in good standing, and if the person named therein be the person claiming and presenting the same, the State Board of Health shall issue its cirtificate to that effect, signed by all the members thereof, and such certificate shall be conclusive as to the right of the lawful holder of the same to practice medicine in this State. If not a graduate, the person practicing medicine in this State shall present himself before said Board and submit himself to such examination as the Board may require, and if the examination be satisfactory to the Board, the said Board shall issue its certificate in accordance with the facts, and the lawful holder of such certificate shall be entitled to all the rights and privileges herein mentioned.

2. The State Board of Health shall organize within three months after the passage of this act; it shall procure a seal, and shall receive, through its secretary, applications for certificates and examinations; the president and secretary shall have the authority to administer oaths, and the Board to take testimony in all matters relating to its duties; it shall issue cetificates to all who furnish satisfactory proof of having received diplomas or licenses from legally-chartered medical institutions in good standing, as may be determined by the Board; it shall prepare three forms of certificates, one for persons in possession of such diplomas or licenses, the second for candidates examined and favorably passed on by the Board, and a third for persons to whom certificates may be issued, as hereinafter provided in Section 12 of this act; it shall furnish to the county clerks of the several counties a list of all persons receiving certificates. In selecting places to hold its meetings, it shall, as far as is reasonable, accommodate applicants residing in the different sections of the State, and due notice shall be published of all its meetings for examination. Certificates shall be signed by all the members of the Board, and the secretary of the Board shall receive from the applicant a fee of five (5) dollars for each certificate issued to such graduate or licentiate. Graduates or licentiates in midwifery to pay the sum of two (2) dollars for each certificate. All such fees for certificates shall be paid by the secretary into the treasury of the Board.

3. The verification of the diploma shall consist in the affidavit of the holder and applicant that he is the lawful possessor of the same, and that he is the person therein named. Such affidavit may be taken before any person authorized to administer oaths, and the same shall be attested under the hand and official seal of such officer, if he have a seal; and any person swearing falsely shall be deemed guilty of perjury, and punished accordingly. Graduates may present their diplomas and affidavits, as provided in this act, by letter or by proxy, and the State Board of Health shall issue its certificate the same as though the owner of the diploma was present.

4. All examinations of persons not graduates or licentiates shall be made directly by the Board, and the certifiates given by the Board shall authorize the possessor to practice medicine and surgery in the State of Illinois.

5. Every person holding a certificate from the State Board of Health shall have it recorded in the office of the clerk of the county in which he resides within three months from its date, and the date of recording shall be endorsed hereon. Until such certificate is recorded as herein provided the holder thereof shall not exercise any of the rights or privileges conferred therein to practice medicine. Any person removing to another county to practice shall record the cer-

ALE AND BEEF PEPTONIZED
YOUR LEADING DRUGGISTS HAVE IT.
Dr. T. J. Yarrow, 1335 North Broad St., Philadelphia, says: "I can't speak too highly of your Ale and Beef, Peptonized. As a Nutrient Tonic in cases convalescing from fevers and other wasting diseases, it has no equal. I bespeak for it a grand success."

tificate in like manner in the county to which he removes, and the holder of the certificate shall pay to the county clerk the usual fees for making the record.

6. The county clerk shall keep, in a book provided for the purpose, a complete list of the certificates recorded by him, with the date of the issue of the certifiate. If the certificate be based on a diploma or license, he shall record the name of the medical institution conferring it, and the date when conferred. The register of the county clerk shall be open to public inspection during business hours.

7. The fees for the examination of non-graduates shall be as follows: Twenty (20) dollars for an examination in medicine and surgery; ten (10) dollars for an examination in midwifery only; and said fees shall be paid into the treasury of the Board. If an applicant fails to pass said examination his or her fee shall be returned. Upon successfully passing the examination the certificate of the Board shall be issued to the applicant without further charge.

8. Examinations may be made in whole or in part in writing, and shall be of an elementary and practical character, but sufficiently strict to test the qualifications of the candidate as a practitioner.

9. The State Board of Health may refuse to issue the certificates provided for in Section 2 to individuals guilty of unprofessional or dishonorable conduct, and it may revoke such certificate for like causes. In all cases of refusal or revocation the applicant may appeal to the Governor, who may affirm or overrule the decision of the Board, and this decision shall be final.

10. Any person shall be regarded as practicing medicine, within the meaning of this act, who shall treat, operate on, or prescribe for any physical ailment of another. But nothing in this act shall be construed to prohibit service in cases of emergency, or the domestic administration of family remedies. And this act shall not apply to commissioned surgeons of the United States Army, Navy or Marine Hospital Service, in the discharge of their official duties.

11. Any itinerant vendor of any drug, nostrum, ointment or appliance of any kind intended for the treatment of diseases or injury, or who shall, by writing or printing or any other method, profess to cure or treat disease or deformity by any drug, nostrum, manipulation or other expedient, shall pay a license of one hundred (100) dollars per month into the treasury of the Board, to be collected by the State Board of Health, in the name of the People of the State of Illinois, for the use of said Board of Health. And it shall be lawful for the State Board of Health to issue such license on application made to the State Board of Health, such license to be signed by the president of the Board, and attested by the secretary of the Board, with the seal of the Board. Any such itinerant vendor who shall vend or sell any drug, nostrum, ointment or appliance without having a license so to do, shall, if found guilty, be fined in any sum not less than one hundred dollars and not exceeding two hundred dollars, for each offense, to be recovered in an action of debt before any court of competent jurisdiction. But such Board may for sufficient cause refuse such license.

[12. *Amendatory.*] Any person practicing medicine or surgery in this State, without the certificate issued by this Board in compliance with the provisions of this act, shall, for each and every instance of such practice, forfeit and pay to the People of the State of Illinois, for the use of the said State Board of Health, the sum of one hundred (100) dollars for the first offense, and two hundred (200) dollars for each subsequent offense, the same to be recovered in an action of debt before any court of competent jurisdiction; and any person filing or attempting to file as his own the diploma or certificate of another, or a forged affidavit of identification, shall be guilty of a felony, and upon conviction, shall be subject to such fine and imprisonment as are made and provided by the statutes of the State for the crime of forgery. *Provided*, that all persons who have been practicing medicine continuously for ten years within this State, prior to the taking effect of the act to which this is an amendment, and who have not, under said original act, obtained a certificate from the said Board of Health to practice medicine in this State, shall upon proper application to said Board of Health receive such certificate, unless it shall be ascertained and determined by said Board of Health that the person so applying for a certificate is of immoral character or guilty of unprofessional or dishonorable conduct, in which case, said Board of Health may reject such application: *and provided*, that such application for a certificate shall be made within six months after the taking effect of this act. And all persons holding a certificate on account of ten years' practice, shall be subject to all the requirements and discipline of this act and the act to which this is an amendment, in regard to their future conduct in the practice of medicine the same as all other persons holding certificates; and all persons not having applied for or received such certificate within six months after the taking effect of this act, and all persons whose applications have for the causes herein named been rejected or certificates revoked, shall, if they shall practice medicine, be deemed guilty of practicing in violation of law, and shall suffer the penalties herein provided.

13. Upon conviction of either of the offenses mentioned in this act, the court shall, as a part of the judgment, order that the defendant be committed to the common jail of the county until the fine and costs are paid, and upon failure to pay the same immediately, the defendant shall be committed under said order. *Provided*, that either party may appeal in the same time and manner as appeals may be taken in other cases, except that when an appeal is prayed in behalf of the people, no appeal bond shall be required to be filed, whether the appeal be from a justice of the peace, or from the county or circuit court, or from the appellate court. But it shall be sufficient, in behalf of the People of the State of Illinois, for the use of the State Board of Health, to pray an appeal, and thereupon appeal may be had without bond or security.

14. All acts and parts of acts inconsistent or in conflict with this act, are hereby repealed.

Illinois State Board of Health.

Springfield, Ill. Frank W. Reilly, M. D., Secretary of the Board.

Organized July, 1887. Consists of seven members, appointed by the Governor of the State for terms of seven years each. Its relations with medical education and medical colleges arise from the duties devolved upon it, and the powers and authority vested in it, by the "Act to

The F. A. DAVIS CO., Medical Publishers, PHILADELPHIA. New York, 117 W. 42d St. Chicago, 20 Lakeside Bldg. London, 40 Berners St., Oxford St. W.
(See p. Opp. Contents.) **Publishers of the "Annual of the Universal Medical Sciences."**

Regulate the Practice of Medicine in the State of Illinois," approved June 16, 1887, in force July 1, 1887. Among such duties, powers and authority are the examination and verification of diplomas presented as the basis for certificates entitling their lawful holders to practice medicine within the State, and the issue of such certificates; the determination of the standing of legally-chartered medical institutions; the examination of non-graduates as to their qualifications as practitioners, and the issue of certificates or licenses to practice to such as pass satisfactory examinations; the refusal of certificates to individuals guilty of unprofessional and dishonorable conduct, and the revocation of certificates for like causes. The law also applies to midwives.

Since its organization, and up to the date of this revision, January 1, 1891, the BOARD has examined and verified the diplomas and licenses of 275 institutions and licensing bodies. Of this number it has definitely rejected the diplomas of 28 institutions, on ground of fraud and other gross invalidity; it has required the diplomas of 26 other institutions to be supplemented by examination, and it has issued certificates based on the diplomas of legally chartered medical institutions in good standing to 9,212 practitioners, and to 263 others on diplomas supplemented by examination. These last (the 263) have only been issued since the enforcement of the Schedule of Minimum Requirements; that is, to graduates of the sessions since 1882-83.

Of the total number of applicants for certificates on diplomas, 2,283 were rejected, or withdrew their applications, or were unable to complete them, or in some other manner failed to comply with the requirements of the law; and these, as a rule, either abandoned practice or left the State. In a number of cases, however, the rejected or defective candidates subsequently attended lectures at a reputable medical college, were graduated therefrom, and certificates were issued them upon their diplomas.

The foregoing figures and comments refer only to applicants for certificates based upon diplomas, and do not embrace the non-graduates and exempts. Including these, the law has applied to a total of nearly 15,283 individuals, exclusive of midwives. Of this number, there are now in practice in the State, in round numbers, about 6,200 physicians, classified as follows: 1. Graduates holding certificates based upon diplomas of legally-chartered medical institutions in good standing, as defined by the BOARD. 2. Graduates since the sessions of 1882-83, whose diplomas were required to be supplemented by examination in order to conform to the Standard of Minimum Requirements of the BOARD. 3. Non-graduates who have passed the examination prescribed by the law. 4. Non-graduates exempt by reason of having been engaged in practice in the State upwards of 23 years, prior to July 1, 1890.

The number of rejected applicants shows a diminution of late years, as the requirements of the law come to be more clearly defined and more generally understood. For the entire period the percentage of rejections and withdrawals has been 13.7; but during the past two years they have averaged only 8.7 per cent.—in 1884 there were 117 in 597 applicants, in 1885 there were 114 in 575 applicants, in 1886 there were 74 in 514 applicants, in 1887 there were 69 in 523 applicants, in 1888 there were 50 in 455 applicants, in 1889 there were 60 in 588 applicants, and in 1890 there were 42 in 583 applicants. Refusals of certificates are based upon one or more of the following grounds:

1. Failure to present a diploma from a legally-chartered medical institution in good standing, as defined by the Board.
2. Failure to sustain a satisfactory examination sufficiently strict to test the qualifications of the candidate for the practice of medicine.
3. Personal or professional antecedents, habits or association, warranting the charge of unprofessional and dishonorable conduct.
4. Proved intent to practice in an unprofessional and dishonorable manner, as by claiming to cure incurable maladies; to possess unusual skill, experience or facilities; and similar claims involving deceit and fraud upon the public.

The Board has revoked 42 certificates for unprofessional and dishonorable conduct.

Non-graduate applicants for license to practice in Illinois are required to submit to examination, in accordance with the following provisions of the Medical-Practice Aid:

The State Board of Health * * * shall receive through its Secretary applications for certificates and examinations. * * * If not a graduate, the person practicing medicine in this State shall present himself before said Board, and submit himself to such examination as said Board shall require; and if the examination be satisfactory to the examiners, the said Board shall issue its certificate in accordance with the facts, and the lawful holder of such certificate shall be entitled to all the rights and privileges herein mentioned.

§ 3. * * * It shall prepare three forms of certificates: one for persons in possession of diplomas or license: one for candidates examined by the Board; and a third for such persons who have been engaged in the practice of medicine for upwards of 23 years, and shall furnish to the county clerks of the several counties a list of all persons receiving certificates.

§ 8. Candidates for examination shall pay a fee of twenty dollars, in advance, which shall be returned to them if a certificate be refused.

§ 9. Examinations may be made wholly or in part in writing, and shall be of an elementary and practical character, but sufficiently strict to test the qualifications of the candidate as a practitioner.

All examinations of persons not graduates or licentiates must be made directly by the Board, and the certificate given by the Board authorizes the possessor to practice medicine and surgery in the State of Illinois.

Where the candidates have any special views of theory and practice of medicine or of therapeutics, respect is paid to such views, and they are allowed, upon request, to appear before individual members of the Board for special examination in such branches. Examinations are conducted in the English language. If made in another language, interpreters must be furnished at the expense of the applicant.

All candidates must pass a preliminary examination, such as is indicated in the "Minimum Requirements," and must fill out the following:

National Union Vaccine Co. PRICES:—10 Points, $1; Selected Points, each 25c, or 5 for $1. **Vaccine Farm, ENGLEWOOD, ILL.**

Application for Examination before the Illinois State Board of Health, under the Act to Regulate the Practice of Medicine in the State of Illinois.

1. Name in full.....
2. Nativity and age—(must be at least twenty-one years of age).....
3. Residence and postoffice.....
4. Time spent in professional studies (must be at least three years).....
5. Physician or preceptor under whom the studies were pursued, with postoffice address—(must be a licentiate of the BOARD or reputable practitioner).....
6. Courses of medical lectures attended.....
7. Name of medical school attended—(time spent at schools not recognized by the BOARD will not be counted).....
8. Time spent in hospital, if any.....
9. Time of practice, if any.....
10. School of practice chosen.....
11. References as to character (must present certificate of good character from two licentiates of the BOARD or other reputable practitioners).....

Approved.....18.....

.....

President of the BOARD.

Subjects of Examination.

1) Anatomy; 2) materia medica; 3) theory and practice; 4) gynæcology; 5) physiology; 6) pathology; 7) obstetrics; 8) chemistry; 9) surgery; 10) hygiene; 11) medical jurisprudence.

Eighty per cent. of correct answers required.

We have examined this applicant and find him to stand as above.

Signed by the members of the BOARD.

NUMBER of candidates examined, 781. Number of candidates licensed, 249. Of these two-thirds have since graduated.

These examinations are independent of those of graduates of colleges that do not fully comply with the Schedule of Minimum Requirements of the Board, and which examinations are confined to the branches or subjects omitted by the given college.

At the April, 1886, meeting of the Board, the following preamble and resolution were adopted:

WHEREAS, The continuous graduation of forty-five (45) per cent. of the total number of matriculates of a medical college—due allowance being made for the average annual loss—must be accepted as *prima facie* evidence that, practically, every candidate is graduated without regard to competency or qualification; therefore, be it

Resolved, That no medical college be recognized as in good standing within the meaning and intent of the "Act to Regulate the Practice of Medicine in the State of Illinois," the aggregate graduates of which college amount to forty five (45) per cent. of its aggregate matriculates during any period of five years, ending with a session subsequent to the session of 1885-86.

At the July, 1887, meeting of the Board, the following resolution was adopted:

Resolved, That the phrase "medical colleges in good standing," in the 1st section of the "Act to Regulate the Practice of Medicine in the State of Illinois," approved June 16, 1887, is hereby defined to include only those colleges which shall, after the sessions of 1890-91, require four years of professional study, including any time spent with a preceptor, and three regular courses of lectures, as conditions of graduation, and shall otherwise conform to the Schedule of Minimum Requirements heretofore adopted by the Board.

QUICKINE, "The Ideal Antiseptic." "Of inestimable value in a physician's office." Sold by all druggists at about 10c. per oz. Mnf'd only by Standard Chemical Co., Jersey City, N. J.

No. 73 Randolph St., CHICAGO, ILLINOIS.

BENNETT MEDICAL COLLEGE.

The Regular Term Commences Tuesday, September 27th, 1892, and continues Six Months, closing Tuesday, March 28th, 1893.

At the close of each session there will be chosen, by competitive examination, from the graduates of the session, two internes to serve in the wards of Cook County Hospital for eighteen months as house physicians and surgeons.

Five members of the Faculty of This College have been assigned places on the staff of the Cook County Hospital, one of the best equipped and most extensive Hospitals in the United States.

BENNETT HOSPITAL.

This institution, adjacent to the College Building, and connected with it, contains at all times cases of interest and profit to the student. Students are also supplied, under the supervision of some member of the Faculty, with cases of confinement as opportunity affords.

FACULTY.

ANSON L. CLARK, M. D., Dean, Elgin, Ill., Professor of Diseases of Women and Clinical Gynæcology.

E. F. BUECKING, M. D., 425 S. Paulina St., Professor of Principles and Practice of Surgery, and Clinical Surgery.

H. K. WHITFORD, M. D., 126 State St., Professor of the Principles and Practice of Medicine.

E. M. READING, M. D., 103 State St., Professor of Diseases of the Respiratory and Circulatory Organs and Nervous System.

A. L. WILLARD, M. D., 218 State St., Professor of Osteology and Morbid Anatomy.

JOHN TASCHER, M. D., 513 West Chicago Avenue, Professor of Therapeutics.

J. B. McFATRICH, M. D., 1015 Masonic Temple, Professor of Didactic and Clinical Ophthalmology and Otology.

A. L. MANN, M. D., Elgin, Ill., Professor of Materia Medica and Therapeutics.

N. A. GRAVES, M. D., 3926 Indiana Avenue, Professor of Chemistry.

OSCAR O. BAINES, M. D., 98 Lincoln Ave., Professor of Obstetrics and Surgical Pathology.

H. S. TUCKER, M. D., 163 State Street, Professor of Anatomy.

W. L. BROWN, M. D., 241 Wabash Avenue, Professor of Physiology and Hygiene.

A. W. STRONG, LL. B., 329 Center Street, Professor of Medical Jurisprudence and Insanity.

USE AND RECOMMEND THE BEST.

The Result of 22 Years' Careful Investigation by a Practicing Dentist.

It Cleans, Brightens, Beautifies and Saves the Teeth, by Polishing the Enamel and Neutralizing and Removing all Unhealthy Secretions, Germs and Other Accumulations.

THIS ALSO CURES SOFT AND BLEEDING GUMS,

USUALLY IN A FEW DAYS.

It contains no Acid, Soap, Potash, Charcoal, Cuttle-bone, Pumice-stone or any other harsh and injurious ingredients, so universally used in other preparations, which scratch, wear, deface and discolor the teeth, and irritate and disease the gums.

The teeth are generally lost from neglect or misdirected effort. Pride, Self-Interest, and Self-Respect should prompt all to care for and save these invaluable organs, as it is doubtful if the same time and money judiciously expended would bring such satisfactory returns in Health, Comfort and Personal Appearance.

4 oz. bottles, 50 cts. 2 oz. 25 cts. 1 lb. can, $1.50. 1-2 lb., 80 cts.

Either size sent by mail, on receipt of price, if not supplied by your druggist.

Sample to physicians free, on application, and cards and circulars giving directions for care of the teeth, for distribution.

Manufactured by **DR. E. L. GRAVES, Dentist,**
7 Laflin St., CHICAGO.

Sold by Wholesale and Retail Druggists and First-Class Notion Dealers.

ABBREVIATIONS—*R., Regular; H., Homœopathic; Ecl., Eclectic; P. M.. Physio-Medical; *, No report received in answer to enquiry regarding graduation; ‡, Attended lectures but did not graduate; §, Holds certificate of Examining Board; ‖, Not a graduate; ¶, Claims to have graduated, but the records do not show that a diploma was granted to any one bearing the name; †, Legally authorized under the "years of practice" section of act.*

ALE AND BEEF PEPTONIZED
Dr. I. N Love, St. Louis, Mo., says: "I have additional evidence of the value of your Ale and Beef, Peptonized. I find in many cases of children s troubles it is well received. I have found it of special [illegible] mothers. It serves as a tonic, and increases the flow of milk in an admirable way."

The postoffice address is shown in **Display Type,** *the name of county in which it is located immediately follows, and then the population of the place. The names of Physicians appear under the postoffice name, the first number (the key to which will be found on pages 101 to 120) indicates the college of graduation, and the last number the year in which diploma was granted.*

OAKWOOD SPRINGS SANITARIUM, —— LAKE GENEVA, WISCONSIN. —— Exclusively for Treatment of DISEASES OF THE NERVOUS SYSTEM. (See Page Opposite Chicago Physicians.)

The postoffice address is shown in **Display Type,** *the name of county in which it is located immediately follows, and then the population of the place. The names of Physicians appear under the postoffice name, the first number (the key to which will be found on pages 101 to 120) indicates the college of graduation, and the last number the year in which diploma was granted.*

The postoffice address is shown in **Display Type,** *the name of county in which it is located immediately follows, and then the population of the place. The names of Physicians appear under the postoffice name, the first number (the key to which will be found on pages 101 to 120) indicates the college of graduation, and the last number the year in which diploma was granted.*

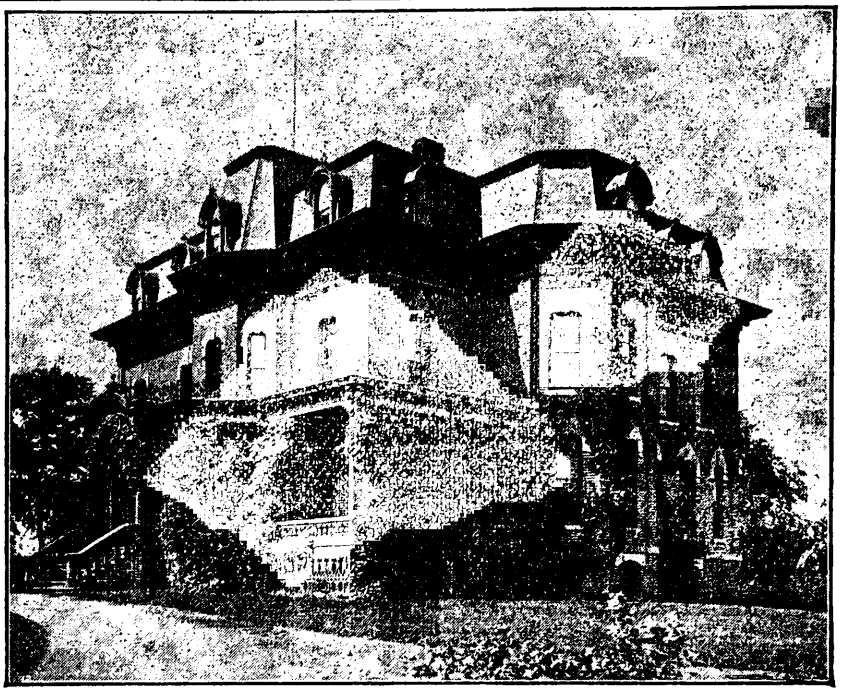
CAUTION.

Beware of so-called State Medical Directories, copied from our Medical and Surgical Register by irresponsible persons, and palmed off as original publications. This fraud has been perpetrated in various parts of the country, notwithstanding our efforts to prevent it by prosecution under the copyright law.



To avoid being imposed upon, you should ascertain the standing and responsibility of the publisher before signing an order.

Our friends will confer a favor upon us, as well as the medical profession, by promptly giving notice of any such attempted fraud.

LA PORTE, INDIANA.

INDIANA.

CAPITAL, INDIANAPOLIS.

POPULATION OF STATE, 2,192,404.

(Census of 1890.)

Males	1,118,347	Native	2,046,199
Females	1,074,057	Foreign	146,200
White	2,146,736	Chinese	113
Colored	45,215	Indians	345

Indiana extends from 37° 51′ to 41° 46′ N. lat., and from 85° 48′ to 88° 1′ W. long., and is bounded on the north by Michigan and Lake Michigan, on the south by the Ohio river, which separates it from Kentucky; on the east by Ohio, and on

Tritica For the BLADDER and KIDNEYS.
THE SEARLE & HERETH CO., CHICAGO.

the west by Illinois. It comprises an area of 33,809 square miles, or 21,737,760 acres. The surface is generally level, with the exception of the eastern portion, which has an average elevation of from 700 to 900 feet. The alluvial soil readily yields to the erosive power of running water, and most of the rivers have cut their beds deep into the ground, forming what are locally known as "river hills." The vast forests are rapidly disappearing. They consist chiefly of black walnut, oak, ash, maple, poplar, tulip, beech, sycamore and other deciduous trees.

The principal rivers are the Ohio, which washes the southern portion of the State; the Wabash, the Calumet, the White, the St. Joseph, and many smaller streams.

The climate is salubrious, and is somewhat milder than is experienced in the same latitudes on the Atlantic coast. The winters are cold, but not of long duration, and the summers are often very hot. The mean annual temperature, as observed at Indianapolis, is 51°, that of the summer 72.64°, and of the winter 28.71°. The average annual rainfall is about 43 inches.

Indiana is mainly an agricultural State; the river bottoms being extremely fertile and yielding rich returns. Indian corn is the staple. Coal and iron are the principal minerals.

The following table shows the increase in population for 70 years:

1820	147,178	1860	1,350,428
1830	343,031	1870	1,680,637
1840	685,866	1880	1,978,301
1850	988,416	1890	2,192,404

The religious and educational facilities leave nothing to be desired.

The following is a list of the Medical Colleges in Indiana: Physio-Medical College of Indiana, Indianapolis; Medical College of Indiana, Indianapolis; Central College of Physicians and Surgeons, Indianapolis; Fort Wayne College of Medicine, Fort Wayne; Eclectic College of Physicians and Surgeons, Indianapolis.

Great development has been given Indiana's mineral springs within the past few years, and the leading health resort, the wonderful Indiana Mineral Spring, located in Warren county, has lately been beautified and improved at an expense of over $150,000, for hotel, bath house, electric light, water works system, etc. The water of the Indiana Mineral Springs differs from that ordinarily found throughout the State, as the following analysis will show:

Analysis.

PURDUE UNIVERSITY, LA FAYETTE, IND., May 5, 1890.

President Indiana Springs Co., Indiana Mineral Springs, Ind.:

Dear Sir:—An examination of a sample of water from the "Puritan" Spring, originally reported on by Mr. Howard Dawson, and forwarded to me for control analysis, gave the following results:

SOLID MATTER IN 100,000 PARTS OF WATER.

Sodium Oxide	2.644
Potassium Oxide	Trace
Calcium Oxide	10.420
Magnesium Oxide	4.180
Iron Oxide	Trace
Aluminium Oxide	Trace
Silica	1.656
Chlorine	Trace
Sulphuric Anhydride	2.128
Phosphoric Anhydride	Trace

CATGUT FOR SURGICAL PURPOSES. L. H. KELLER & CO., 64 Nassau Street, New York, N. Y. (See Page 9.)

Since the water is alkaline, on evaporation it contains sodium carbonate, and the acids and bases are probably combined as follows:

COMPOUNDS IN 100,000 PARTS OF WATER.

Sodium Chloride	.568
Sodium Sulphate	3.022
Sodium Carbonate	1.894
Calcium Carbonate	21.073
Magnesium Carbonate	8.778
Silica	1.656

The gases dissolved in the water, results stated in cubic inches per gallon at 0° C. and 720 m. m. pressure:

Carbonic Acid	6.58 cu. in
Oxygen	1.05 cu. in
Nitrogen	4.46 cu. in
Total	12.09 cu. in

From a chemical standpoint, the notable points about the water are the presence of sodium carbonate, the large proportion of magnesium as compared with the lime, and the small amounts of chlorine and organic matter present. *There is a total absence of nitrates and poisonous metals, and the water should be classed as one very free from any organic contamination.* Very respectfully,

H. A. HUSTON,
State Chemist of Indiana.

Rate of Mortality in Indiana, as computed from the U. S. census of 1890.

Population.	Deaths in 1890.	Rate per 1,000.	White.	Colored.	Rate per 1,000, White.	Rate per 1,000, Colored.
2,192,404	24,180	11.03	23,318	862	10.86	18.87

The number of deaths from consumption during 1890 was 3,504, which was at the rate of 1.60 per 1,000 of population, or 144.91 per 1,000 of total deaths.

MEDICAL INSTITUTIONS.

A MAGNETIC MINERAL MUD BATH.

DOCTOR READ THIS.

INDIANA MINERAL SPRINGS, often **Cures**

In connection with drinking and bathing in the PURE, clear, sparkling, magnetic mineral water of the Rheumatism, Skin and Blood Diseases, Stomach and Kidney troubles, when all other remedies fail.

HOTEL AND PARK GROUNDS.

Read analysis of water published on page 387, and send at once for complete, detailed information contained in our elegantly illustrated Indiana Mineral Springs Book.

If you are in search of health and pleasure, we invite you to visit the Indiana Mineral Springs. It is truly nature's own remedy, and, as an evidence of our faith, we mention the fact that we have expended nearly a quarter of a million dollars in the improvement and development of this great property. To physicians looking for a quiet, elegant place for patients to go, to rest, and be benefitted by a thorough system of bathing, and no medicine, send them here. We invite correspondence. Address

Indiana Springs Co.,

H. L. KRAMER, GEN. MGR.,

Box 80, Indiana Mineral Springs,

Warren Co., Ind.

H. S. TANNER, M. D.,
MEDICAL DIRECTOR.

DR. DUNNING'S

PRIVATE SANITARIUM

FOR DISEASES OF WOMEN.

The Sanitarium is a commodious brick building, beautifully situated upon one of the pleasantest and quietest streets in the City of Indianapolis. During the summer it has been enlarged and rearranged so as to make it meet the requirements of a modern high grade Sanitarium for the treatment of the diseases of women whether medical or surgical. It is supplied with every necessary appliance, and is in every way admirably fitted and furnished.

The upper floor has been arranged especially for the treatment of surgical diseases, and is adapted to that purpose.

It has been our design to make this Sanitarium as homelike as possible, and yet conform to all the requirements of a private hospital in which every antiseptic precaution is constantly observed. The building is so arranged that each patient has a private room into which the direct rays of sunlight enter sometime during each day. It is well ventilated, and warmed by steam heat and open grates, natural gas being the fuel.

A competent house physician and an excellent corps of trained nurses are in constant attendance.

For particulars, address

DR. L. H. DUNNING,

249 North Alabama Street, INDIANAPOLIS.

MEDICAL LAWS OF INDIANA.

SECTION 1. *Be it Enacted by the General Assembly of the State of Indiana,* That it shall be unlawful for any person to practice medicine, surgery or obstetrics in this State without first obtaining a license so to do, as hereinafter provided.

2. Any person desiring to practice medicine, surgery or obstetrics in this State shall procure from the clerk of the Circuit Court of the county wherein he or she desires to practice, a

American Veterinary College. (UNIVERSITY OF THE STATE OF NEW YORK.) Address DEAN, 139 and 141 W. 54th Street, NEW YORK CITY. (See Page 12.)

license so to do, which license shall be issued to such person only when he or she shall have complied with the following conditions, to wit: When such applicant shall file with such clerk his or her affidavit, and the affidavits of two freeholders or householders of the county, stating that such applicant has regularly graduated in some reputable medical college, and shall exhibit to such clerk the diploma held by such applicant; or when such applicant shall file with such clerk his or her affidavit stating that he or she has resided and practiced medicine, surgery and obstetrics in this State, continuously, for ten years immediately preceding the date of the taking effect of this act; or when such applicant shall file with such clerk his or her affidavit stating that he or she has resided and practiced medicine, surgery and obstetrics in this State continuously, for three years immediately preceding the date of the taking effect of this act, and had, prior to said date, attended one full course of lectures in some reputable medical college. Such applicant shall pay to such clerk, for such license, the sum of one dollar and fifty cents, and such clerk shall record such license, together with the name of the college in which such applicant graduated and the date of his or her diploma, in a book to be kept for such purpose, and which shall be a public record.

3. Any clerk who shall issue a license to practice medicine, surgery and obstetrics to any person who has not complied with the requirements of Section 2 of this act, shall be deemed guilty of a misdemeanor, and upon conviction thereof, shall be fined in any sum not less than twenty-five dollars nor more than one hundred dollars, and such license, or one procured by any false affidavit, shall be deemed and held to be void.

4. Any person who shall practice medicine, surgery or obstetrics in this State, without having first procured from the clerk of the Circuit Court of the county wherein he or she shall so practice, a license, as provided in this act, shall be deemed guilty of a misdemeanor, and upon conviction thereof, shall be fined in any sum not less than ten dollars nor more than two hundred dollars: *Provided*, That this act shall not be deemed to prohibit women from practicing obstetrics, and such midwives are hereby expressly exempted from its provisions.

5. No cause of action shall lie in favor of any person for services as physician, surgeon or obstetrician, who had not, prior to the rendition of such services, procured a license to practice, as herein provided for, and any person who shall pay any sum of money or deliver any property for any such services to any person who is not so licensed, may recover the same, or the value thereof, in any court of competent jurisdiction in this State.

6. The following shall be the form of this act: The clerks of the Circuit Courts shall appropriately fill up the blanks, and issue the same under the seal of their respective courts, to wit: The State of Indiana,.....County, ss: I, ..., Clerk of the Circuit Court of.. ....., in said State, do hereby certify that..... has complied with the laws of the State of Indiana relating to the practice of medicine, surgery and obstetrics, and is hereby authorized to practice medicine, surgery and obstetrics in said county. Witness my hand and the seal of said court, this.....day of ... ..., 18.., ..., Clerk.

7. This act shall take effect and be in force from and after the first day of September, 1885.

An Act to amend sections two and six of an act approved April 11, 1885; approved March 9, 1891.

SECTION 1. Be it Enacted by the General Assembly of the State of Indiana, That section two (2) of an act approved April 11, 1885, be so amended as to read as follows:

SEC. 2. Any person desiring to practice medicine, surgery and obstetrics in this State shall procure from the clerk of the Circuit Court of the county wherein he or she resides, or wherein they desire to locate to practice, a license which authorizes him or her to practice anywhere within the State, which license shall be issued to such person only when he or she shall have complied with the following conditions, to wit: When such applicant shall file with such clerk his or her affidavit stating that such applicant has regularly graduated in some reputable medical college, and shall exhibit to such clerk the diploma held by such applicant, or when such applicant shall file with such clerk his or her affidavit and the affidavit of two reputable freeholders or householders of the county, stating that he or she has resided and practiced medicine, surgery and obstetrics in this State continuously for ten years immediately preceding the date of the taking effect of this act, stating particularly the locality or localities in which he or she practiced during said period, and the date and length of time in each locality, or when such applicant shall file with such clerk his or her affidavit, and the affidavit of two reputable freeholders or householders of the county, stating that he or she has resided and practiced medicine, surgery and obstetrics in this State continuously for three years immediately preceding the taking effect of this act, stating particularly the localities in which he or she practiced during said period, and the date and length of time in each locality, and that he or she, prior to said date, attended one full course of lectures in some reputable medical college. Such applicant shall pay to such clerk for such license the sum of one dollar and fifty cents, and such clerk shall record such license, together with the name of the college in which such applicant graduated and the date of his or her diploma, in a book to be kept for such purpose, and which shall be a public record.

SEC. 2. That section six of said act, approved April 11, 1885, shall be amended to read as follows:

SEC. 6. The following shall be the form of license under this act. The Clerk of the Circuit Court shall appropriately fill up the blanks, and issue the same under the seal of their respective courts, to wit: I....., Clerk of the Circuit Court of..... ..... County, in said State, do hereby certify that..... ..... has complied with the laws of the State of Indiana relating to the practice of medicine, surgery and obstetrics, and is hereby authorized to practice medicine, surgery and obstetrics in said county and State. Witness my hand and seal of said Court, this.....day of .....18.. .....Clerk.

GRANULA.

An Incomparable Food.
Originated over 30 years ago by
JAMES C. JACKSON, M. D.

Prepared from the famous Genesee-Valley Winter Wheat, containing all the phosphates and nutritious elements of that grain, and is the best food for invalids and children. It is a TWICE-COOKED FOOD, ready for IMMEDIATE TABLE USE, and yet will keep in a dry place for years unaltered in quality.

Especially adapted to cases of failing nutrition, with involvement of nervous structures.

Many people are sick and die nowadays because of STARVED NERVES, for the reason that they do not get sufficient nourishment out of the ORDINARY preparations of grains and vegetables, or because, in trying to make up this loss, they resort to forms of food and drink which are more STIMULATING than nourishing, and so, by over-excitation, still further impair nervous force.

A necessity exists, therefore, for a food, which, while it is a CONCENTRATED preparation of all the best elements needful for nutrition, and especially adapted to building up nervous structures, shall, at the same time possess body enough to act as a natural aperient. Granula is this food, thoroughly tested by its inventor, a physician of large experience, for years before it was offered to the public. Bear in mind, Granula is not a chemically made preparation, but a CONCENTRATION, by natural means, OF ALL THE ELEMENTS of the best WHITE WINTER WHEAT.

AS A FOOD FOR CHILDREN IT IS UNSURPASSED.

Trial Box by mail 36c. For further information, address

OUR HOME GRANULA COMPANY, Sole Manufacturers, Dansville, N. Y.

CHR. HANSEN'S JUNKET TABLETS

—FOR—

"Curds and Whey," or "Junket," or "Rennet Pudding."

FAR SUPERIOR TO ANY "LIQUID RENNET" IN THE MARKET.

One of these tablets dissolved in a tablespoonful of cold water and added to a quart of lukewarm milk, produces a delicious dish of "Junket" for dessert or the tea-table.

Relished by the healthy and the **sick**, by grown persons and **children** alike.

The Junket Tablets may also be taken medicinally for indigestion. Take one Tablet after each meal.

For sale in glass tubes holding 12 tablets each, and retails at 15 cents.

CHR. HANSEN'S LABORATORY, Little Falls, N. Y.

THE H. R. ALLEN

National SURGICAL Institute,

Corner Ohio and Tennessee Streets,
INDIANAPOLIS, IND.

Established in 1858. **Incorporated in 1869.**

CAPITAL, $500,000.

The Largest Private Institution in the United States.

The postoffice address is shown in **Display Type,** *the name of county in which it is located immediately follows, and then the population of the place. The names of Physicians appear under the postoffice name, the first number (the key to which will be found on pages 101 to 120) indicates the college of graduation, and the last number the year in which diploma was granted.*

(SANITARIUM GROUNDS AND BUILDINGS.)

The GRAY SANITARIUM,

LA PORTE, INDIANA.

J. LUCIUS GRAY, M. D.,
Superintendent.

T. A. ANDREWS,
Business Manager.

Chicago Office, 1100 Auditorium Tower.

CONSULTING PHYSICIANS AND SURGEONS:

E. ANDREWS, M. D.,	Prof. Chicago Medical College, Chicago, Ill.
I. N. DANFORTH, M. D.,	Prof. Woman's Medical College, Chicago, Ill.
D. R. BROWER, M. D.,	Prof. Rush Medical College, Chicago, Ill.
SARAH HACKETT STEVENSON, M. D.,	Prof. Woman's Medical College, Chicago, Ill.
E. C. DUDLEY, M. D.,	Prof. Chicago Medical College, Chicago, Ill.
H. WARDNER, M. D.,	LaPorte, Ind.
S. V. CLEVENGER, M. D.,	Chicago, Ill.

THE GRAY SANITARIUM is located in a beautiful tract of land, on the banks of Clear Lake, at LaPorte, Indiana.

LaPorte is fifty-nine miles east of Chicago on the Lake Shore & Michigan Southern Railroad. It has also the Lake Erie & Western Railroad and the Chicago & West Michigan. Connections are made with the Lake Erie & Western for LaPorte on the lines of the Michigan Central at Michigan City, only a few miles away, and on the Baltimore & Ohio at Walkerton. From the south the Louisville, New Albany & Chicago (Monon) Railroad connects with the Lake Shore & Michigan Southern at Otis.

The Sanitarium grounds and buildings represent an outlay of upwards of $150,000.00. The grounds, comprising fifty acres, are divided into lawn, grove and farm. The buildings are brick, of the most modern construction, and practically fire-proof, heated by steam, lighted by gas and supplied with water from its own plant. The rooms are large, the views delightful, and the high elevation combined with the careful selection of cases, makes the Sanitarium an ideal resort, not only for the invalid but the tired brain worker and the seeker after rest and recuperation.

The Sanitarium is fully equipped and able to successfully treat **inebriety, morphia, chloral, cocaine** and other drug "habits," neuræsthenia, epilepsy, paralysis, chorea, insomnia, mild mental disorders, nervous dyspepsia, locomotor ataxia and all other forms of chronic nervous disease.

No legal proceedings are necessary in order to secure the admission of a patient. The consent of the Superintendent is alone sufficient. The terms for board, room and medical attendance vary according to the needs of individual cases, but in all cases they are very reasonable, and no extras are charged.

Full particulars and prices will be furnished upon application to the Superintendent, at LaPorte, Ind., or at the Chicago office, 1100, 1102 Auditorium Tower.

The postoffice address is shown in **Display Type,** *the name of county in which it is located immediately follows, and then the population of the place. The names of Physicians appear under the postoffice name, the first number (the key to which will be found on pages 101 to 120) indicates the college of graduation, and the last number the year in which diploma was granted.*

INDIAN TERRITORY.

POPULATION, 172,321.

(Census of 1890.)

The Territory is bounded on the north by Oklahoma Territory, on the south by Texas, on the east by Arkansas and on the west by Texas, and comprises an area of 29,961 square miles, or 19,175,000 acres. It forms part of that vast inclined plane which slopes gradually down from the base of the Rockies to the Mississippi river. The valleys of the rivers in the eastern portion are fertile. The Arkansas, Red and Canadian rivers, with their tributaries, drain the Territory. The climate is warm and dry, the southeastern being the hottest and the northwestern the coldest portions; the mean annual temperature in the former is 60° and the latter 55°. The mean average rainfall is 31.2 inches. The river borders are fringed with cottonwoods and the land is mostly prairie.

The Indians have made considerable advances in civilization during the past few years, have newspapers printed in their own language, good schools, and are engaged in agriculture and a few branches of manufacturing. No reliable statistics regarding the Territory are obtainable.

NOTE.—The populations given in the sketches of the Territory refer to the whites and civilized Indians only. The other Indians not being considered citizens, are not included in the census reports, and reliable statistics as to their numbers are not obtainable.

MEDICAL LAWS OF INDIAN TERRITORY.

MEDICAL LAWS OF THE CHEROKEE NATION RELATING TO PHYSICIANS.

SECTION 144. The principal chief is authorized and required to appoint a board of physicians, to consist of three persons who are regular graduates of some well-authenticated medical school, and residents of the Nation, whose duty it shall be to examine all persons not citizens of the Nation who have located or may locate hereafter within the limits of said Nation for the purpose of practicing medicine.

SECTION 145. Any person desiring to come before the board for examination shall make his or her application to the president of the board in writing, and shall accompany such application with sufficient references of his or her moral character in the community in which he or she resided the year previous, and shall also accompany such application with the endorsement of four or more citizens of the Nation, resident in the vicinity where the applicant may desire to practice medicine. Such application shall likewise be accompanied with the sum of twenty-five dollars, which shall be the fee for examination.

SECTION 146. Any person coming before the board and standing a satisfactory examination shall be furnished a certificate of the same, and, upon presentation of such certificate to the United States Indian Agent, he is requested to grant the holder thereof a permit to reside in the Cherokee Nation for one year for the purpose only of practicing medicine, and to renew annually such permit upon satisfactory evidence of good behavior.

SECTION 147. Any person not a citizen, and claiming to be a physician, and failing to comply with the provisions of this act, shall be deemed an intruder and dealt with accordingly; and it shall be the duty of said board to report to the principal chief any person making application and failing to pass a satisfactory examination (November 24th, 1873).

SECTION 148. The principal chief is authorized to grant the holder of a certificate of a satisfactory examination from the "board of physicians" a permit to remain within the Cherokee Nation under the same terms and conditions as the act of November 24th, 1873, grants to the United States Indian Agent.

SECTION 149. Any physician lawfully practicing his profession within the Nation may collect in the same manner and upon the same conditions as other debts are collected before any of the courts of the Nation, not exceeding 75 cents per mile in going to visit a patient, during the hours from sunrise to sunset, and not exceeding one dollar per mile from sunset to sunrise. (December 7th, 1878).

Campho-Phenique Prevents Suppuration in Fresh Wounds, whether Incised or Lacerated, and Controls it in Wounds in all Stages.

MEDICAL LAWS OF THE CHOCTAW NATION.

CHAPTER IX. SECTION IV. THE PRACTICE OF MEDICINE.

1. The principal chief is authorized and required to appoint a board of physicians to consist of three persons, citizens of the Choctaw Nation, who are regular graduates of some well-known medical college, and residents of said Nation, whose duty it shall be to examine all persons not citizens of this Nation, who have located, or may locate hereafter, within the limits of said Nation for the purpose of practicing medicine.

2. Any person desiring to come before the board for examination, shall make application in writing to said board, and shall accompany such application with sufficient references of his or her moral character, by four or more citizens of the Nation of good standing, to whom the applicant is known. The fee for the examination of each applicant shall be twenty-five dollars, and in default of the payment of which in advance, the board are not required to make the examination.

3. If an applicant shall stand a satisfactory examination, or shall hold a diploma such as may be satisfactory to said board, they shall grant said applicant a certificate upon which the principal chief shall authorize the judges of the county courts to grant a permit to such applicant to practice medicine; and without the authority of the principal chief, as above mentioned, the county judge is hereby prohibited from granting the same.

4. Any person, not a citizen, who shall practice medicine in this Nation in violation of the provisions of this act, shall be held to be an intruder and dealt with accordingly.

Permit costs $10, and has to be renewed annually.

CREEK NATION.

J. R. BREWER, M. D., of Muskogee, writes:

"There is no Creek law regulating the practice of medicine further than you pay $25 per annum for the privilege of practicing medicine in the Creek Nation. Anyone is permitted to practice who pays said permit, whether he knows anything about medicine or the human system or not."

IOWA.

CAPITAL, DES MOINES.

POPULATION OF STATE, 1,911,896.

(Census of 1890.)

Males	994,453	Native	1,587,827
Females	917,443	Foreign	324,069
White	1,901,086	Chinese	65
Colored	10,685	Indians	60

Iowa extends from 40° 25′ to 43° 30′ north latitude, and from 90° 18′ to 96° 53′ west longitude, and is bounded on the north by Minnesota, on the south by Missouri, on the east by Wisconsin and Illinois, and on the west by Dakota and Nebraska. It comprises an area of 55,045 square miles, or 35,228,800 acres, and forms part of an immense plain, unbroken by any mountain ranges. The Mississippi, which flows along the eastern border, and the Missouri, which washes the western shore, are the two great rivers of the State, and all other rivers of Iowa are tributary to one or the other of these mighty streams. The Des Moines, Red Cedar, Iowa, Skunk, Maquoketa and Turkey, are all tributaries of the Mississippi; and the Chariton, Grand Platte, Nodaway, etc., belong to the Missouri drainage system. The climate is salubrious and is not marked by unhealthy extremes, the mean annual temperature, as observed at Des Moines, being 48.94°, that of the summer 71.80°, and of the winter 25.39° The average amount of rainfall is about 43 inches. Iowa is pre-eminently an agricultural State, and offers to the farmer and stock raiser advantages unsurpassed by any State in the Union, the soil being extremely fertile and productive. The principal minerals are coal, lead, iron, zinc and copper. Marble, limestone and freestone are found in large quantities.

The following table shows increase in population since 1840:

1840	43,112	1870	1,194 024
1850	192,214	1880	1,624 615
1860	674,963	1890	1,911,896

The postoffice address is shown in **Display Type,** *the name of county in which it is located immediately follows, and then the population of the place. The names of Physicians appear under the postoffice name, the first number (the key to which will be found on pages 101 to 120) indicates the college of graduation, and the last number the year in which diploma was granted.*

National Union Vaccine Co. PRICES:—10 Points, $1; Selected Points, each 25c, or 5 for $1. **Vaccine Farm, ENGLEWOOD, ILL.**

The supply of timber, though not abundant, is sufficient to meet the home demand. Iowa possesses excellent religious and educational advantages.

The following is a list of the medical colleges in the State: College of Physicians and Surgeons, Keokuk; Medical Department of the State University of Iowa, Iowa City; Homœopathic Medical Department of the State University of Iowa, Iowa City; Iowa Eclectic Medical College, Des Moines; Iowa College of Physicians and Surgeons, Des Moines; Keokuk Medical College, Keokuk; and Sioux City College of Medicine (Medical Department of the University of the Northwest), Sioux City.

Rate of Mortality in Iowa, as computed from the U. S. Census of 1890.

Population.	Deaths in 1890.	Rate per 1,000.	White.	Colored.	Rate per 1,000, White.	Rate per 1,000, Colored.
1,911,896	17,521	9.16	17,359	162	9.13	15.00

The total number of deaths from consumption during 1890 was 1,832, which was at the rate of .96 per 1,000 of population, or 104.56 per 1,000 of total deaths.

MEDICAL INSTITUTIONS.

A., T. & S F. Hospital—Established, 1888. Capacity, 44. West end Santa Fe av., Ft. Madison. Physician-in-charge, H. W. Morgridge. Matron, Mrs. Ella Joraschky.

Cottage Hospital—Established, 1876. Capacity, 18. 4th, Des Moines. Supt., Miss A. Mali.

Dr Wood's Lying-in Institute—Established, 1883. Capacity, 12. 1707 Wes. Boulevard, Sioux City. Physician-in-charge. N. E. Wood, M. D. Matron, Mrst Dr N. E Wood.

German Klinik—Established, 1882. South side 16th, bet. Main and Harrison, Davenport *

Homœopathic Hospital, State University of Iowa—Established, 1887. Capacity, 40 14 Clinton, Iowa City. Physician-in-charge, F. C. Sage. Matron, Adele Kimball.

Hotel Reed and Mississippi Valley Retreat—Established, 1891. Lyons. Physician-in-charge, R. C. S. Reed.

Iowa Hospital for the Insane—Established, 1888. Capacity, 500. One mile north of Clarinda. Physician-in charge, Philip W. Llewellen. Matron, Mrs. A. Martin.

Iowa Hospital for the Insane—Established, 1868. Capacity, 850. Two miles from Independence. Physician-in-charge, Gershom H. Hill. Matron, Miss Kate Hale.

Iowa Hospital for the Insane—Established, 1861. Capacity, 800. Mt. Pleasant. Physician-in-charge, Dr. H. A. Gilman. Matron, Mrs. Frances V. Cole.

Iowa Institution for Feeble-Minded Children—Established, 1876. Capacity, 456. Glenwood. Physician-in-charge, F. M. Powell, M. D. Matron, Mrs. Louisa M. Powell.

Keokuk Free Dispensary—Established, 1890. 627 Blondeau, Keokuk. Physician-in-charge, David B. Hillis.

Marshalltown Eye and Ear Infirmary—Established, 1875. 5 W. Main, Marshalltown. Physician-in-charge, Dr. N. M. Wilson.

QUICKINE, "The Ideal Antipyretic." "Every physician in the civilized world will be glad to use it." ☞ Sold by all druggists. STANDARD CHEMICAL Co., Jersey City, N. J., Sole Mnfrs.

MEDICAL LAWS OF IOWA.

REGULATING THE PRACTICE OF MEDICINE.

[Chapter 104, Laws of 1886.]

AN ACT TO REGULATE THE PRACTICE OF MEDICINE AND SURGERY IN THE STATE OF IOWA.

Be it Enacted by the General Assembly of the State of Iowa:

SECTION 1. That every person practicing medicine, surgery or obstetrics, in any of their departments, within this State, shall possess the qualifications required by this act. If a graduate in medicine, such person shall present his or her diploma to the State Board of Examiners, for verification as to its genuineness. If the diploma is found genuine, and is issued by a medical school legally organized and of good standing, of which the State Board of Examiners shall determine, and if the person presenting and claiming such diploma be the person to whom the same was originally granted, then the State Board of Examiners shall issue its certificate to that effect, signed by not less than five physicians thereof, representing one or more physicians of the schools on the board, and such certificate shall be conclusive as to the right of the lawful holder to practice medicine, surgery and obstetrics within this State. If not a graduate, the person practicing medicine or surgery within this State, unless he or she shall have been in continuous practice in this State for a period of not less than five years, of which he or she shall present to the State Board of Examiners satisfactory evidence in the form of affidavits, shall appear before said State Board of Examiners and submit to such examination as said board may require. All examinations shall be conducted in writing, and all examination papers, together with the reports and action of the examiners thereon, shall be preserved as the records of said board for the period of five years, during which time they shall remain open for inspection at the office of the said State Board of Examiners Such examinations shall be in anatomy, physiology, general chemistry, pathology, therapeutics and the principles and practice of medicine, surgery and obstetrics. *Provided*, that each applicant upon receiving from the secretary of the board an order for an examination shall receive also a confidential number, which he or she shall place upon his or her examination papers so that when said papers are passed upon by the examiners, the latter shall not know by what applicant said papers have been prepared. That upon each day of examination all candidates be given the same set or sets of questions. It is further provided that the examination papers shall be marked upon the scale of one hundred (100), and that in order to secure a license it shall be necessary for the applicant to attain such average as shall hereafter be determined by the State Board of Examiners, and if such examination be satisfactory to at least five physicians of said board, representing the different schools of medicine on the board, the board shall issue a certificate which shall entitle the lawful holder thereof to all the rights and privileges herein provided, and the physicians and the secretary of the State Board of Health shall constitute and be deemed a board of examiners for the purpose of this act.

2. The State Board of Examiners shall procure a seal within sixty days after the passage of this act, and through the secretary of said board shall receive applications for certificates and examinations. The president or any member of the board shall have the authority to administer oaths and take testimony in all matters relating to their duties as examiners aforesaid. The board shall provide three forms of certificates: one for persons in possession of genuine diplomas, one for candidates examined by the board, and one for persons who have practiced medicine or surgery in any of its departments for five years as provided in this act. Said certificates shall be signed by not less than five physicians of the board, and this number may act as an examining board in the absence of the full board. *Provided*, that one or more members of the different schools of medicine represented in the State Board of Health shall also be represented in the board of examiners. The board of examiners shall hold meetings at such places as will best accommodate applicants residing in different portions of the State, and at any such time as they shall deem best, and due notice of the time and place of such meetings shall be published.

3. The board shall examine all diplomas submitted to them for such purpose to determine their genuineness and the rightful ownership of the person presenting the same. The affidavit of the applicant and holder of any diploma that he or she is the person therein named, and is the lawful possessor thereof, shall be necessary to verify the same, with such other testimony of [as] the board may require Diplomas and accompanying affidavits may be presented in person or by proxy. If the diploma shall be found genuine, and in possession of the person to whom it was issued, the State Board of Examiners shall, upon the payment of a fee of two dollars to the secretary of the board, issue a certificate to the holder of such diploma, and no further fee or sum shall be demanded or collected from said applicant by said board for such certificate. If the diploma shall be found to be fraudulent, or not lawfully in possession of the holder or owner thereof, the person presenting such diploma or holding or claiming possession thereof, shall be deemed guilty of a misdemeanor, and on conviction thereof, before any court of competent jurisdiction, be fined not less than twenty dollars nor more than one hundred dollars.

4. Every person holding a certificate issued by the State Board of Examiners, shall, within sixty days after the date of such certificate, have the same recorded in the office of the county

recorder in the county wherein he resides, and should he remove from one county to another to practice medicine, surgery or obstetrics, his certificate must be recorded in the county to which he removes. The county recorder shall endorse upon the certificate the date of record, and he shall be entitled to charge and receive a fee of fifty cents for his services, the fee to be paid by the applicant.

5. The county recorder shall record in a book, provided for that purpose, a complete list of the certificates presented for record, and the date of their issue by the State Board of Examiners. If the certificate is issued by reason of a diploma, the name of the medical college conferring the same, and the date when conferred, shall be recorded; and when such certificate shall have been granted upon the examination of the board, or because of five years' practice in the State, such fact shall be recorded. Said records shall be open for inspection during business hours.

6. Candidates for examination shall pay in advance to the secretary of the State Board of Examiners a fee of ten dollars, which fee, together with the fees received for certificates, shall defray the entire expense of the aforesaid Board of Examiners, and the balance shall be turned over to the State Treasurer for the benefit of the school fund, except such an amount as will pay each member of the Board ten dollars ($10) per day during the time he is in actual attendance upon the session of the said Board for the purpose of performing the duties required of him under this act, and as will pay the secretary of the Board such a salary as they may allow, not to exceed five dollars per day during the time he is actually engaged in performing the work of the Board under this act, and each member of the Board of Examiners shall also receive a sufficient amount to defray his actual and necessary expenses while in the discharge of the duties herein provided. Any one failing to pass the required examination shall be entitled to a second examination within twelve months without fee; *provided*, that any applicant for examination by notice in writing to the secretary shall be entitled to an examination within three months from the time of said notice, and a failure to give such opportunity, shall entitle such applicant to practice without the certificate required by this act until the next regular meeting of said Board. *Provided, further*, the Board may also issue certificates to persons who, upon application, present a certificate of having passed a satisfactory examination before any other State Board of Medical Examiners, upon the payment of the fee as provided in Section three, Chapter 66, Laws of 1888.

7. The State Board of Examiners may refuse to grant a certificate to any person who has been convicted of a felony committed in the practice of his profession or in connection therewith, or may revoke certificates for like cause, or for palpable evidence of incompetency, and such refusal or revocation shall prohibit such person from practicing medicine, surgery or obstetrics; *provided*, such refusal or revocation of a certificate can only be made with the affirmative vote of at least five physicians of the State Board of Examiners, in which number shall be included one or more members of the different schools of medicine represented in said board; and *provided further*, that the standing of a legally chartered medical college, from which a diploma may be presented, shall not be questioned except by a like vote.

8. Any person shall be deemed as practicing medicine, surgery or obstetrics, or to be a physician within the meaning of this act, who shall publicly profess to be a physician, surgeon or obstetrician, and assume the duties, who shall make a practice of prescribing or of prescribing and furnishing medicines for the sick, or who shall publicly profess to cure or heal, by any means whatsoever, but nothing in this act shall be construed to prohibit students of medicine, surgery or obstetrics from prescribing under the supervision of preceptors, or gratuitous service in case of emergency, nor shall this act extend to prohibit women who are at this time engaged in the practice of midwifery, nor to prevent the advertsing, selling or prescribing natural mineral waters flowing from wells or springs; nor shall this act apply to surgeons of the United States army or navy, marine hospital service, nor to physicians as defined herein who have been in practice in this State for five consecutive years, three years of which time shall have been in one locality; *provided*, such physician shall furnish the State Board of Examiners satisfactory evidence of such practice, and shall procure the proper certificate, as provided in this act, and for which certificate such physician shall pay the secretary of the State Board of Examiners a fee of two dollars, and said board shall issue to the applicant such certificate; nor shall this apply to registered pharmacists when filling prescriptions, nor shall it be construed to interfere with the sale of patent or proprietary medicines in the regular course of trade.

9. Any person who shall practice medicine or surgery within this State, without having complied with the provisions of this act, and who is not embraced in any of the exceptions or after being prohibited from so doing as provided in section 7 of this act, shall be deemed guilty of a misdemeanor, and shall, on conviction thereof, be punished by a fine of not less than fifty nor more than one hundred dollars, or by imprisonment in the county jail not less than ten days nor more than thirty days.

10. Any person who shall file, or attempt to file, with the State Board of Examiners, as his or her own, the diploma of another person, or who shall file, or attempt to file, with the county recorder the certificate of another person, as his or her own, or who shall file, or attempt to file, a diploma or certificate with the true name erased therefrom and the claimant's name inserted, or who shall file, or attempt to file, any forged affidavit or identification, shall be deemed guilty of the crime of forgery.

[SECTION 10. Any itinerant vendor of any drug, nostrum, ointment or appliance of any kind intended for the treatment of diseases or injury, who shall by writing or printing, or any other method, publicly profess to cure or treat diseases, or injury or deformity by any drug, nostrum, or manipulation or other expedient, shall pay a license of one hundred dollars per annum, to be paid to the treasurer of the commission of pharmacy, whereupon the secretary of said commission shall issue such license for one year. Any person violating this section shall be deemed guilty of a misdemeanor, and shall, upon conviction, pay a fine of not less than one hundred nor more than two hundred dollars.]—*Chapter* 75, *Laws of* 1878, *as amended by Chapter* 137, *Laws of* 1882.

The postoffice address is shown in **Display Type,** *the name of county in which it is located immediately follows, and then the population of the place. The names of Physicians appear under the postoffice name, the first number (the key to which will be found on pages 101 to 120) indicates the college of graduation, and the last number the year in which diploma was granted.*

Bernd's Physicians' Registers for Office and Pocket Use. Ask your Bookseller to show you these Account Books before buying any other. (See adv., page 15.)

The postoffice address is shown in **Display Type,** *the name of county in which it is located immediately follows, and then the population of the place. The names of Physicians appear under the postoffice name, the first number (the key to which will be found on pages 101 to 120) indicates the college of graduation, and the last number the year in which diploma was granted.*

The postoffice address is shown in **Display Type,** *the name of county in which it is located immediately follows, and then the population of the place. The names of Physicians appear under the postoffice name, the first number (the key to which will be found on pages* 101 *to* 120) *indicates the college of graduation, and the last number the year in which diploma was granted.*
